BOOK JACKET *Twentieth-Century Russian Poetry* Katharine Hodgson,Joanne Shelton,Alexandra Smith,2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia s shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation s culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin s second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandel shtam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given

exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature Twentieth Century Russian Poetry brings our understanding of post Soviet Russia up to date **The Routledge Encyclopedia of Jewish Writers of the Twentieth Century** Sorrel Kerbel, 2004-11-23 Now available in paperback for the first time Jewish Writers of the Twentieth Century is both a comprehensive reference resource and a springboard for further study This volume examines canonical Jewish writers less well known authors of Yiddish and Hebrew and emerging Israeli writers includes entries on figures as diverse as Marcel Proust Franz Kafka Tristan Tzara Eugene Ionesco Harold Pinter Tom Stoppard Arthur Miller Saul Bellow Nadine Gordimer and Woody Allen contains introductory essays on Jewish American writing Holocaust literature and memoirs Yiddish writing and Anglo Jewish literature provides a chronology of twentieth century Jewish writers Compiled by expert contributors this book contains over 330 entries on individual authors each consisting of a biography a list of selected publications a scholarly essay on their work and suggestions for further reading

Caribou Charles Wright, 2014-07-08 A powerfully moving meditation on life and the beyond from one of our finest American poets Charles Wright's truth the truth of nature of man's yearning for the divine of aging is at the heart of the renowned poet's latest collection Caribou This is an elegy to transient beauty a song for the stepchild hour belonging to neither the light nor dark The hour of disappearing things and an expression of Wright's restless questing for a reality beyond the one before our eyes We are all going into a world of dark It's okay That's where the secrets are The big ones the ones too tall to tell Caribou's strength is in its quiet wry profundity It's good to be here Wright tells us It's good to be where the world's quiescent and reminiscent And to be here in the pages of this stirring collection is more than good Caribou is another remarkable gift from the poet around whose influence the whole world seems to orbit in a kind of meditative slow circle Poetry **The Red Thread: Twenty Years of NYRB Classics** Edwin Frank, 2019-09-24 To celebrate the 20th anniversary of NYRB Classics a handpicked anthology of selections from the series In Greek mythology Ariadne gave Theseus a ball of red thread to guide him through the labyrinth and the Red Thread offers a path through and a way to explore the ins and outs and twists and turns of the celebrated NYRB Classics series now twenty years old The collection brings together twenty five pieces drawn from the more than five hundred books that have come out as NYRB Classics over the last twenty years Stories essays interviews poems along with chapters from novels and memoirs and other longer narratives have been selected by

Edwin Frank the series editor to chart a distinctive entertaining and thought provoking course across the expansive and varied terrain of the Classics series **Acquainted with the Night** Lisa Russ Spaar, 1999 A sumptuously packaged and eye catching compendium of reflections by great poets of the world from ancient to contemporary on a subject almost everyone knows all too well insomnia Color illustrations throughout *Reference Guide to Russian Literature* Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *The Facts on File Companion to World Poetry* R. Victoria Arana, 2008 The Facts On File Companion to World Poetry 1900 to the Present is a comprehensive introduction to 20th and 21st century world poets and their most famous most distinctive and most influential poems **Otherwise Unseeable** Betsy Sholl, 2014-03-26 Winner of the 2014 Four Lakes Poetry Prize What if ruin is a good thing What if each day is built on the ruin of the one before What if all our attempts to avoid ruin only make us bitter or closed off from what s around us What if only by exploring our ruins do we become human The poems in Otherwise Unseeable examine such questions It is a poetry full of music and surprise in voices that are personal invented and historical sometimes belonging to the poet and sometimes to others Betsy Sholl probes what there is still to learn from the devastations of the twentieth century and she explores the roots of human envy greed and generosity in lively unexpected ways enacting the kinds of arguments we have with ourselves between control and relinquishment grief and ecstasy regret and acceptance faith and skepticism The end result is a book of verbal wrestling a girl Jacob mixing it up with one kind of angel or another limping for sure but still blessed Winner Maine Literary Award Maine Writers and Publishers Alliance *A Theory of the Aphorism* Andrew Hui, 2020-11-17 Aphorisms or philosophical short sayings appear everywhere from Confucius to Twitter the Buddha to the Bible Heraclitus to Nietzsche Yet despite this ubiquity the aphorism is the least studied literary form What are its origins How did it develop How do religious or philosophical movements arise from the enigmatic sayings of charismatic leaders And why do some of our most celebrated modern philosophers use aphoristic fragments to convey their deepest ideas In *A Theory of the Aphorism* Andrew Hui crisscrosses histories and cultures to answer these questions and more With clarity and precision Hui demonstrates how aphorisms ranging from China Greece and biblical antiquity to the European Renaissance and nineteenth century encompass sweeping and urgent programs of thought Constructed as literary fragments aphorisms open new lines of inquiry and horizons of interpretation In this way aphorisms have functioned as ancestors allies or antagonists to grand systems of philosophy Encompassing literature philology and philosophy the history of the book and the history of reading *A Theory of the Aphorism* invites us to reflect anew on what it means to think deeply about this pithiest of literary forms After the Postsecular and the Postmodern Anthony Paul Smith, Daniel Whistler, 2010-02-19 Continental philosophy of religion has been dominated for two decades by postsecular and postmodern thought This volume brings together a vanguard of scholars to

ask what comes after the postsecular and the postmodern that is what is Continental philosophy of religion now Against the subjugation of philosophy to theology After the Postsecular and the Postmodern New Essays in Continental Philosophy of Religion argues that philosophy of religion must either liberate itself from theological norms or mutate into a new practice of thinking in order to confront the challenges religion presents for our time The essays do not propose a new orthodoxy but set the stage for new debates by reclaiming a practice of philosophy of religion that recovers and draws on the insights of a distinctly modern tradition of Continental philosophy confronts the challenge of rethinking the secular in the light of the postsecular event and calls for a move from strictly critical to speculative thought in order to experiment with what philosophy can do This collection of essays is indispensable for anyone interested in the relationship between philosophy and theology political questions regarding religion and in what contemporary speculative Continental philosophy has to add to philosophy of religion
