*Baudelaire/Shapiro: Selected Poems from Les Fleurs du mal* Charles Baudelaire, 1998 A bilingual edition of the works of a 19th century French master In The Cat one reads Come cat of mine perch on my loving breast Come beauty lie in gentle guise Pull in your claws and let me plunge possessed Into your agate metal eyes *Selected Poems of Mallarme, Bilingual Edition* Stephane Mallarme, 2002-05-20 The leading poet of French symbolism St phane Mallarm has exercised an enormous influence both on French and on English and American avant garde writers In this volume C F MacIntyre has translated forty three of his poems including the Ouverture and Sc ne from H rodiade which was to have been a drama in verse and the well known L Apr s midi d un faune for which Debussy composed his orchestral prelude The French text faces the English translations which are both true to the original and poetic Indeed as MacIntyre suggests Debussy is probably one of the best guides into the mysterious realm of Mallarm The poet was more concerned with the music of words their sounds and vague associations than with their conventional meanings one of the elements in his credo was that suggestion and evocation are of greater significance than statement His syntax is fractious his meaning frequently enigmatic but the reader will find MacIntyre s notes helpful in savoring the translations and the original French verses *Selected Poems of Rilke* Rainer Maria Rilke, 2001-05-22 Selected from Das Buch der Bilder and the two parts of Neue Gedichte these poems were written in his less mystical period 1900 1908 The poems show Rilke s deep concern with sculpture and painting and exhibit his particular artistic and poetic power One of Germany s most important poets Rilke s poetry is innovative enigmatic and entertainingly idiosyncratic C F MacIntyre s translations are both true to the original and poetic in their own right From publisher description *Selected Poems* Rainer Maria Rilke, 1940 These poems written in Rilke s less mystical period 1900 1908 show Rilke s deep concern with sculpture and painting Rilke Selected Poems Rainer Maria Rilke, **French Symbolist Poetry, 50th Anniversary Edition, Bilingual Edition** , 2007-12-17 Whether viewed as an influence or in and for themselves the Symbolists are a tantalizing group Paralleling similar movements in art and music their intensely personal poetry leans more heavily on oblique suggestions and evocation than on overt statement It sets its perceptions intuitive and nonrational squarely against intellectual and scientific thinking and this with a music that is flexible intrepid and subtle sometimes even dissonant and jazzy But the poetry itself is the movement s best definition Here with bilingual text en face an introduction and illuminating notes are some forty carefully selected poems of that movement They range from the remote beginnings in Nerval and Baudelaire through the humor and irony of Corbi re and Laforgue to the technical brilliance of Val ry who died as recently as 1945 For those who wish an overall view of the movement this is a generous sampling The Oxford Guide to Literature in English Translation Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to

Turkish For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available
