Cuthill** ARABIAN NIGHTS.,Sir Richard Francis Burton,Percy Howard Newby,1950 [The Book of the Thousand Nights and a Night, by Richard F Burton - the Original Classic Edition](#) Richard F. Burton,2012-06 Richard Burtons translation of The Arabian Nights is one of the oldest in existence and some people have a problem with this version its too old antiquated etc but for this reviewer the very fact that its an early translation lends the tales much of their charm it underscores the fact that The Arabian Nights go back for hundreds of years all the way back to once upon a time Richard Burton introduces us to Sharazad that seductive storyteller who took the bull by the horns and dared to marry the sultan Shariyar who had been driven mad by the infidelity of his former wife and tried to exorcise the demons of her adultery by marrying a new wife every morning and slaying her that same night Sharazad knows that a good tale can tame the savage beast much in the way music can and she keeps the Sultan enchanted night after night with the tales that still enchant us in our own time We all know about Aladdin and his magic lamp and Ali Baba and the forty thieves but there are loads of other treasures in this collection my personal

favorites aside from Ali Baba are the story of Ali the Persian short succinct and very funny and The Lady and Her Five Suitors a hilarious tale of a woman who lures five men into a trap and then runs off with her boyfriend And Sharazad smart lady that she is took care to insure her own future not only does she regale her sultan with a thousand and one tales in as many nights she also presents him with three children during that time wins the heart of the sultan and we suppose lives happily ever after No one knows where the tales originated Burton suggests that the earliest may date from the 8th century A D and the latest may have been as recent as the 16th century only 200 years before Antoine de Galland translated the tales into French and unfolded them like a magic carpet before the astonished and delighted eyes of his European readers Burton translated them into English into English in 1885 and they have been weaving their own spell of enchantment for us ever since When we open The Arabian Nights we step onto our own magic carpet and were off on a ride of fun and fantasy that lasts until the last page when we close the book and come back down reluctantly to earth Arabian Nights Tales ,1979 *The Complete Works of Sir Richard Francis Burton* Richard Francis Burton,2023-12-27 The Complete Works of Sir Richard Francis Burton presents a remarkable compendium of the diverse and irreplaceable contributions of one of the Victorian era s most enigmatic explorers and linguists Burton s literary style is characterized by meticulous observation vivid descriptions and an unyielding curiosity about the cultures he encountered offering readers an immersive insight into the worlds of travel anthropology and sexuality His works spanning poetry travel narratives and translations not only reflect the complexities of 19th century imperial attitudes but also challenge them presenting alternative perspectives on colonial encounters and human behavior Sir Richard Francis Burton was not merely an explorer he was a polymath steeped in languages religions and the arts with a lifelong fascination for understanding the other His upbringing in a cultured household fostered a passion for exploration and scholarship while his personal quests such as his expeditions to discover the sources of the Nile reveal an individual unafraid to push societal boundaries This intellectual background undoubtedly shaped the eclectic tapestry of his writings The Complete Works of Sir Richard Francis Burton is an essential addition to the libraries of those interested in exploration cultural studies and Victorian literature This collection invites readers to delve into the multifaceted voice of a man who was as controversial as he was visionary encouraging a critical engagement with the legacies of exploration and representation *Arabian Nights.
