Narratives of Nostalgia, Gender, and Nationalism Jean Pickering,Suzanne Kehde,1996 Most Americans think of Betsy Ross as she was depicted in Charles Weisberger s popular painting The Birth of Our Nation s Flag a motherly figure sewing at the hearth In fact as Jo Ann Menezes s analysis in Nostalgia Gender and Nationalism points out Ross was a widowed businesswoman who ran an upholstery shop out of her house In Weisberger s painting all signs of economic industry are erased and Ross s house is transformed into a home rather than the site of cottage industry Ross is constructed as the perfect heroic mother worthy of

sacred creation thus our flag was born Ross's transformation into an icon neatly illustrates the conjunction of soaring nationalism and the establishment of woman as a fixed domestic presence and serves as an excellent example of the master narratives revealed in *Nostalgia Gender and Nationalism* The essays in this provocative anthology explore the connections between nation and gender and the ways in which nostalgia functions to bind these two presumably unrelated constructions together Collectively they suggest that women pay a special fee on behalf of the nation even though it is traditionally represented as an honorarium given to them and that in fact the nation state takes as a foundational principle the subordination of women *Public Library Catalog*, 1972 *A Concise Companion to Postwar American Literature and Culture* Josephine Hendin, 2008-04-15 This Concise Companion is a guide to the creative output of the United States in the postwar period in its diverse energies shapes and forms Embraces diversity covering Vietnam literature gay and lesbian literature American Jewish fiction Italian American literature Irish American writing emergent ethnic literatures African American writing jazz film drama and more Shows how different genres and approaches opened up creative possibilities and interacted in the postwar period Portrays the postwar United States split by differences of wealth and position by ethnicity and race and by agendas of left and right but united in the intensity of its creative drive **Robert Wilson** Maria Shevtsova, 2007-05-07 This book is a comprehensive study of the theatre work of Robert Wilson it details his aesthetic principles and the elements of composition that distinguish his directorial approach and provides insight into how they operate through practical exercises *A Critical Introduction to Twentieth-Century American Drama: Volume 1, 1900-1940* C. W. E. Bigsby, 1982-07-29 Eugene O'Neill Clifford Odets Left wing theatre Black drama Thornton Wilder Lillian Hellman Luigi Pirandello Arthur Miller **Gertrude Stein** Nicola Shaughnessy, 2007 This book is a study of Gertrude Stein's diverse and idiosyncratic oeuvre ranging from established works such as *The Autobiography of Alice B. Toklas* to her lesser known pieces of theatre Drawing upon feminist psychoanalytic and performance theory Nicola Shaughnessy re-evaluates Stein's prose poetry and drama Reference is made to Stein's unpublished material in particular her notebooks or carnets which offer new insights into her life and work The book explores the importance of autobiography as a pervasive element throughout Stein's writing Above all Nicola Shaughnessy shows how Stein's work benefits from being situated in an interdisciplinary artistic context with influences from art theatre and music as well as literature
