## **Shanghai Year A Westerners Life In The New China:**

Shanghai Year Peter Brigg, 1987-01-01 This book represents snapshots of Shanghai with speculations on their meaning as China opens to the West and undergoes yet another shift towards modernity      The United States Army in China, 1900-1938 Alfred Emile Cornebise, 2015-07-13 A study of U S Chinese relations involving the U S Army this work focuses at the personnel level on the Army s service in China While studies have been published of the U S Marines and U S Navy s involvement in China little attention has been given the Army s missions in this theater Operations in China were a key part of the history and traditions of the 9th 14th 15th and 31st Regiments whose coats of arms still feature dragons as symbols of their service there Many who served in the 15th in China went on to impressive careers as general officers prompting one soldier to ask what other infantry regiment of those days can boast of such an alumni list Also covered is the 31st Regiments involvement in Shanghai during the Second Sino Japanese War the prelude of the coming of World War II in Asia

Westerners in China Foster Stockwell, 2015-10-03 Today the doors of China are opening to foreign investment and trade as never before but the history of contact between China and the West goes back many centuries Goods from China were being traded in Rome long before the birth of Christ transported over the famous silk road that crossed Mongolia and Russia But not until the mid fifteenth century when Marco Polo published his account of his travels did China really capture the European imagination Subsequent centuries saw missionary trips to China by Franciscans and Jesuits a European craze for Chinese silk and porcelain European visits to Tibet the infamous Opium War between Britain and China and further instances of contact commerce and conflict China has shown amazing economic growth since 1949 and today it has set ambitious goals for growth in trade and technology This book traces the history of Western exploration in and trade with China It follows the events outlined above and touches on many other highlights including exploration by the Russian Nikolay Przhevalsky who traveled deep into China and today is largely remembered for the horse he discovered and identified there the travels of nineteenth century women explorers in China American Roy Chapman s discovery of the first fossilized dinosaur eggs in the Gobi Desert and the competition between two American explorers to be the first to capture a live panda Also included are a chronology of Chinese history and a pronunciation guide      The Western Classical Music Industry in Twenty-First Century China Weida Wang, 2025-03-04 Weida Wang explores how Western classical music WCM has become increasingly popular in China framing the industry as a complex entity intricately embedded within China s political landscape cultural economy and cultural industries Wang highlights how authorities and organisers strive to build powerful brands to support the industry s growth aiming to tap into the vast domestic market and showcase China s achievements in WCM on the global stage as part of broader cultural diplomacy efforts The study delves into the mechanisms and underlying logics driving the rapid expansion of the WCM market in contemporary China With the rise of China s economy since its government s late 1970s economic and political reform WCM has become a useful tool for showcasing changes to the image of modern and contemporary China At

the same time a new Chinese middle class following the rapid economic and cultural development in China's coastal cities has also emerged becoming a substantial demographic involved in the learning appreciation and consumption of WCM. Especially in the past 20 years a new WCM scene has developed quickly and established as an industry in China one critically enmeshed in both the business and political worlds. Many ground breaking cultural events have taken place in the last decades. These have shown themselves to be huge forces behind the development of China's domestic and fledgling international classical music aspirations. The book will be valuable for those interested in arts music management music industry studies China studies cultural and creative industry studies and ethnomusicology. Images of Westerners in Chinese and Japanese Literature, 2021-12-28. The present volume is the product of a joint effort made by scholars from across China including Hong Kong Japan and Europe. The book gathers sixteen papers devoted to literary and cultural criticism from a comparative point of view. A perspective prominent in this volume is imagology an approach first developed by Daniel Henry Pageaux and which focuses on specific images in literary and other texts. The study of the image of the foreign in national literary traditions for instance belongs to the traditional purview of comparative literature. Pageaux did more than uphold this tradition. He practically reinvented it using new theoretical concepts and perspectives in particular semiotics and reception aesthetics. On this basis he was able to develop a theory and a methodology that are both usable and in tune with contemporary concerns. The present book covers a wide range of topics in the study of images of Westerners in Chinese and Japanese literature. Individual contributions deal with issues such as the genesis of the Chinese term Foreign Devil the occurrence of Westerners in modern Chinese and Japanese literature and the Chinese and Japanese reception of individual western authors and artists such as amongst others Oscar Wilde Vincent Van Gogh and Madame Roland. Some papers examine individual authors such as Lu Xun and Takeyama Michio. Others examine historical periods or literary movements. The approaches followed range from historical investigations of linguistic practices to detailed literary analyses.

Jewish Wayfarers in Modern China Tragedy and Splendor is a cross cultural collection of carefully researched and well documented biographies of many previously little known Western visitors to China who experienced at first hand China's revolution and rise in the 20th century. **New frontiers** Robert Bickers, Christian Henriot, 2017-03-01. In the new world order mapped out by Japanese and Western imperialism in East Asia after the mid nineteenth century opium wars communities of merchants and settlers took root in China and Korea. New identities were constructed new modes of collaboration formed and new boundaries between the indigenous and foreign communities were literally and figuratively established. Newly available in paperback this pioneering and comparative study of Western and Japanese imperialism examines European American and Japanese communities in

China and Korea and challenges received notions of agency and collaboration by also looking at the roles in China of British and Japanese colonial subjects from Korea Taiwan and India and at Chinese Christians and White Russian refugees This volume will be of interest to students and scholars of the history and anthropology of imperialism colonialism s culture and East Asian history as well as contemporary Asian affairs

**The Phoenix Years** Madeleine O'Dea, 2017-10-03 By following the stories of nine contemporary Chinese artists The Phoenix Years shows how China s rise unleashed creativity thwarted hopes and sparked tensions between the individual and the state that continue to this day It relates the heady years of hope and creativity in the 1980s which ended in the disaster of the Tiananmen Square massacre Following that tragedy comes China s meteoric economic rise and the opportunities that emerged alongside the difficult compromises artists and others have to make to be citizens in modern China Foreign correspondent Madeleine O'Dea has been an eyewitness for over thirty years to the rise of China the explosion of its contemporary art and cultural scene and the long ongoing struggle for free expression The stories of these artists and their art mirror the history of their country The Phoenix Years is vital reading for anyone interested in China today

**Architecture and the Landscape of Modernity in China before 1949** Edward Denison, 2017-02-17 This book explores China s encounter with architecture and modernity in the tumultuous epoch before Communism an encounter that was mediated not by a singular notion of modernism emanating from the west but that was uniquely multifarious deriving from a variety of sources both from the west and importantly from the east The heterogeneous origins of modernity in China are what make its experience distinctive and its architectural encounters exceptional These experiences are investigated through a re-evaluation of established knowledge of the subject within the wider landscape of modern art practices in China The study draws on original archival and photographic material from different artistic genres and architecturally concentrates on China s engagement with the west through the treaty ports and leased territories the emergence of architecture as a profession in China and Japan s omnipresence not least in Manchuria which reached its apogee in the puppet state of Manchukuo The study s geographically temporally and architecturally inclusive approach framed by the concept of multiple modernities questions the application of conventional theories of modernity or post colonialism to the Chinese situation By challenging conventional modernist historiography that has marginalised the experiences of the west s other for much of the last century this book proposes different ways of grappling with and comprehending the distinction and complexity of China s experiences and its encounter with architectural modernity

Shanghai's Dancing World Andrew David, 2010-11-03 Drawing upon a unique and untapped reservoir of newspapers magazines novels government documents photographs and illustrations this book traces the origin pinnacle and ultimate demise of a commercial dance industry in Shanghai between the end of the First World War and the early years of the People s Republic of China Delving deep into the world of cabarets nightclubs and elite ballrooms that arose in the city in the 1920s and peaked in the 1930s the book assesses how and why Chinese society incorporated and transformed this westernized

world of leisure and entertainment to suit its own tastes and interests Focusing on the jazzage nightlife of the city in its golden age the book examines issues of colonialism and modernity urban space sociability and sexuality and modern Chinese national identity formation in a tumultuous era of war and revolution      **Shanghai's Dancing World** Andrew Field,2010 It was thanks to its cabarets that Old Shanghai was called the Paris of the Orient No one has studied the rise and fall of those cabarets more extensively than Andrew Field His book is packed with fascinating information and attests on every page to his understanding of Shanghai s history LYNN PAN author of *Sons of the Yellow Emperor*      *Proceedings of the 2024 3rd International Conference on Science Education and Art Appreciation (SEAA 2024)* Yan Li,Hui Liu,Yi Ji,Mohd Fauzi Sedon,2024-09-29 This is an open access book Time background As a leading role in the global megatrend of scientific innovation China has been creating a more and more open environment for scientific innovation increasing the depth and breadth of academic cooperation and building a community of innovation that benefits all These endeavors have made new contribution to globalization and creating a community of shared future 2024 3rd International Conference on Science Education and Art Appreciation SEAA 2024 will be held on June 28 30 2024 in Kuala Lumpur Malaysia It aims to encourage exchange of information on research frontiers in different fields connect the most advanced academic resources in China and abroad turn research results into industrial solutions bring together talents technologies and capital to boost development The purpose of the conference is to provide an international platform for experts scholars engineers and technicians and technical R D personnel engaged in related fields such as Science Education and Art Appreciation to share scientific research results broaden research ideas collide with new ideas and strengthen academic research and to explore the key challenges and research directions faced by the development of this field and promote the industrialization cooperation of academic achievements Experts scholars business people and other relevant personnel from universities and research institutions at home and abroad are cordially invited to attend and exchange About Science Education and Art Appreciation In contemporary society we have begun to reflect seriously on the negative effects caused by neglecting humanities while paying too much attention to science education and have begun to pay attention to infiltrating human humanistic spirit in science As one of the core of humanities art embodies strong humanistic spirit Human ideals aspirations emotions morality and other humanistic characteristics are contained in the artistic works created by artists from different histories and countries Therefore the art curriculum has the humanistic nature and bears the task of cultivating students humanistic spirit Not only make students influenced by good art but also make them have a positive spiritual pursuit get rid of the shackles of material interests but also make them have a sense of civilization and history      **The China Weekly Review** ,1924      **Life in Treaty Port China and Japan** Donna Brunero,Stephanie Villalta Puig,2018-03-30 This edited volume moves beyond the traditional examination of the treaty ports of China and Japan as places of cultural interaction It moves beyond the Bund presenting instead the history of material culture the everyday life of the residents of the treaty ports beyond the symbology

of Shanghai's waterfront Bringing for the first time together scholars of China and Japan museum curators legal economic and architectural historians it studies the treaty ports not only as sites of cultural exchange but also as sites of social contestation accommodation and mobility covering topics as varied as day to day life itself such as family property and law health and welfare travel visual culture and memory The call of this volume is to peel the multiple layers of the encounter between East and West in the treaty ports of China and Japan

**China and the West** Jerome Ch'en, 2018-10-10 This penetrating study of China's social and cultural contacts with the West first published in 1979 analyses the early images that China and the West had of one another and the illusions and misconceptions that arose from these images The book centres on the question why did China fail to become modernised through contact with the West before the 1930s The author examines the roles played by the agents of change emigrants missionaries traders scholars and diplomats and the political economic social and cultural developments which the transmission of their ideas set in motion The book also looks at the ways in which change was frustrated by the rulers of the country the leaders of the imperial government and later the warlords politicians and followers of Chiang Kai shek Through the author's analysis of the complex factors involved based on extensive original research into private archive material from all over the world and his study of the influence of centuries of Chinese cultural tradition China's slow path to modernisation is explained and illuminated

**Town and Country in China** David Faure, Tao Tao Liu, 2016-04-30 The transformation in Chinese social theory in the twentieth century placed the rural urban divide at the centre of individual identity In 1500 such distinctions were insignificant and it was the emergence of political reforms in the early 1920s and 1930s which separated cities and towns as agents of social change and encouraged a perception of rural backwardness This interdisciplinary collection traces the development and distinctions between urban and rural life and the effect on the Chinese sense of identity from the sixteenth century to the present day It provides a daunting example of the influence that political ideology may exert on an individual's sense of place

**Art and Artists of Twentieth-Century China** Michael Sullivan, 2023-12-22 This visually stunning book focuses on the rebirth of Chinese art in the twentieth century under the influence of Western art and culture Michael Sullivan recognized throughout the world as a leading scholar of Chinese art vividly documents the conflicting pulls of traditional and Western values on Chinese art and provides 364 illustrations in color and black and white to show the great range of artistic expression and the historical processes that occurred within various movements A substantial biographical index of twentieth century Chinese artists is a valuable addition to the text Sullivan discusses artists and their work against China's background of oppression and relaxation despair and hope He expertly conveys the diverse and at times bizarre intertwining of Chinese cultural history and art during this century Included are the intense debates between traditionalists and reformers the creation of the first art schools and the birth of the idea shocking in ethnocentric China that art is a world language that obliterates all frontiers The scholarly traditions of classical Chinese painting the belated discovery of Western modernism the artistic upheaval under

Communism and China's rethinking of the very nature of art all have a place in Sullivan's fascinating history. Michael Sullivan has known many of the major figures in China's modern art movement of the 1930s and 1940s and has also gained the confidence of younger artists who rose to prominence following the 1979 Peking Spring. This long-awaited book, richly documented and abundantly illustrated, is a capstone to Sullivan's work and will be enthusiastically welcomed by art lovers everywhere.

**Western Enterprise in Far Eastern Economic Development** G. C. Allen, Donnithorne, 2013-11-05

**Western Enterprise in Far Eastern Economic Development** charts the activities of Western firms in China and Japan from the middle of the nineteenth century when those countries were opened to foreign trade until recently. The organization of the Western business undertakings, the types of firms concerned, and relations between the Westerners and the Japanese and Chinese economies are all discussed. Among the economic activities covered are merchant banking, finance, manufacturing, mining, shipping, and domestic transport. A dominant theme is the contrast presented by China and Japan in their response to Western enterprise.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
