Shanghai Odybey:

Shanghai Odyssey Homer Sykes, Grimstone Foundation, 2002 As Shanghai enters the 21st century this most dynamic of Chinese cities looks back over a decade of phenomenal growth It is a focus for foreign investment and futuristic architecture yet the city's international past is still very much in evidence In the crowded streets and shopping malls there is an unabashed enthusiasm for consumerism and a great capacity to enjoy whatever life has to offer Sykes's pictures range from moments of personal intimacy to industrial projects and his work achieves a subtle chemistry between photojournalism and fine art photography The photographs are accompanied by perceptive captions and a lively chronology of historical events Homer Sykes travels widely on assignment throughout the world *Shanghai Tai Chi* Hanchao Lu, 2023-05-11 Shanghai Tai Chi offers a masterful portrait of daily urban life under socialism in a rich social and political history of one of the world's most complex cities Hanchao Lu explores the lives of people from all areas of society from capitalists and bourgeois intellectuals to women and youth Utilizing the metaphor of Tai Chi he reveals how people in Shanghai experienced and adapted to a new Maoist political culture from 1949 Exploring the multifaceted complexity of everyday life and material culture in Mao's China Lu addresses the survival of old bourgeois lifestyles under the new proletarian dictatorship the achievements of intellectuals in an age of anti-intellectualism the pleasure that urban youth derived from reading taboo literature the emergence of women's liberation and the politics of greening and horticulture This captivating epitomizing and vivid history transports readers to history as lived on Shanghai's streets and back alleyways *Jewish Wayfarers in Modern China* Matthias Messmer, 2012-03-29 Jewish Wayfarers in Modern China Tragedy and Splendor is a cross-cultural collection of carefully researched and well-documented biographies of many previously little-known Western visitors to China who experienced at first hand China's revolution and rise in the 20th century **Wuhu Diary** Emily Prager, 2007-12-18 In 1994 an American writer named Emily Prager met her new daughter LuLu All she knew about her was that the baby had been born in Wuhu a city in southern China and left near a police station in her first three days of life Her birth mother had left a note with LuLu's western and lunar birth dates In 1999 Emily and her daughter now a happy fearless four-year-old returned to China to find out more That journey and its discoveries unfold in this lovely touching and sensitively observed book In Wuhu Diary we follow Emily and LuLu through a country where children are doted on yet often summarily abandoned and where immense human friendliness can coexist with outbursts of state-orchestrated hostility particularly after the U.S. accidentally bombs the Chinese embassy in Belgrade We see Emily unearthing precious details of her child's past and LuLu coming to terms with who she is The result is a book that will delight anyone interested in China and that will move and instruct anyone who has ever adopted or considered adopting a child *The New Expatriates* Anne-Meike Fechter, Katie Walsh, 2013-09-13 While scholarship on migration has been thriving for decades little attention has been paid to professionals from Europe and America who move temporarily to destinations beyond the West Such migrants are marginalised and

depoliticised by debates on immigration policy and thus there is an urgent need to develop nuanced understanding of these more privileged movements In many ways these are the modern day equivalents of colonial settlers and expatriates yet the continuities in their migration practices have rarely been considered The New Expatriates advances our understanding of contemporary mobile professionals by engaging with postcolonial theories of race culture and identity The volume brings together authors and research from across a wide range of disciplines seeking to evaluate the significance of the past in shaping contemporary expatriate mobilities and highlighting postcolonial continuities in relation to people practices and imaginations Acknowledging the resonances across a range of geographical sites in Asia Africa and the Middle East the chapters consider the particularity of postcolonial contexts while enabling comparative perspectives A focus on race and culture is often obscured by assumptions about class occupation and skill but this volume explicitly examines the way in which whiteness and imperial relationships continue to shape the migration experiences of Euro American skilled migrants as they seek out new places to live and work This book was originally published as a special issue of the Journal of Ethnic and Migration Studies

managerial and entrepreneurial elites often referred to as international talent who circulate between cities in response to career and business opportunities. While much has been written about the economic motivations behind these mobilities, less is known about the everyday experiences and encounters of highly skilled transnational migrants who, with the rise of Asia as an economic powerhouse and cultural magnet, are not only increasingly Asian in composition but also rapidly attracted to the globalising cities in Asia. The book demonstrates how the migratory moves of transnational elites are not only implicated in the reality of multiple belongings but are also intertwined with the broader cultural politics of specific places. By exploring the interfaces of contact and their diverse subjectivities from race and gender to class and nationality, this collection as a whole, with papers examining talent moving among cities in China, Taiwan, Singapore, Japan, Britain, and Canada, paints a decidedly complex picture of how talented migrants inhabit the world in more than rational ways. Through the lens of the everyday, this book uncovers the ways in which cosmopolitanisms are forged in uneven and contested ways in different localities as well as offer new insights into cities as transnational spaces of encounter in the 21st century. This book was originally published as a special issue of the *Journal of Ethnic and Migration Studies*. **Official Steamship Guide**

International, 2000 *The Compensations of Plunder* Justin M. Jacobs, 2020-07-13 A very important contribution to the history of collecting in the new context of nationalism in China and in the West. Innovative and engaging. *American Historical Review*. From the 1790s until World War I, Western museums filled their shelves with art and antiquities from around the world. These objects are now widely regarded as stolen from their countries of origin, and demands for their repatriation grow louder by the day. In *The Compensations of Plunder*, Justin M. Jacobs brings to light the historical context of the exodus of cultural treasures from northwestern China. Based on a close analysis of previously neglected archives in English, French, and Chinese, Jacobs finds that many local elites in China acquiesced to the removal of art and antiquities abroad, understanding their trade as currency for a cosmopolitan elite. In the decades after the 1911 Revolution, however, these antiquities went from being diplomatic capital to disputed icons of the emerging nation-state. A new generation of Chinese scholars began to criminalize the prior activities of archaeologists, erasing all memory of the pragmatic barter relationship that once existed in China. Recovering the voices of those local officials, scholars, and laborers who shaped the global trade in antiquities, *The Compensations of Plunder* brings historical grounding to a highly contentious topic in modern Chinese history and informs heated debates over cultural restitution throughout the world. Clearly the result of a very meticulously researched project, *The Compensations of Plunder* is a well-crafted and tremendously enjoyable read. P. R. Cassel, University of Michigan
