*My Journey to Girl Gone Healthy* Marissa Leonessa, 2022-11-21

*My Journey to Girl Gone Healthy* Marissa Leonessa Named as 1 of 8 Winners in over 60 000 Coaches who have led a life of impact by positively affecting lives in their communities sharing their mission Who Is Girl Gone Healthy Almost two years ago I took a leap of faith and decided

to write myself a different story to bet on myself I needed to get my health in order not only for me but my sister's girls I am now a maternal guardian for On top of that as the sole provider in my home I was constantly chasing investments and side hustles to give myself the financial cushion I so desperately felt I needed to be comfortable I was no stranger to working 2aEUR3 side gigs in addition to a fullaEURtime career in healthcare cause hey there's no stronger vibe than the girl determined to rise vibe I took a small step and started with focusing on my own health journey and when I experienced the results I had it felt natural to want to share it with everyone in my sphere That's when the opportunity of coaching knocked on my door and I gave up the other gigs to narrow my focus on helping others Since then I have helped hundreds of people have the same success by following a simple program and by being open to being coachable Then came the RIPPLE EFFECT many of my clients wanted to help others too and I now find myself as the CEO of Girl Gone Healthy LLC with a total of 50 coaches sharing my mission Never in a million years did I think I could run a successful business speaking on a stage sharing my success with hundreds of other coaches leading trainings and power hours and most importantly teaching clients healthy habits to employ each and every day I have completed the trilogy I longed for healthy body healthy mind and healthy finances beyond my wildest imagination but I'm just getting started as there are SO MANY MORE I want to share the gift of health with AND healthy finances If you want a healthy body healthy mind AND healthy finances but don't know how to get there I have the vehicle to help you reach them

**On the Origin of Spin** Brendan Bruce, 2013-06-29 This book was written to try and answer the question where and when did political spin originate It deals with the techniques of news management developed and used in those advanced democracies who have laws to protect a free press such as the United States of America and to a lesser extent its first cousin several times removed the United Kingdom of Great Britain governmental toleration of free speech progressive legislation to widen the franchise vigorous growth in political parties pluralism and its consequence the peaceful coexistence of different interests convictions and lifestyles a healthy adherence to Burkean little platoons of volunteers and most of all sophisticated developments in mass media technologies and consumer marketing techniques all of which means that the Anglo Saxon cousins are and have always been in the vanguard of news management Government and media have been at war from the very beginning Au fond this is a struggle for allegiance The media want the allegiance of their readers and viewers because this brings them the profits they need to remain in business As Patrick Le Lay then CEO of the main French private channel TF1 put it There are many ways to speak about TV but in a business perspective let's be realistic TF1's job is to help Coca Cola sell its product What we sell to Coca Cola is available human brain time Government on the other hand wants the allegiance of the voter to acquire or retain power The famous Victorian editor of The Times Thomas Barnes once said that the newspaper is not an organ through which Government can influence people but through which people can influence the Government Politicians would reverse the dictum And therein lies the causus belli The politician's strategy for winning this war was stated most succinctly by that arch media manipulator David Lloyd

George what you can't square you squash and what you can't squash you square The media for their part are determined to be neither squashed nor squared From 1800 in the US and 1832 in Britain when Germany and Italy were just a glint in the eye of some petty princes and France was recovering from yet another pointless revolution leaving behind yet another example of Kafka's bureaucratic slime competitive party based elections produced extraordinary outbursts of creativity Politicians learned that the art of politics is about making and then winning arguments As each successive cutting edge novelty arrived the spin doctors quickly adapted and improved their techniques by adroitly exploiting the new medium's benefits For two centuries and even before the Anglo Saxons have led the world in spin this is the history of that journey

### **Masculinity and the English**

**Working Class** Ying Lee,2016-05-06 This book examines representations of working class masculine subjectivity in Victorian autobiography and fiction In it Ying focuses on ideas of domesticity and the male body and demonstrates that working class masculinities differ substantially from those of the widely studied upper classes The book also maps the relationship between two trends the early nineteenth century efflorescence of published working class autobiographies in which working men construct their identities for a broad readership and a contemporaneous surge of public interest in the lower orders that finds reflection in the depiction of working class characters in popular novels by middle class authors The book mimics this point of convergence by pairing three working class autobiographies with three middle class novels Each chapter focuses on a particular type of work domestic service manual not artisanal labour and literary labour and the opportunities it offers for social advancement Ying considers the specific ways in which classed and gendered consciousness emerges autobiographically and its significance in the writing of working class subjectivity for public consumption Then mainstream novels by Charles Dickens Elizabeth Gaskell and Charles Kingsley are re read from the perspective of these autobiographical pressure points
