Semana Santa En Popayan:

Semana Santa en Popayán Silvia Patiño, Gustavo Wilches-Chaux, Carlos Zambrano Ulloa, 2005-12 En este libro no se pretende agotar un tema que es su profundo significado cultural que constituye un territorio casi totalmente inexplorado. Las fotos y el texto intentan interpretar la fusión inseparable entre las procesiones y otros actos. El libro relata también la génesis y el significado del festival de la música religiosa de Popayán que desde el año de 1964 forma parte integral de las celebraciones de la semana santa. **Popayan en el cuarto centenario de sus procesiones de Semana Santa,**

1558-1958 José María Arboleda Llorente, 1957 **Holy Week in Popayan** Silvia Patiño, Gustavo Wilches-Chaux, 1999 It is Holy Week time in Popayán. Serenity and devotion guide the steps of the pilgrim crowd that among prayers and chants follow the processions celebrated and remember with expectant joy the passion and resurrection of the Christ. The scent of burning incense floods the atmosphere and the warm spirit of celebration conquers the cold of the night when the air is loaded with prayers and the joy of Christian celebrations takes shape. In Holy Week in Popayán discover the devotion for a religious celebration that brings people together and that pays homage to the mysteries of religion, its traditions and the rooted meaning that it has as part of the powerful Catholic legacy in Latin America. Nonetheless far from being an event imbued with melancholy the Holy Week celebrates life and praises it beyond death as part of life itself and thinking about it as the stop before reaching for eternity. **Finding Caspicara** Susan Verdi Webster, 2024 Caspicara was the most renowned sculptor of the eighteenth century Andean world. Yet many works that are attributed to this Indigenous artist cannot be firmly documented as he is nearly absent in traditional archival records. Susan Webster seeks to analyze not only the visual imagery and material culture of his many works but she also seeks to lay the foundation for understanding how scholars can revive the life and records of artists and other historical figures many of whom were Indigenous in this period with different methodologies. By cultivating artistic theory, popular religious devotion and specific styles of sculpture Webster's examination of the labor and workshop practices of this period contextualize the extensive commercial networks that existed within Quito and emanated beyond it. Webster explores the reason why authors constructed an almost completely fictional life story and canon for this artist that continued for two centuries, how this story fueled the agendas and goals of these authors in melding the colonial past with a newly independent country that could measure itself against western European culture and as a potent story for tourists. She then considers the ways in which Caspicara's work was at the center of debates of sculpture versus painting in Quito. These debates and their development in the city also add context to notions of authorship and how it was documented or not. By exploring the professional world where he worked Webster's analysis of Indigenous sculptors and their family networks of labor and apprenticeship in the arts allow us to understand the changing workforce and materials for sculptures. This analysis also reveals what day to day life may have been for Caspicara and how this routine informed the artistic choices available to him. Archival materials indirectly offer glimpses into how patrons regarded Caspicara and his

work and how the work of others later embellished or altered his original vision Throughout the chapters visuality materials and reception challenge the typical obsession of art historians museum curators and auction houses in their hunger to attribute authorship in ways that increase the value both for prestige and monetary reasons and in ways that end up obscuring authorship and intent

Consideraciones sobre la arquitectura en Popayán Velasco Mosquera, Javier, 2022-03-18

La esencia histórica de la arquitectura colonial es algo que perdura a lo largo de varios siglos Popayán se inicia con ella pero se desgaja por un acontecimiento que divide su vida en dos el antes y el después del terremoto del 2 de febrero de 1736 Sin embargo los cambios no son drásticos sino evolutivos ya que se parte de las circunstancias socio económicas y culturales que le impone el momento para su reconstrucción El pensamiento europeo de la época aporta conceptos importantes pero estos tienen relación directa con lo humanístico que con lo civil De ahí que el Barroco de vieja data en Europa entonces no tiene en la Nueva Granada la acogida y el desarrollo que presenta en otros países como México y Por lo cual repercute también a nivel local en la medida en que sus alcances no llegan sino a ejercer una limitada influencia en el resurgimiento de Popayán en cuanto su radio de acción se focaliza fundamentalmente en la valiosa talla de retablos y altares de algunos templos así como en la pintura y la escultura del siglo XVIII especialmente en las de tipo religioso Dentro de ese marco histórico las creaciones arquitectónicas locales de mayor trascendencia se producen en la segunda mitad del siglo XVIII y en el siglo XIX De manera especial cuando se introducen en la ciudad tendencias arquitectónicas que rayan en lo neoclásico pero con una visión quizás muy particular casi local No obstante aún se descubren latentes muchas de aquellas características tipológicas de la arquitectura payanesa que constituyen su herencia cultural mudjar aunadas a algunas variaciones de tipo formal y funcional manifestadas en la implantación de ciertos principios y detalles que aunque los caracterizan el fondo respetan la planitud básica mudjar

La radio en Popayán Lasso Ágredo, Giezzi, 2021-06-11 Este libro surge de un vacío evidenciado en los procesos académicos del programa de Comunicación de la Universidad del Cauca. Colombia no hay información ni historia suficiente sobre los medios de comunicación del departamento del Cauca, por lo tanto sus páginas aportan al poner la mirada en la radio de la región, el medio menos documentado porque en las prisas cotidianas pocos se toman la tarea de ir registrando el quehacer de quienes hacen de la radio un medio que persiste y acompaña a la audiencia.
