The Glatstein Chronicles Jacob Glatstein, 2013-10-15 In 1934 with World War II on the horizon writer Jacob Glatstein 1896 1971 traveled from his home in America to his native Poland to visit his dying mother One of the foremost Yiddish poets

of the day he used his journey as the basis for two highly autobiographical novellas translated as *The Glatstein Chronicles* in which he intertwines childhood memories with observations of growing anti-Semitism in Europe. Glatstein's accounts stretch like a tightrope across a chasm, writes preeminent Yiddish scholar Ruth Wisse in the Introduction. In Book One, *Homeward Bound*, the narrator Yash recounts his voyage to his birthplace in Poland and the array of international travelers he meets along the way. Book Two, *Homecoming at Twilight*, resumes after his mother's funeral and ends with Yash's impending return to the United States, a Jew with an American passport who recognizes the ominous history he is traversing. *The Glatstein Chronicles* is at once insightful reportage of the year after Hitler came to power, a reflection by a leading intellectual on contemporary culture and events, and the closest thing we have to a memoir by the boy from Lublin, Poland, who became one of the finest poets of the twentieth century.

The Posen Library of Jewish Culture and Civilization, Volume 7 Israel Bartal, Kenneth B. Moss, 2024-01-05 Volume 7 of the Posen Library captures unprecedented transformations of Jewish culture amid mass migration, global capitalism, nationalism, revolution, and the birth of the secular self. Between 1880 and 1918, traditions and regimes collapsed around the world; migration and imperialism remade the lives of millions; nationalism and secularization transformed selves and collectives; utopias beckoned, and new kinds of social conflict threatened as never before. Few communities experienced the pressures and possibilities of the era more profoundly than the world's Jews. This volume, seventh in *The Posen Library of Jewish Culture and Civilization*, recaptures the vibrant Jewish cultural creativity, political striving, social experimentation, and fractious religious and secular thought that burst forth in the face of these challenges. Editors Israel Bartal and Kenneth B. Moss capture the full range of Jewish expression in a centrifugal age, from mystical visions to unabashedly antitraditional Jewish political thought, from cookbooks to literary criticism, from modernist poetry to vaudeville. They also highlight the most remarkable dimension of the 1880-1918 era: an audacious effort by newly secular Jews to replace Judaism itself with a new kind of Jewish culture centering on this worldly aesthetic creativity by a posited Jewish nation and the secular modern and free individuals who composed it. This volume is an essential starting point for anyone who wishes to understand the divided Jewish present.

The Posen Library of Jewish Culture and Civilization, Volume 9 Samuel D. Kassow, David G. Roskies, 2020-11-24 The Posen Library's groundbreaking anthology series, called a feast of Jewish culture in ten volumes by the *Chronicle of Higher Education*, explores in Volume 9 global Jewish responses to the years 1939 to 1973, a time of unprecedented destruction, dislocation, agency, and creativity. An extensive look at Jewish civilization and culture from the eve of World War II to the Yom Kippur War, it's a weighty collection to be sure, but one that's consistently engaging. An edifying and diverse survey of 20th-century Jewish life. *Kirkus Reviews* starred review. Readers seeking primary texts, documents, images, and artifacts constituting Jewish culture and civilization will not be disappointed. More important, they might even be inspired. This set will serve to improve teaching and research in Jewish studies at institutions of higher learning and at the same time promote, maintain, and improve understanding of the Jewish

population and Judaism in general Booklist starred review The ninth volume of The Posen Library of Jewish Culture and Civilization covers the years 1939 to 1973 a period that editors Kassow and Roskies call one of the most tragic and dramatic in Jewish history Organized geographically and then by genre this book details Jewish cultural and intellectual resources throughout this era particularly in political thought literature the visual and performing arts and religion This volume explores worldwide Jewish perceptions of momentous events that transpired in the mid twentieth century and how Jews redefined themselves across regions throughout an era rife with tragedy displacement and dispersion The breadth and depth of this work goes beyond any comparable collection with detailed insights and sharp focus to accompany its breathtaking scope A major ten volume anthology project more than a decade in the making the Posen Library is an ideal reference tool for scholars teachers and students at all levels
