**Bird** Roger J. Lederer,2019-09-25 The human history of depicting birds dates to as many as 40 000 years ago when Paleolithic artists took to cave walls to capture winged and other beasts But the art form has reached its peak in the last four hundred years In *The Art of the Bird* devout birder and ornithologist Roger J Lederer celebrates this heyday of avian illustration in forty artists profiles beginning with the work of Flemish painter Frans Snyders in the early 1600s and continuing through to contemporary artists like Elizabeth Butterworth famed for her portraits of macaws Stretching its wings across time taxa geography and artistic style from the celebrated realism of American conservation icon John James Audubon to Elizabeth Gould's nineteenth century renderings of museum specimens from the Himalayas to Swedish artist and ornithologist Lars Jonsson's ethereal watercolors this book is feathered with art and artists as diverse and beautiful as their subjects A soaring exploration of our fascination with the avian form *The Art of the Bird* is a testament to the ways in which the intense observation inherent in both art and science reveals the mysteries of the natural world *Effin' Birds* Aaron

Reynolds,2019-10-15 A compact comprehensive and very silly field guide featuring more than 200 of the rudest birds on earth from the creator of the Webby Award winning hit Instagram account Effin Birds is the most eagerly anticipated new volume in the grand and noble profession of nature writing and bird identification Sitting proudly alongside Sibley Kaufman and Peterson this book contains more than 150 pages crammed full of classic monochrome plumage art paired with the

delightful but dirty aphorisms think I m going to need more booze to deal with this week that made the Effin Birds feed a household name Also included in its full Technicolor glory is John James Audubon s most beautiful work matched with modern life advice Including never before seen birds insults and field notes this guide is a must have for any effin fan or birder *Rarities of These Lands* Claudia Swan,2021-03-09 The early years of the seventeenth century saw a great flourishing of Dutch culture In the arts this was the era of Vermeer and Rembrandt as well as the development of a local art market Commerce extended around the world with state sponsored trading companies importing foreign goods Politically the Netherlands became the first nation state in Europe in 1648 In this book Claudia Swan considers all these aspects together examining the material culture of the period the designed manufactured and hand crafted materials and wares to show how the Dutch encounter with so called exotic goods played a fundamental role in the country s political formation *Leonardo and the Last Supper* Ross King,2012-01-01 Milan 1496 and forty four year old Leonardo da Vinci has a reputation for taking on commissions and failing to complete them He is in a state of professional uncertainty and financial difficulty For eighteen months he has been painting murals in both the Sforza Castle in Milan and the refectory of the convent of Santa Maria delle Grazie The latter project will become the Last Supper a complex mural that took a full three years to complete on a surface fifteen feet high by twenty feet wide Not only had he never attempted a painting of such size but he had no experience whatsoever in painting in the physically demanding medium of fresco For more than five centuries the Last Supper has been an artistic religious and cultural icon The art historian Kenneth Clark has called it the keystone of European art and for a century after its creation it was regarded as nothing less than a miraculous image Even today according to Clark we regard the painting as more a work of nature than a work of man And yet there is a very human story behind this artistic miracle which was created against the backdrop of momentous events both in Milan and in the life of Leonardo himself In *Leonardo and the Last Supper* Ross King tells the complete story of this creation of this mural the adversities suffered by the artist during its execution the experimental techniques he employed the models for Christ and the Apostles that he used and the numerous personalities involved everyone from the Leonardo s young assistants to Ludovico Sforza the Duke of Milan who commissioned the work Ross King s new book is both a record of Leonardo da Vinci s last five years in Milan and a biography of one of the most famous works of art ever painted *Art and Death* Chris Townsend,2008-07-29 This highly sensitive and beautifully written book looks closely at the way contemporary Western artists negotiate death both as personal experience and in the wider community Townsend discusses but moves beyond the spectacle of death in work by artists such as Damien Hirst to see how mortality in particular the experience of other people s death brings us face to face with profound ethical and even political issues He looks at personal responses to death in the work of artists as varied as Francis Bacon Tracey Emin and Derek Jarman whose film *Blue* is discussed here in depth Exploring the last body of work by the the Kentucky based photographer Ralph Eugene Meatyard and Jewish American installation artist Shimon Attie s powerful memorial work

for the community of Aberfan Townsend considers death in light of the injunction to love their neighbour     *The Ocean, the Bird, and the Scholar* Helen Vendler, 2015-05-11 A Times Higher Education Book of the Week One of our foremost commentators on poetry examines the work of a broad range of nineteenth and twentieth century English Irish and American poets *The Ocean the Bird and the Scholar* gathers two decades worth of Helen Vendler's essays book reviews and occasional prose including the 2004 Jefferson Lecture in a single volume It's one of Vendler's finest books an impressive summation of a long distinguished career in which she revisits many of the poets she has venerated over a lifetime and written about previously Reading it one can feel her happiness in doing what she loves best There is scarcely a page in the book where there isn't a fresh insight about a poet or poetry Charles Simic New York Review of Books Vendler has done perhaps more than any other living critic to shape I might almost say create our understanding of poetry in English Joel Brouwer New York Times Book Review Poems are artifacts and Vendler shows us often thrillingly how those poems she considers the best specimens are made A reader feels that she has thoroughly absorbed her subjects and conveys her understanding with candor clarity wit John Greening Times Literary Supplement     *The True Account of Myself as a Bird* Robert Wrigley, 2022-06-14 From an award winning poet a new collection that endeavors to pass along what the things of the earth are telling us Over the course of his career Robert Wrigley has won acclaim for the emotional toughness sonic richness and lucid style of his poems and for his ability to fuse narrative and lyrical impulses In his new collection Wrigley means to use poetry to capture the primal conversation between human beings and the perilously threatened planet on which they love and live proceeding from a line from Auden All we are not stare back at what we are In language that is both elegiac and playful declarative and yet ringingly musical in traditional sonnets quatrains and free verse Wrigley transcribes the consciousness and significance of every singing thing in order to sing back     *The Bald Eagle: The Improbable Journey of America's Bird* Jack E. Davis, 2022-03-01 Best Books of the Month Wall Street Journal Kirkus Reviews From the Pulitzer Prize winning author of *The Gulf* a sweeping cultural and natural history of the bald eagle in America The bald eagle is regal but fearless a bird you're not inclined to argue with For centuries Americans have celebrated it as majestic and noble yet savaged the living bird behind their national symbol as a malicious predator of livestock and falsely a snatcher of babies Taking us from before the nation's founding through inconceivable resurgences of this enduring all American species Jack E Davis contrasts the age when native peoples lived beside it peacefully with that when others whether through hunting bounties or DDT pesticides twice pushed *Haliaeetus leucocephalus* to the brink of extinction Filled with spectacular stories of Founding Fathers rapacious hunters heroic bird rescuers and the lives of bald eagles themselves monogamous creatures considered among the animal world's finest parents *The Bald Eagle* is a much awaited cultural and natural history that demonstrates how this bird's wondrous journey may provide inspiration today as we grapple with environmental peril on a larger scale     **LIFE** , 1940-10-21 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century
