

Selsey Gold

Howard Charles Davis

Selsey Gold:

The Selsey Gold Howard Charles Davis, 1991 **Barbaric Splendour: The Use of Image Before and After Rome** Toby F. Martin, Wendy Morrison, 2020-06-11 This book comprises a collection of essays comparing late Iron Age and Early Medieval art. Fundamentally the book asks what making images meant on the fringe of the expanding or contracting Roman empire, particularly as the art from both periods drew heavily from but radically transformed imperial imagery.

Archaeology in England and Wales 1914 - 1931 T.D. Kendrick, C.F.C. Hawkes, 2018-01-29 This survey of work carried out over a number of years synthesises the progress of archaeology, showing at a glance the changes within less than a quarter of a century on the interpretation of and reflection on knowledge in the area. Entertainingly written, this is a lasting introductory account of important finds in English and Welsh archaeology by two of the key researchers of the time. Heavily illustrated, this book showcases many artefacts as well as maps and plans, offering a wealth of information. **The**

Antiquaries Journal, 1926 Land, Power and Prestige David T. Yates, 2007-08-01 A major phase of economic expansion occurred in southern England during the second and early first millennium BC, accompanied by a fundamental shift in regional power and wealth towards the eastern lowlands. This book offers a synthesis of available data on Bronze Age lowland field systems in England, including a gazetteer of sites. The research demonstrates the importance of large scale animal husbandry in the mixed farming regimes as evidenced in the design of the field systems, which incorporate droeways, stock proof fencing, watering holes, cow pens, sheep races and gateways for stockhandling. It is argued that the field systems represented a form of conspicuous production, an intensification of agrarian endeavour or a statement of intent to be understood in relation to the maintenance, display and promotion of hierarchical social systems involved in exchange with their counterparts across the English Channel. **An Introduction to English Runes** Raymond Ian Page, 2006 Introduction to the use of runes as a practical script for a variety of purposes in Anglo Saxon England. Runes are quite frequently mentioned in modern writings, usually imprecisely as a source of mystic knowledge, power or insight. This book sets the record straight. It shows runes working as a practical script for a variety of purposes in early English times among both indigenous Anglo Saxons and incoming Vikings. In a scholarly yet readable way it examines the introduction of the runic alphabet to England in the fifth and sixth centuries, the forms and values of its letters and the ways in which it developed up until its decline at the end of the Anglo Saxon period. It discusses how runes were used for informal and day to day purposes on formal monuments as decorative letters in prestigious manuscripts for owners or makers' names on everyday objects, perhaps even in private letters. For the first time the book presents together with earlier finds the many runic objects discovered over the last twenty years, with a range of inscriptions on bone, metal and stone, even including tourists' scratched signatures found on the pilgrimage routes through Italy. It gives an idea of the immense range of information on language and social history contained in these unique documents. The late R I PAGE was former Professor of Anglo Saxon in the University

of Cambridge *The British Museum Quarterly* ,1927 *The Sussex County Magazine* ,1927 *SINCONA Auction 86*

 Department of British and Mediaeval Antiquities and Ethnography, Ormonde Maddock Dalton, 1912 *The Bibliography of*
Regional Fiction in Britain and Ireland, 1800–2000 Keith D. M. Snell, 2017-03-02 Pioneering and interdisciplinary in nature
 this bibliography constitutes a comprehensive list of regional fiction for every county of Ireland Scotland Wales and England
 over the past two centuries In addition other regions of a usually topographical or urban nature have been used such as
 Birmingham and the Black Country London The Fens the Brecklands the Highlands the Hebrides or the Welsh border Each
 entry lists the author title and date of first publication The geographical coverage is encompassing and complete from the
 Channel Islands to the Shetlands An original introduction discusses such matters as definition bibliographical method
 popular readerships trends in output and the scholarly literature on regional fiction **Frisians and Their North Sea**
Neighbours John Hines, Nelleke IJssennagger, 2017 La 4e de couv indique As early as the 1st century AD learned Romans
 knew of more than one group of people living in north western Europe beyond their Empire's Gallic provinces whose names
 contained the element that gives us modern Frisian Those apparently were Celtic speaking peoples but that population seems
 to have completely replaced in the course of the convulsions that Europe underwent at the transition from the Ancient world
 to the Early Medieval in the 4th and 5th centuries The importance of linguistically Germanic Frisians as neighbours of the
 Anglo Saxons Franks Saxons and Danes in the centuries immediately following the fall of the Roman Empire in the West is
 widely recognized and yet these folk themselves remain enigmatic and the details of their culture and organization unfamiliar
 to many The Frisian population and their lands are the focal point of this volume although as is shown we often have to
 approach and to understand these people through comparison with or even through the eyes of their neighbours Empirically
 this perspective embraces all of the coastal communities of the North Sea region and their connexions with the Baltic shores
 Twelve separate but complementary papers present the most up to date discoveries research and interpretations following
 the story of the various Frisians through from the Roman Period to the next great period of disruption and change introduced
 by the Viking Scandinavians Methodologically the thorough combination and integration of linguistic textual and
 archaeological evidence offers a new multidisciplinary template and sets new standards for Early Medieval studies *The*
Economist ,1897 *The Archaeological Journal* ,1851 **The British Numismatic Journal** British Numismatic
 Society, 1913 *The English Guernsey Cattle Society's Herd Book* English Guernsey Cattle Society, 1929 **Nature** ,1896

The General Stud Book Containing Pedigrees of English Race Horses, &c. &c. from the Earliest Accounts to the Year 1831, Inclusive, 1917 **Records of Chichester**, 1928 Sussex Archaeological Collections Relating to the History and Antiquities of the County Sussex Archaeological Society, 1898
