Committee on Government Operations. Conservation and Natural Resources Subcommittee, 1971 Quail, Buttonquail and Plains-wanderer in Australia and New Zealand Joseph M. Forshaw, 2023-05-01 Although not closely related quail buttonquail and the Plains wanderer have much in common Quail Buttonquail and Plains wanderer in Australia and New Zealand examines 14 species of these small secretive ground dwelling birds including Old World and New World quail the endangered Buff breasted Buttonquail the elusive Plains wanderer and the extinct New Zealand Quail Joseph Forshaw presents a comprehensive review of recent studies for these often hard to observe birds Detailed species descriptions include key features habitat status diet and breeding along with information on eggs calls and distribution Each species is fully illustrated with exquisite colour identification plates by renowned wildlife artist Frank Knight This is an essential reference for anyone fascinated by these elusive birds **A Weed by Any Other Name** Nancy Gift, 2009-05-01 Is that a weed This question asked by anyone who has ever gardened or mowed a lawn does not have an easy answer After all a weed as suburban mother and professional weed scientist Nancy Gift reminds readers is simply a plant out of place In *A Weed by Any Other Name* Gift offers a personal unapologetic defense of clovers dandelions plantains and more chronicling her experience with these enemy plants season by season Rather than falling prey to pressures to achieve the perfect lawn and garden Gift elucidates the many reasons to embrace an unconventional weedy yard She celebrates the spots of wildness that crop up in various corners of suburbia redeeming many a plant's reputation by expounding on its positive qualities She includes recipes for dandelion wine and garlic mustard pesto as well as sketches that show the natural beauty of flowers such as the morning glory classified by the USDA as an invasive and noxious weed Although she is an advocate of weeds Gift admits that some plants do require eradication she happily digs out multiflora rose and resorts to chemical warfare on poison ivy But she also demonstrates that weeds often carry a message for us about the land and our treatment of it if we are willing to listen
