Kurt Vonnegut Remembered Jim O'Loughlin, 2019-03-26 A collection of reminiscences that illuminate the career and private life of the iconic author of *Slaughterhouse Five* Kurt Vonnegut 1922-2007 who began his writing career working for popular magazines held both literary aspirations and an attraction to genre fiction His conspicuous refusal to respect literary boundaries was part of what made him a countercultural icon in the 1960s and 1970s Vonnegut's personal life was marked in large part by public success and private turmoil Two turbulent marriages his sudden adoption of his late sister's four children and the equally sudden removal of one of those children and a mid-eighties suicide attempt all signaled the extent of Vonnegut's inner troubles Yet he was a generous friend to many maintaining close correspondences throughout his life Kurt Vonnegut Remembered gathers reminiscences by those who knew him intimately and from those met him only once that span Vonnegut's entire life Among the anecdotes in this collection are remembrances from his immediate family reflections from his comrades in World War II and tributes from writers he worked with in Iowa City and from those who knew him when he was young Editor Jim O'Loughlin offers biographical notes on Vonnegut's relationship with each of these figures Since Vonnegut's death much has been written on his life and work but this new volume offers a more generous view of his life particularly his last years In O'Loughlin's introduction to the volume he argues that we can locate and understand Vonnegut's best self through his public persona and that in his performance as the kind and humane figure that many of the speakers here knew him as Vonnegut became a better person than he ever felt himself to be

Nelson Algren Richard F. Bales, 2022-09-15 Nelson Algren was a renowned Chicago writer known for his social commentary and his novels like *The Man with the Golden Arm* and *A Walk on the Wild Side*. Although he continues to be remembered almost exclusively for his novels, this book aims to highlight the value and influence of his short form works. Before he died in 1981, Algren had amassed a genre defying body of work including short stories, articles, poems, and book reviews. The present book features a comprehensive analysis and discussion of Algren's lost literature, including everything but his novels. One of the pieces covered is a masterpiece of race relations written in 1950, more than 60 years before the galvanization of the Black Lives Matter movement. Another is a scathing poem about Algren's transatlantic love affair with Simone de Beauvoir. Both items are reprinted in the book courtesy of the Algren estate. This book also includes references to Algren's works that have yet to be studied by Algren scholars.
