characters innovative page layouts and big visuals In the first book on this topic Round closely analyzes Misty s content including its creation and production its cultural and historical context key influences and the comic itself Largely based on Round s own archival research the study also draws on interviews with many of the key creators involved in this comic including Pat Mills Wilf Prigmore and its art editorial team Jack Cunningham and Ted Andrews who have never previously spoken about their work Richly illustrated with previously unpublished photos scripts and letters this book uses Misty as a lens to explore the use of Gothic themes and symbols in girls comics and other media It surveys existing work on childhood and Gothic and offers a working definition of Gothic for Girls a subgenre which challenges and instructs readers in a number of ways
