## **Shandyism The Character Of Romantic Irony:**

**Shandyism** Peter Conrad,1978-01-01      **Romantic Poetry and the Fragmentary Imperative** Christopher A. Strathman,2006-06-01 Uses the concept of the poetic fragment to draw connections between romantic poetry and modern literature and literary theory      The Comedy of Romantic Irony Morton Gurewitch,2002-06-21 Few literary concepts evoke the kind of perplexity engendered by a more than passing acquaintanceship with romantic irony In Comedy of Romantic Irony Morton Gurewitch argues that European romantic irony shorn of the excessively capacious and somewhat nebulous aspects of German romantic ironic theory is essentially a comedy of ambivalence a comic tug of war between genuine romantic idealism and authentic antiromantic disenchantment Gurewitch claims moreover that European romantic irony which is found in writers ranging from Byron and Heine to Flaubert and Dostoevsky is romanticism s unique contribution to the history of literary comedy      *Migration and Modernities* DeLucia JoEllen DeLucia,2018-11-27 Recovers a comparative literary history of migrationThis collection initiates transnational transcultural and interdisciplinary conversations about migration in the eighteenth and nineteenth centuries Migrants are by definition liminal and many have existed historically in the murky spaces between nations regions or ethnicities These essays together traverse the globe revealing the experiences real or imagined of eighteenth and nineteenth century migrants from dispossessed Native Americans to soldiers in South America Turkish refugees to Scottish settlers They explore the aesthetic and rhetorical frameworks used to represent migrant experiences during a time when imperial expansion and technological developments made the fortunes of some migrants and made exiles out of others These frameworks continue to influence the narratives we tell ourselves about migration today and were crucial in producing a distinctively modern subjectivity in which mobility and rootlessness have become normative Key FeaturesOffers a comparative framework for understanding the modern history of migration and the aesthetics of mobilityForegrounds interdisciplinary debates about belonging rights and citizenshipDemonstrates how mobility unsettles the national cultural racialized and gendered frames we often use to organize literary and historical studyBrings together scholars from the US and Europe to explore the connections between migrant experiences and the emergence of modernityEmphasizes the globalism of the eighteenth and early nineteenth centuries      **Tristram Shandy (Routledge Revivals)** Max Byrd,2014-08-01 Max Byrd s lucidly written and compelling volume aims to provide a scholarly introduction to one of the most puzzling pieces of eighteenth century literature and a stimulus to critical thought and discussion Laurence Sterne an eccentric and largely unsuccessful clergyman was forty six when he sat down in January of 1759 to begin his literary masterpiece Aside from his sermons only two of which had ever been published Sterne had little more to do with the literary life than any other respectable provincial clergyman His explosion into the history of English literature occurred not only without preparation but also without apparent aptitude Tristram Shandy first published in 1985 sketches Sterne s life and literary antecedents closely analysing key passages of his great satire and concluding with the critical history and

bibliography It will thus be of use to all students of eighteenth century English literature      **Antiquity Recovered** Victoria C. Gardner Coates, Jon L. Seydl, 2007 Antiquity Recovered presents 13 diverse essays that trace how perceptions of the past have changed over the course of three centuries of excavations They range in subject from a reassessment of the contents of the library at Herculaneum's Villa of the Papyri to the symbolic appearance of the ancient world in classic films      *Laughter from Realism to Modernism* Alberto Godioli, 2017-12-02 As best exemplified by the works of Pirandello Svevo Palazzeschi and Gadda Italian modernist fiction is particularly rich in bizarre and ludicrous characters whose originality is often derided by a uniform society On the other hand laughter can also be used by the author or by the misfits themselves as a reaction to the levelling pressure of social life Pirandello's umorismo Svevo's irony Palazzeschi's controdolore and Gadda's satire are all good cases in point Looked at from this perspective early 20th century Italian fiction can set the basis for an innovative reflection on broader comparative themes What is the role of laughter and individual diversity in international Modernism How is modernist eccentricity related to the representations of originality in the 18th and 19th centuries from Sterne to Balzac and Dostoevsky And what does it tell us about the fear of homogenisation as a crucial aspect of the modern social imaginary Building on the analysis of a large corpus of short stories and other major works by the Italian authors at issue as well as on a series of previously undetected intertextual links with the classics of European Realism this book is the first systematic attempt at answering such questions Alberto Godioli is Teaching Fellow in Italian at the University of Edinburgh

French Laughter Walter Redfern, 2008-02-21 The culmination of a lifetime's fascination with humour in all its forms this book is the first in any language to embrace such an impressive span of authors and such a broad range of topics in French literary humour In nine wide ranging chapters Walter Redfern considers diverse writers and topics including Diderot viewed as a laughing philosopher mainly through his fiction Les Bijoux indiscrets Le Neveu de Rameau and Jacques le fataliste humourlessness corralling Rousseau Sade the Christian God and Jean Pierre Brisset the aesthete Huysmans in both his avatars Symbolist and Naturalist A Rebours Sac au dos and other texts the dramatic use of parrots by Flaubert Queneau and Beckett Vall's and la blague exaggeration in Vall's and Celine Mort credit and L'Enfant the fiction plays and autobiography of Sartre bad jokes in Beckett wordplay in Tournier's fiction especially Roi des aulnes and Les Maitres Five interleaved riffs on laughter dreams black humour politics and taste carry the enquiry into questions of humour outside of the purely French context enhancing a book that impresses as much with its vivacity of style as with the breadth and depth of its scholarship

Byron, Poetics and History Jane Stabler, 2002-12-05 Jane Stabler offers the first full scale examination of Byron's poetic form in relation to historical debates of his time Responding to recent studies of publishing and audiences in the Romantic period Stabler argues that Byron's poetics developed in response to contemporary cultural history and his reception by the English reading public Drawing on extensive new archive research into Byron's correspondence and reading Stabler traces the complexity of the intertextual dialogues that run through his work For example Stabler analyses Don Juan alongside

Galignani's Messenger Byron's principal source of news about British politics while in Italy and refers to hitherto unpublished letters between Byron's publishers and his friends to reveal a powerful impulse among his contemporaries to direct his controversial poetic style to their own conflicting political ends This fascinating study will be of interest to Byronists and more broadly to scholars of Romanticism in general

**Laurence Sterne in Modernism and Postmodernism** David Pierce, Peter de Voogd, 2023-04-17 Laurence Sterne's Tristram Shandy is the most wayward and in some respects the most powerful critique of Locke's theory of knowledge while his interest in the gulf between biological and clock time makes him a contemporary of Proust and Bergson In obscuring the fine line between autobiography and fiction Sterne belongs to the generation of modern writers that includes Joyce and Nabokov In his deliberate refusal to construct a go-ahead plot Sterne commends himself to contemporary narratologists In his concern with personal identity he anticipates the Derridean stress on trace In his promiscuous borrowings from past authors he offers himself as a suitably perverse model for the school of postmodern theory In his attention to matters of typography and to a visual language he provides a running commentary on almost every aspect of the relationship between word and image Himself influenced by Rabelais Montaigne Cervantes and Burton Sterne has influenced writers as diverse as Cabrera Infante Kundera Marquez Rushdie and Beckett And James Joyce These influences are traced here by sixteen scholars from Europe and the USA proof if any were needed that Laurence Sterne today is as rewardingly puzzling as he was in his own century

**Romantic Prose Fiction** Gerald Ernest Paul Gillespie, Manfred Engel, Bernard Dieterle, 2008 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization

The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic

philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

**Cultural Work of Empire** Carol Watts, 2007-06-05 This book argues that the Seven Years War 1756-63 produced an intense historical consciousness within British cultural life regarding the boundaries of belonging to community family and nation Global warfare prompts a radical reimagining of the state and the subjectivities of those who inhabit it Laurence Sterne's distinctive writing provides a remarkable route through the transformations of mid eighteenth century British culture The risks of war generate unexpected freedoms and crises in the making of domestic imperial subjects which will continue to reverberate in anti slavery struggles and colonial conflict from America to India The book concentrates on the period from the 1750s to the 1770s It explores the work of Johnson Goldsmith Walpole Burke Scott Wheatley Sancho Smollett Rousseau Collier Smith and Wollstonecraft alongside Sterne's narratives It incorporates debates among moral philosophers and philanthropists examines political tracts poetry and grammar exercises and paintings by Kauffman Hayman and Wright of Derby tracking the investments in and resistances to the cultural work of empire Key Features Topical in its focus on the making of modern subjectivity during the first global war Path breaking in advancing our understanding of the cultural history of eighteenth century Britain Timely in its combination of new historical research with a critical engagement with debates in postcolonial and subaltern studies Original in its account of the literature of the Seven Years War and its outstanding analysis of the writing of Laurence Sterne
