Self Conscious Art

Barbara Hardy

Self Conscious Art:

A Self-Conscious Art Akane Kawakami, 2000-12-01 A Self Conscious Art is the first full length study in English to attempt to deal with the formal complexities of Modiano's work by reading against the grain of his self professed ingenuousness A detailed examination of his narratives shows the deeply postmodern nature of his writing Parodying precursors such as Proust or the nouveau romanciers his narratives are built around a profound lack of faith in the ability of writing to retrieve the past through memory and this failure is acknowledged in the discreet playfulness that characterises his novels This book is a timely introduction to the work of one of the most successful modern French novelists

Self-conscious Art Susan L. Fischer, 1996 Self conscious art constitutes a significant and previously neglected feature of modern literature and is a crucial concern of contemporary criticism The essays in this volume consider such questions as the limits of self consciousness the creative and circumstantial tensions that produce its various features the ludic nature of art the role of interpretation and the aesthetic social and mythic reverberations of self reflexive art **Shakespeare's**

Self-conscious Art Barbara Hardy, 1989 *Ibsen's Self-conscious Art* David Rosengarten, 1980 **The Self-conscious Artist in Contemporary American Fiction** Beverly Gray Bienstock, 1973 *Theories of Art Today* Noël Carroll, 2000 What is art The contributors to *Theories of Art Today* address the assertion that the term art no longer holds meaning They explore a variety of issues including aesthetic and institutional theories of art feminist perspectives on the philosophy of art the question of whether art is a cluster concept and the relevance of tribal art to philosophical aesthetics Contributors to this book include such distinguished philosophers and historians as Arthur Danto Joseph Margolis and George Dickie *Art and Entertainment* Andy Hamilton, 2024-02-29 Philosophers have discussed art or artistic practices such as poetry since ancient times But systems of art and entertainment appeared only in the modern era in the West during the 18th and 19th centuries And philosophers have largely neglected the concept of entertainment In this book Andy Hamilton explores art and entertainment from a philosophical standpoint He argues against modernist theory that art and entertainment are not opposites but form a loosely connected conceptual system Against postmodernism however he insists on their vital differences Hamilton begins by questioning the received modernist view examining artist entertainers including Jane Austen Charles Dickens Louis Armstrong and Billie Holiday Entertainment he argues is by nature audience centred but so is art in a different way Thus while art should pass the test of time entertainment must pass the test of its own time it has to entertain at the time it is produced Art and entertainment are inter dependent concepts and must be understood together with other aesthetic concepts including criticism genius canons and design These concepts form the subject of later chapters of this book where Hamilton develops a meritocratic position that is neither elitist nor populist He also addresses the contemporary charge of cultural appropriation and qualifies it An innovative feature of the book is the inclusion of dialogues with artists critics and academics that help to recast or reformulate the debate *Art and Entertainment A Philosophical Exploration* is

essential reading for those working in art and aesthetics and will also be of interest to those in related disciplines such as cultural studies music and film studies with an interest in entertainment Robert Louis Stevenson and the Appearance of Modernism A. Sandison,1996-05-21 Despite attracting the admiration of Modernists like Nabokov and Borges Stevenson remains for many an apologist for the lost world of the romance This is not only to misread and simplify his fiction it is greatly to undervalue his lively forward looking literary essays Strenuously resisting the authority of the literary fathers though haunted by the complexities of paternity Stevenson reveals strong affinities with emergent Modernism It is from this perspective that Alan Sandison s latest book the first to appear for nearly thirty years conducts a lively and readable re examination of this often underrated writer **The Game** A. S. Byatt,2012-04-25 From the Booker Prize winning author of Possession comes a novel portraying a sibling rivalry which compels us to reconsider the uses and misuses of imagination Complex and thoughtful The Times Literary Supplement When they were little girls Cassandra and Julia played a game in which they entered an alternate world modeled on the landscapes of Arthurian romance Now the sisters are grown and hostile strangers until a figure from their past a man they once both loved and suffered over reenters their lives

Transition ,1929 Magazine featuring talents in art architecture music and literature **Centre and Periphery in Modern British Poetry** Andrew Duncan,2005-01-01 Does what is true depend on where you are or can we speak of a British culture which varies gradually over the 600 miles from one end of the island to the other with currents gradually mutating and turning into their opposites as they cross such a distance In Centre and Periphery in Modern British Poetry Andrew Duncan a published poet himself identifies distinctive traditions in three regions of the British Isles providing a polemic tour of Scotland Wales and the North of England while revealing the struggle for cultural assets The book exposes the possibility that the finest poets of the last 50 years have lived in the outlands not networking and neglecting to acquire linguistic signs of status Centre and Periphery in Modern British Poetry provides insightful accounts of major poets such as Sorley Maclean Glyn Jones Colin Simms and Michael Haslam The Worlds of Victorian Fiction Jerome Hamilton Buckley,1975 **Charles D'Oyly's Lost Satire of British India** Hermione de Almeida,George H. Gilpin,2020-09-28 This book brings to light an extraordinary satiric epic on Britain s empire one suppressed right after its publication in 1828 Tom Raw the Griffin written and illustrated by the Romantic artist Charles D Oyly is vital engaging morally earnest and trenchant in its critique and wickedly funny in its observations and depictions of British India Known in art circles for his Indian landscapes D Oyly was born in Bengal he returned there from England at age 16 to serve in increasingly titular posts in the occupying government by 1818 he was a full time artist in Patna In his story of a young English cadet serving his country in India D Oyly writes and draws as an outsider to Britain s imperial project abroad but with the knowledge of an insider His epic poem traces the political and cultural fault lines of Britain s nascent empire Like Lord Byron s Don Juan 1819 24 Tom Raw is exuberantly comic and terrifyingly serious in its prescience on the prospects of nineteenth century Britain and future world empires Tom

Raw has a real original place in the literature art and culture of its age and is a key entity in the study of global Romanticism

Contemporary British Muslim Arts and Cultural Production Sadek Hamid, Stephen H. Jones, 2023-06-01 This unique collaboration between scholars practitioners and Muslim artists profiles emerging forms of contemporary British Muslim art prompting a debate about its purpose and its inclusion in UK society It features analysis of Muslim art as a category as well as reflective accounts of people working in theatre popular music the heritage sector and ancient and modern visual arts often at the margins of the British arts industry Dealing with sociological and theological themes as well as art history and practice the volume provides a timely intervention on a neglected topic The collection discusses diverse topics including how second and third generation British Muslims as part of a broader generational shift have reworked Sufi music and traditional calligraphy and fused them with new musical and artistic styles from Grime to comic book art alongside consideration of the experiences of Muslim artists who work in the theatre museums and the performing arts sectors It is a must read for students and researchers of theology and religious studies Islamic studies fine art cultural studies and ethnic and racial studies

Thinking Through Style Michael D. Hurley, Marcus Waithe, 2018-01-05 What is style and how does it relate to thought in language It has often been treated as something merely linguistic independent of thought ornamental stylishness for its own sake Or else it has been said to subserve thought by mimicking delineating or heightening ideas that are already expressed in the words This ambitious and timely book explores a third more radical possibility in which style operates as a verbal mode of thinking through Rather than figure thought as primary and pre verbal and language as a secondary delivery system style is conceived here as having the capacity to clarify or generate thinking The book's generic focus is on non fiction prose and it looks across the long nineteenth century Leading scholars survey twenty authors to show where writers who have gained reputations as either stylists or as thinkers exploit the interplay between the what and the how of their prose The study demonstrates how celebrated stylists might after all have thoughts worth attending to and that distinguished thinkers might be enriched for us if we paid more due to their style More than reversing the conventional categories this innovative volume shows how style and thinking can be approached as a shared concern At a moment when especially in nineteenth century studies interest in style is re emerging this book reevaluates some of the most influential figures of that age re imagining the possible alliances interplays and generative tensions between thinking thinkers style and stylists

The English-speaking World, 1925 Includes the Union's Annual report **A Postmodern Reader** Joseph P. Natoli, Linda Hutcheon, 1993-01-01 These readings are organized into four sections The first explores the wellsprings of the debates in the relationship between the postmodern and the enterprise it both continues and contravenes modernism Here philosophers social and political commentators as well as cultural and literary analysts present controversial background essays on the complex history of postmodernism The readings in the second section debate the possibility or desirability of trying to define the postmodern given its cultural agenda of decentering challenging even undermining the guiding master

narratives of Western culture The readings in the third section explore postmodernism's complicated complicity with these very narratives while the fourth section moves from theory to practice in order to investigate in a variety of fields the common denominators of the postmodern condition in action

Art as Spectacle Naomi Ritter, 1989 Why do images of entertainers abound in European literature and art since Romanticism From Baudelaire to Picasso from Daumier to Fellini mimes clowns aerialists and jesters recur in major works by continental artists In *Art as Spectacle* Naomi Ritter investigates this phenomenon and offers explanations that transcend the array of works discussed Her analysis implies much about the triangle of creator work and audience that inevitably controls art Although a broadly comparative study underlies *Art as Spectacle* the book focuses mainly on examples from Germany and France Three areas of argument identification primitivism and transcendence account for the performer's ubiquity in the arts of the last two centuries Ritter shows that writers painters choreographers and filmmakers have persistently identified with the entertainer whose roots lie in primitive ritual a source of all art Accordingly the artist also sees the player as morally or spiritually elevated With three chapters on literature a chapter comparing poetry to painting and a chapter each on dance the visual arts and film *Art as Spectacle* offers unprecedented scope on a compelling topic in comparative studies By integrating such varied material into an original commentary on the image of the entertainers this book provides an invaluable resource for all the disciplines it touches

Agonistics Janet Lungstrum, Elizabeth Sauer, 1997-01-01 Focuses on a very significant psycho cultural concept that of agonistics or contestatory creativity with ramifications in several areas of the postmodern debate cultural philosophy psychologies of race gender and the body and narratology

A General History of Chinese Art Xifan Li, 2022-10-03 This volume explores the prehistoric beginnings of Chinese art and its development during the Xia Shang and Zhou Dynasties It analyses the conditions of the emergence of Chinese art and its transformation of form content and function throughout the Three Dynasties a historical period marked by important changes in the social and cultural Chinese landscape *A General History of Chinese Art* comprises six volumes with a total of nine parts spanning from the Prehistoric Era until the 3rd year of Xuanton during the Qing Dynasty 1911 The work provides a comprehensive compilation of in depth studies of the development of art throughout the subsequent reign of Chinese dynasties and explores the emergence of a wide range of artistic categories such as but not limited to music dance acrobatics singing story telling painting calligraphy sculpture architecture and crafts Unlike previous reference books *A General History of Chinese Art* offers a broader overview of the notion of Chinese art by asserting a more diverse and less material understanding of arts as has often been the case in Western scholarship
