Metaphysics and Mystery Thomas Dean, 2019-07-15 Metaphysics and Mystery The Why Question East and West is a critical analysis comparison and evaluation of philosophical answers Western and Asian to the question Why is there something rather than nothing The question first posed by the 17th C philosopher Leibniz was reintroduced in the 20th C by Heidegger Volume One begins with an introduction that lays out the issues raised by the Why question It then analyzes contemporary Western philosophers who provide either cosmological metaphysical or existential ontological answers to the question It also considers transitional answers that bridge the two Volume Two examines Asian philosophers classical and contemporary who though rejecting the assumptions behind the question put forward nondualist answers that have a direct bearing on it It concludes with an argument for a revised understanding of the Why question that draws on the strengths and weaknesses of these Western and Asian philosophies and explores implications for ethics and

religious thought *Religious Metaphysics* Eduard von Hartmann, 1883 *The Experience of Atheism: Phenomenology, Metaphysics and Religion* Claude Romano, Robyn Horner, 2021-05-06 Religious and atheistic belief are presented anew in a volume of essays from leading phenomenologists in both France and the UK Atheism often presented as the negation of religious belief is here engaged with from a phenomenologically informed notion of experience The focus on experience sparks new debates in readings of belief faith and atheism as they relate to and complicate each other What unites the contributors is their relationship to phenomenology as it has developed in France in the wake of Heidegger and Husserl Leading French intellectuals from this context Jean Luc Nancy Quentin Meillassoux and Catherine Malabou amongst others contribute arresting ideas on atheistic faith the death of God and anarchic faith opening up new areas of understanding in a field whose parameters and core concepts are ever shifting Revealing the extent to which religious and atheistic belief must be seen to influence and on a fundamental level to co create one another the pluralistic society in which religious belief is counted as one option amongst many is given primacy The fact that religious faith has become not only optional but also in many contexts strangely alienated from society deeply modifies the experience of the believer as much as that of the non believer A focus on experience over and above belief moves us towards a mode of experiential knowledge which refuses to privilege the atheistic believer and deride the reality of religious belief **Ethics, Metaphysics and Religion in the Thought of F. H. Bradley** Philip MacEwen, 1996 A collection of essays by Canadian contributors exploring various aspects of F H Bradley's thought Essays include The Self and the Social Order Elizabeth Trott The Uses of Bradley's Absolute H S Harris and Feeling in Bradley's Ethical Studies David Crossley *Religious Experience and the End of Metaphysics* Jeffrey Bloechl, 2003 Does religious thinking stand in opposition to postmodernity Does the existence of God present the ultimate challenge to metaphysics Strands of continental thought especially those running from Kant Husserl and Heidegger focus on individual consciousness as the horizon for all meaning and provide modern philosophy of religion with much of its present ferment In *Religious Experience and the End of Metaphysics* 11 influential continental philosophers share the conviction that religious thinking cannot afford to disengage from the challenges of modern European philosophy Together they provide a rich and intriguing set of answers to questions surrounding the meaning of religious experience Topics include subjectivity selfhood and rationality language community and ethics the influence of Jewish and eastern religions on religious experience God as phenomenology and religion in the postmodern age These lucid and arresting essays bring together many of the leading voices in the contemporary continental debate on God and religion *The Future of Metaphysical Religion in America* Mark Silk, Christopher White, 2021-12-13 This collection of essays by leading scholars explores the present dynamic state of metaphysical religion in America It includes chapters that put survey data on this growing group in context clarify definitional issues in the study of spirituality in general and metaphysical spirituality in particular and assess the networks conferences rituals festivals retreat centers and periodicals recently developed by metaphysicals The contributors discuss

Religious Metaphysics of Simone Weil Miklos Veto, Miklós Vető, 1994-01-01 Simone Weil is one of the major religious writers of the twentieth century Hers is a unique blend of spiritual experience social concern and philosophical theory She had marvelous command of the Western philosophical tradition yet she also had profound insights into Oriental philosophies Since its publication in France Veto s book has been considered by most scholars as the standard work on Simone Weil Now this important book is available in English It is the only available reconstruction of the entire philosophy of Simone Weil It operates out of the perspective of the spiritual concerns of her maturity yet it never fails to return to the issues and the positions of the early texts It carries out the reconstruction according to some major philosophical themes but gives its due share to the French thinkers social and political preoccupations as well The book is erudite yet simple written in a clear concise and yet often eloquent language **Rorty, Religion, and Metaphysics** John Owens, 2019-09-05 Believing that

humanity would be better off if it simply dropped its traditional religious and metaphysical beliefs Richard Rorty proposes an alternative approach drawn from the American pragmatist tradition where things get their significance against a background of broad human interests and knowledge is regarded as part of the active pursuit of a better world Rorty Religion and Metaphysics argues that while Rorty s case is clearly and robustly made it is fundamentally challenged by the phenomenon of human recognition the relationship that arises between people when they talk to one another John Owens demonstrates that recognition so central to human life cannot be accommodated within Rorty s proposals given that it precisely attributes a reality to others that goes beyond anything a pragmatist framework can offer It follows that there is more to human interaction than can be explained by Rorty s pragmatism **Literary studies ; Religious and metaphysical essays ;**

Letters on the French coup d'état Walter Bagehot, 1891 **Radical Metaphysics** Richard Schain, 2003-02-20 Radical Metaphysics is a project of existential thought aiming to establish the reality of the metaphysical dimension of the mind The author opposes the prevailing materialist monism of current times with an appeal to the intuition of a metaphysical self historically called the soul This book argues that the creative power of the mind is at the heart of reality for homo sapiens abdication of this capacity in the modern world is nothing else than trading one s metaphysical birthright for a mess of reality poor technological pottage The will to development is described as the basic manifestation of the metaphysical self A cosmivision is espoused which involves an extratemporal firmament of metaphysical being **William Desmond's**

Flood, 2018-10-17 The Metaphysical Foundations of Love Aquinas on Participation Unity and Union offers a systematic treatment of St Thomas Aquinas's account of the metaphysical relations of unity to union and unity to participation in God as the key structuring elements to the nature of love and friendship In general Aquinas identifies love as the source and summit of the life of each human being Everything in the created realm issues forth from God's creative love and the ultimate end of all human persons is the greatest possible union with God Aquinas contends that the love of friendship allows for the greatest union between two persons thus the greatest union with God takes the form of friendship with him
