crossroads between two continents writers in San Antonio both native and visiting have had a significant effect upon the city's literary and cultural landscape. Novels were being written in the city by the late 1830s. Nineteenth century writers like Frederick Law Olmsted, Sydney Lanier, and O. Henry wrote effusively about San Antonio. Oscar Wilde found here a thrill of strange pleasure. Here the Mexican Revolution was called into being and here were the political and literary origins of the Chicano Movement. Literary San Antonio provides dozens of examples of the interplay and cross pollination of Anglo and Latino literary forms, ideas, and traditions that led to the creation of a unique borderlands or *frontera* literature. This city with its winding, still, sleepy river and its story shrouded springs, its ancient acequias and missions now acknowledged as valued world heritage sites, its sacred battle grounds and historic military forts and bases, its several unique neighborhoods and barrios that have produced and been celebrated by generations of writers, its rich heritage of heroism and revolutionary passion, its endlessly celebratory ability to revel in its multiracial, multiethnic, multilingual roots and branches, this city is a good place to write, to write about, and to wander with a book in hand.

**Infinite Divisions** Tey Diana Rebolledo, Eliana Suárez Rivero, 1993. Offers examples of oral narratives and literature from the nineteenth century to the present. *The Chronicles of Panchita Villa and Other Guerrilleras* Tey Diana Rebolledo, 2005. Although there have been substantial contributions to Chicana literature and criticism over the past few decades, Chicanas are still underrepresented and underappreciated in the mainstream literary world and virtually nonexistent in the canon. Writers like Sandra Cisneros, Ana Castillo, and Gloria Anzaldúa have managed to find larger audiences and critical respect, but there are legions of Chicana writers and artists who have been marginalized and ignored despite their talent. Even in Chicano anthologies, the focus has tended to be more on male writers. Chicanas have often found themselves without a real home in the academic world. Tey Diana Rebolledo has been writing about Chicana/Latina identity, literature, discrimination, and feminism for more than two decades. In this collection of essays, she brings together both old and new works to give a state-of-the-moment look at the still largely unanswered questions raised by vigilant women of color throughout the last half of the twentieth century. An intimate introductory essay about Rebolledo's personal experiences as the daughter of a Mexican mother and a Peruvian father serves to lay the groundwork for the rest of the volume. The essays delve into the historical development of Chicana writing and its early narratives, the representation of Chicanas as seen on book covers, Chicana feminism, being a Chicana critic in the academy, Chicana art history, and Chicana creativity. Rebolledo encourages guerrillera warfare against academia in order to open up the literary canon to Chicana/Latina writers who deserve validation.
