Shakespeare's Unorthodox Biography:

Shakespeare's Unorthodox Biography Diana Price, 2012 *Shakespeare's Unorthodox Biography* Diana Price, 2001 It successfully argues that William Shakespeare was the pen name of an aristocrat and that William Shakespeare of Stratford upon Avon was a shrewd entrepreneur not a dramatist **BOOK JACKET** **Shakespeare's Unorthodox Biography** Diana Price, 2001 It successfully argues that William Shakespeare was the pen name of an aristocrat and that William Shakespeare of Stratford upon Avon was a shrewd entrepreneur not a dramatist **BOOK JACKET** **The Shakespeare Controversy** Warren Hope, Kim Holston, 2009-07-15 Theories stating that plays attributed to Shakespeare were in fact written by other authors have existed for more than 200 years some theories have been ridiculed and reviled while some have gained growing popular and scholarly support The history of the Shakespeare controversy is presented in this revised edition of the 1992 work with much new information and three additional chapters Part I documents and critically assesses the most important theories on the authorship question Part II is an annotated bibliography arranged chronologically of the many works that deal with the controversy from its vague beginnings to the present **The Shakespearean World** Jill L Levenson, Robert Ormsby, 2017-03-27 The Shakespearean World takes a global view of Shakespeare and his works especially their afterlives Constantly changing the Shakespeare central to this volume has acquired an array of meanings over the past four centuries Shakespeare signifies the historical person as well as the plays and verse attributed to him It also signifies the attitudes towards both author and works determined by their receptions Throughout the book specialists aim to situate Shakespeare's world and what the world is because of him In adopting a global perspective the volume arranges thirty six chapters in five parts Shakespeare on stage internationally since the late seventeenth century Shakespeare on film throughout the world Shakespeare in the arts beyond drama and performance Shakespeare in everyday life Shakespeare and critical practice Through its coverage The Shakespearean World offers a comprehensive transhistorical and international view of the ways this Shakespeare has not only influenced but has also been influenced by diverse cultures during 400 years of performance adaptation criticism and citation While each chapter is a freshly conceived introduction to a significant topic all of the chapters move beyond the level of survey suggesting new directions in Shakespeare studies such as ecology tourism and new media and making substantial contributions to the field This volume is an essential resource for all those studying Shakespeare from beginners to advanced specialists *Documents of Shakespeare's England* John A. Wagner, 2019-10-01 This engaging collection of over 60 primary document selections sheds light on the personalities issues events and ideas that defined and shaped life in England during the years of Shakespeare's life and career Documents of Shakespeare's England contains more than 60 primary document selections that will help readers understand all aspects of life in Elizabethan and Jacobean England The book is divided into 12 topical sections such as Politics and Parliament London Life and Queen and Court which offer five document selections each Each document is preceded by a detailed introduction that puts the selection

into historical context and explains why it is important A general introduction and chronology help readers understand Shakespeare's England in broad terms and see connections causes and consequences Bibliographies of current and useful print and electronic information resources accompany each document and a general bibliography lists seminal works on Shakespeare's England This is an engaging and accurate introduction to the England of William Shakespeare told in the words of those who experienced it

Antedating Shakespeare's Poems and Plays Penny McCarthy,2024-09-05 The academic community treats the chronology of Shakespeare's works as settled He supposedly served an apprenticeship collaborating on plays in the 1580s wrote two great poems in the early 90s three plays a year from the mid 90s some problem plays around the turn of the century then his greatest tragedies and finally some romances late in his career This investigation highlights the flaws in the consensus view over reliance on precarious stylometrics dubious identification of topical relevance and unfounded conviction that composition preceded publication performance or first mention by only a short interval Concentrating on his poems and six of his plays the study ascribes parallels in others literary works to their authors imitation or parodying of Shakespeare not vice versa The importance of patronage circles rather than London theatre companies to writers players and printers is spelled out The conclusion is that Shakespeare's works must be radically antedated

Francis Bacon's Hidden Hand in Shakespeare's The Merchant of Venice Christina G. Waldman,2018-07-01

The Which of Shakespeare's Why Leigh Light,2023-09-19 The controversy over who really wrote Shakespeare's plays has been around almost since they were written Was the genius behind the plays really that obscure glover's son from Stratford Or was it someone else entirely a man whose class background education and peculiarities make him a more than plausible candidate In *The Which of Shakespeare's Why* a 21st century playwright named Harry Haines makes the case for a major contender via a play he himself is writing for a struggling New Jersey theatre company Faced with strong disapproval from the Stratfordites and with the backing of supporters that sometimes takes some unusual forms Harry attempts against great odds to get the play written and staged In the process he has to overcome his own doubts stay on the right side of the right people keep his romantic life under control and deal with not only a difficult actress or two but a flock of opinionated Rockettes Part hilarious farce part serious critical examination *The Which of Shakespeare's Why* provides a thought provoking look at a controversial puzzle with a surprising ingenious and wholly satisfying ending that Shakespeare whoever he was would have given a standing ovation

Shakespeare's Wife Germaine Greer,2009-02-24 A New York Times Book Review Notable Book of the Year A polemical ground breaking study of Elizabethan England that reclaims Ann Hathaway's rightful place in history Little is known about the wife of the world's most famous playwright a great deal none of it complimentary has been assumed The omission of her name from Shakespeare's will has been interpreted as evidence that she was nothing more than an unfortunate mistake from which Shakespeare did well to distance himself Yet Shakespeare is above all the poet of marriage Before him there were few comedies or tragedies about wooing or wedding And yet he

explored the sacrament in all its aspects spiritual psychological sexual sociological and was the creator of some of the most tenacious and intelligent heroines in English literature Is it possible therefore that Ann who has been mocked and vilified by scholars for centuries was the inspiration Until now there has been no serious critical scholarship devoted to the life and career of the farmer s daughter who married England s greatest poet Part biography part history Shakespeare s Wife is a fascinating reconstruction of Ann s life and an illuminating look at the daily lives of Elizabethan women from their working routines to the rituals of courtship and the minutiae of married life In this thoroughly researched and controversial book Greer steps off the well trodden paths of orthodoxy asks new questions and begins to right the wrongs done to Ann Shakespeare

The Shakespeare Authorship Question and Philosophy Michael Quinn Dudley, 2023-10-17 For nearly 200 years people have questioned the identity of Shakespeare however this debate is often dismissed by most scholars as just a conspiracy theory with the life of the poet playwright being beyond doubt And yet the documented facts related to the man from Stratford are meagre where they exist at all forcing biographers to rely heavily on their own imaginations What does it mean to say that the traditional stance on Shakespeare s authorship is a belief as opposed to a search for knowledge What are the ethical implications of declaring that some history is beyond doubt and that no debate about it may be permitted What can theories of knowledge truth and rhetoric tell us about how knowledge of Shakespeare has been constructed and justified To the extent that this belief has consequences for society can it then be said to be an ethical one Finally what difference does it actually make from a pragmatic perspective who the Author was Highly original in its scope The Shakespeare Authorship Question and Philosophy sets out the debate s many profound philosophical dimensions concerning knowledge historiography truth and academic freedom implications that transcend the debate itself William Shakespeare

Douglas J. King, 2020-10-08 Based on solid research and clear explanations this book provides a thorough and up to date analysis of 10 key facts and fictions regarding the life and works of William Shakespeare Shakespeare is perhaps the most famous author in world literature His works have attracted tremendous critical and historical attention and the world in which he lived has been the subject of hundreds if not thousands of books But for all the attention given to Shakespeare and his world arguments continue about what we can say for sure concerning his life and works This book brings a unique perspective to the ongoing fascination and debate over the life and works of the most renowned writer of all time The book focuses on 10 separate key issues including Shakespeare s sexuality his religion his marriage and family his education and the vexing authorship question Each chapter treats a particular topic and provides a section on what people think happened how the story developed and what we now believe is the historical truth This book looks objectively and closely at evidence to provide the most likely explanations for questions that cannot be definitively answered Using historical primary source documents it gives readers the clearest possible view of endlessly fascinating topics

Who Wrote Shakespeare? James Shapiro, 2011-08-23 This ebook is an excerpt from Contested Will by James Shapiro and originally appeared as the last

section titled Shakespeare In this chapter Shapiro succinctly and eloquently makes the case for why no one else but Shakespeare could have written Shakespeare's plays **William Shakespeare**, Sir Henry Neville Was Shakespeare John Casson, William D. Rubinstein, 2016-04-15 Who really wrote the plays of Shakespeare *Shakespeare Was a Woman and Other Heresies* Elizabeth Winkler, 2024-04-23 A delightful romp through the Shakespeare authorship question exploring how doubting that William Shakespeare wrote the plays attributed to him became an act of blasphemy and who the Bard might really be **Who Wrote That?** Donald Ostrowski, 2020-06-15 Who Wrote That examines nine authorship controversies providing an introduction to particular disputes and teaching students how to assess historical documents archival materials and apocryphal stories as well as internet sources and news Donald Ostrowski does not argue in favor of one side over another but focuses on the principles of attribution used to make each case While furthering the field of authorship studies Who Wrote That provides an essential resource for instructors at all levels in various subjects It is ultimately about historical detective work Using Moses Analekts the Secret Gospel of Mark Abelard and Heloise the Compendium of Chronicles Rashid al Din Shakespeare Prince Andrei Kurbskii James MacPherson and Mikhail Sholokov Ostrowski builds concrete examples that instructors can use to help students uncover the legitimacy of authorship and to spark the desire to turn over the hidden layers of history so necessary to the craft **"Ordering" Shakespeare** Peter J. Smith, 2011-04-29 For centuries we have been told William Shakespeare was the author of his famous collection of sonnets An industry was created and thrives today to sustain and benefit from Shakespeares name But what if Shakespeare was not the author of the sonnets What if what we have been told about the sonnets is fiction not fact In Ordering Shakespeare author Peter J Smith tackles the controversies surrounding the sonnets and addresses the questions of why the sonnets were originally disarranged why they must be read in their correct sequence and who the real authors were Smith presents an arrangement of Shakespeares Sonnets and explains why this ordering is the best way in which to read them He illuminates the lives of the men who wrote the verses showing they were the recipients of a legacy they passed on as participants in a literary relay the Relay of the Rose Smith communicates that the sonnets were conceived and written to serve the relay in order to express preserve and perpetuate a philosophic and spiritual way of life that will ultimately lead humankind to perfection Francis Bacon's Contribution to Shakespeare Barry R. Clarke, 2019-01-24 Francis Bacon's Contribution to Shakespeare advocates a paradigm shift away from a single author theory of the Shakespeare work towards a many hands theory Here the middle ground is adopted between competing so called Stratfordian and alternative single author conspiracy theories In the process arguments are advanced as to why Shakespeare's First Folio 1623 presents as an unreliable document for attribution and why contemporary opinion characterised Shakspeare his baptised name as an opportunist businessman who acquired the work of others Current methods of authorship attribution are critiqued and an entirely new Rare Collocation Profiling RCP method is introduced which unlike current stylometric methods is capable of detecting

multiple contributors to a text Using the Early English Books Online database rare phrases and collocations in a target text are identified together with the authors who used them This allows a DNA type profile to be constructed for the possible contributors to a text that also takes into account direction of influence The method brings powerful new evidence to bear on crucial questions such as the author of the Groats worth of Witte 1592 letter the identifiable hands in 3 Henry VI the extent of Francis Bacon s contribution to Twelfth Night and The Tempest and the scheduling of Love s Labour s Lost at the 1594 5 Gray s Inn Christmas revels for which Bacon wrote entertainments The treatise also provides detailed analyses of the nature of the complaint against Shakspere in the Groats worth letter the identity of the players who performed The Comedy of Errors at Gray s Inn in 1594 and the reasons why Shakspere could not have had access to Virginia colony information that appears in The Tempest With a Foreword by Sir Mark Rylance this meticulously researched and penetrating study is a thought provoking read for the inquisitive student in Shakespeare Studies **William Shakespeare** Pamela Hill

Shakespeares Unorthodox Biography Introduction

In today's digital age, the availability of Shakespeares Unorthodox Biography books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Shakespeares Unorthodox Biography books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Shakespeares Unorthodox Biography books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Shakespeares Unorthodox Biography versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Shakespeares Unorthodox Biography books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Shakespeares Unorthodox Biography books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Shakespeares Unorthodox Biography books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Shakespeares Unorthodox Biography books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement.
