## **Selections From Moores Irish Melodies:**

Sources and Style in Moore's Irish Melodies Una Hunt, 2017-03-16 Once regarded as Ireland's national bard Thomas Moore's reputation rests on the ten immensely popular collections of drawing room songs known as the Irish Melodies. At home and abroad these 124 songs created a realm of influence that continued to define Irish culture throughout the nineteenth century and into the twentieth. In this book Una Hunt provides the first detailed assessment from a combined musical and literary standpoint contextualizing the songs through an examination of their sources and style. Further attention is given to the collaborative work of composers Sir John Stevenson and Henry Rowley Bishop and the study is completed by a reappraisal of the musical sources.

In accounting for the successes he achieved and the challenges he faced, recurring themes include Moore's influence and reputation, modes of dissemination through networks and among communities, also the articulation of personal, political and national identities. This book, the product of an international team of scholars, is the first to focus explicitly on the reputations of Thomas Moore in different parts of the world including Bombay, Dublin, Leipzig and London as well as America, Canada, Greece and the Hispanic world. Through it we will understand more about Moore's reception and also appreciate how the publication and dissemination of poetry and song in the Romantic and Victorian eras operated in different parts of the world, in particular considering how artistic and political networks effected the transmission of cultural products.
