Selecting Church Leaders A Practice In Spiritual Discernment:

Selecting Church Leaders Charles M. Olsen, Ellen Morseth, 2002 Ask people what church position they desire the least The most likely answer is the nominating committee Choosing church leaders whether for a small committee or for a group of congregations tends to make people want to quit Is there a better way than running a finger down a membership list to find someone who will not hang up the phone Chuck Olsen and Ellen Morseth offer a spiritually solid approach to selecting church leaders They begin their approach with an easy to overlook sentence in the book of Acts concerning the Jerusalem Council Acts 15 28 records it has seemed good to the Holy Spirit and to us The authors note from this beginning the guidance of God's Spirit and the use of human faculties of reason and perception Olsen and Morseth believe that this spiritual guidance is often missing in the selection process of leaders They urge you to participate in a prayerful process of seeking God's yearning whether for local church denominational or personal Their book offers the practices of spiritual discernment with many encouraging examples in the selection of leaders

McKim, 2008-01-01 It's hard to be the only one That single sentence from a teenage congregant sums up the conviction that motivated *Christian Theology for a Secular Society* In these dying days of Christendom the reality that most Western Christians face is living out their faith as a minority in the midst of a culture that is at every level personal institutional and societal secular in nature While most living in Western societies still affirm belief in God and often other vaguely recognizable Christian beliefs these affirmations frequently have little to do with how daily life is lived The idea that the God best known to us in Jesus Christ is actually in charge of life is foreign For most Christianity simply does not form an overarching system of meaning that shapes life Instead life is lived largely without reference to God And to live any other way is often hard In this volume Mark McKim sets out to do theology in this context How does one explain the core historic Christian doctrines in a way that makes sense in a secular culture and in a way that will gain a hearing What does it mean to be the church in this new situation Throughout McKim asks the question so what as he relates Christian teachings to a secular society and to what is actually happening in the local church McKim's goal is to enable the singing of the Lord's song in the new and strange land of a secular society
