Ross, 1960      Edmund Burke: Selections From His Political Writings and Speeches Anonymous, 2023-07-18 Delve into the political philosophy of Edmund Burke one of the greatest statesmen and orators of the 18th century From his defense of the American colonies to his critique of the French Revolution this book offers a comprehensive selection of Burke's most important works accompanied by insightful commentary and analysis This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      The Philosophy of Edmund Burke Edmund Burke, 1960      The Writings and Speeches of Edmund Burke: Volume IX: Part I. The Revolutionary War, 1794-1797; Part II. Ireland Edmund Burke, 1991 This volume of Burke's writings and speeches is divided into two parts The first covers the period between the time of his retirement from the House of Commons in 1794 and his death in 1797 His main preoccupation during this period was of course the French Revolution and the progress of the war against France Surveying developments with dismay and apprehension he produced a

critique of the Revolution which expressed much of his mature thinking on political and social life and issued a clarion call for a European crusade to save civilization Part II contains Burke s writings and speeches relating to Ireland From his entry into political life he was intensely interested in Irish problems religious economic and constitutional and in Anglo Irish relations Fervently believing that Great Britain and Ireland should be partners within the Empire in his last years he was deeply disturbed by the influence of the French Revolution on Irish politics
