Selected Prose Of John Hamilton Reynolds:

Selected Prose of John Hamilton Reynolds John Hamilton Reynolds, Leonidas M. Jones, 1966 *Selected Prose of John Hamilton Reynolds* John H. Reynolds, 1966 *Selected Prose* John H. Reynolds, 1974-07 During his later years John Hamilton Reynolds described himself as one who had walled through life with a skeleton of reputation without a particle of name For a man who had once cherished the idea of fame as much as his intimate friend Keats that loss was a bitter disappointment He would have been pleased if he could have anticipated that after the lapse of a century scholar would be moderately successful in tracking his life and works *The Retrospective Review (1820-1828) and the Revival of Seventeenth Century Poetry* Jane Campbell, 2006-01-01 This essay had its beginning in an investigation of changing attitudes to seventeenth century Pre Restoration poetry during the English Romantic period In the course of that research Jane Campbell discovered that a relatively little known periodical the Retrospective Review which was published in London from 1820 to 1828 appeared to have played an interesting part in the rehabilitation of the poets of the earlier period This book then is an attempt to outline the history of this review to place it against its literary background and to assess its role in the critical re evaluation of the poets of the earlier seventeenth century an age to which the Retrospective s contributors and their contemporaries looked with fascination as well as with an affectionate feeling of kinship *The Oxford Handbook of British Romantic Prose* Robert Morrison, 2024-04-03 The Oxford Handbook of British Romantic Prose is a full length essay collection devoted entirely to British Romantic nonfiction prose Organized into eight parts each containing between five and nine chapters arranged alphabetically the Handbook weaves together familiar and unfamiliar texts events and authors and invites readers to draw comparisons reimagine connections and disconnections and confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries The Handbook builds on previous scholarship in the field considers emerging trends and evolving methodologies and suggests future areas of study Throughout the emphasis is on lucid expression rather than gnomic declaration and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples Taken as a whole the volume demonstrates the energy originality and diversity at the crux of British Romantic nonfiction prose It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers *The Form of Poetry in the 1820s and 1830s* David Stewart, 2018-01-08 The 1820s and 1830s the gap between Romanticism and Victorianism continues to prove a difficulty for scholars This book explores and recovers a neglected culture of poetry in those years and it demonstrates that culture was a crucial turning point in literary history It

explores a uniquely wide range of poets including the poetry of the literary annuals Letitia Landon Felicia Hemans Robert Browning Samuel Taylor Coleridge Thomas Hood and John Clare placing their work in the light of new research into the conditions of the literary market In turn it uses that culture to open up wider theoretical issues relating to literary form book history print culture gender and periodisation The period s doubt about poetry s place in culture and its capacity to last prompted a dazzling range of creative experiments that reimagined the metrical material and commercial forms of poetry
