Morgan, Charles Adams Platt, Rebecca Warren Davidson, Hood Museum of Art, Octagon (Washington, D.C.), William Benton Museum of Art, 1995 A rich portrait of a major figure in American art and architecture and his role in shaping American cultural identity American Landscape Design II Charles A. Birnbaum, Julie K. Fix, 1995 The Architecture of Delano & Aldrich Peter Pennoyer, Anne Walker, 2003 The firm of Delano Aldrich occupied a central place in the United States in the first half of the twentieth century substantially shaping the architectural climate of the period *Paintings and Sculpture in the Collection* of the National Academy of Design: 1826-1925 David Bernard Dearinger, National Academy of Design (U.S.), 2004 This is the first installment of a fully illustrated catalogue of the Academy's priceless collection of paintings and sculptures Shipman and the American Garden Judith B. Tankard, 2018-05-01 Describes Shipman's remarkable life and fifty of her major works including the Stan Hywet Gardens in Akron Ohio Longue Vue Gardens in New Orleans and Sarah P Duke Gardens at Duke University Richly illustrated this expanded edition reveals her ability to combine plants for dramatic impact The Oxford Dictionary of Architecture James Stevens Curl, Susan and create spaces of the utmost intimacy Wilson, 2015-02-26 Containing over 6 000 entries from Aalto to Zwinger and written in a clear and concise style this authoritative dictionary covers architectural history in detail from ancient times to the present day It also includes concise biographies of hundreds of architects from history excluding living persons from Sir Francis Bacon and Imhotep to Liang Ssu ch eng and Francis Inigo Thomas The text is complemented by over 260 beautiful and meticulous line drawings labelled cross sections and diagrams These include precise drawings of typical building features making it easy for readers to identify particular period styles This third edition of The Oxford Dictionary of Architecture has been extensively revised and expanded with over 900 new entries including hundreds of definitions of garden and landscape terms such as Baroque garden floral clock hortus conclusus and Zen garden design Each entry is followed by a mini bibliography with suggestions for further reading The full bibliography to the first edition previously only available online has also been fully updated and expanded and incorporated into this new edition This is an essential work of reference for anyone with an interest in architectural and garden history With clear descriptions providing in depth analysis it is invaluable for students professional architects art historians and anyone interested in architecture and garden design and provides a fascinating wealth of information for the Foreign Trends in American Gardens Raffaella Fabiani Giannetto, 2017-02-08 Foreign Trends in American general reader Gardens addresses the influence of foreign designed landscapes on the development of their American counterparts Including essays from an array of significant scholars in landscape studies this collection examines topics ranging from the importation of Western and Eastern styles of design and theoretical literature to the adaptation of specific plant types As the

variety of topics and influences discussed demonstrates the essence of American gardens defies simple definition Examining the translation imitation adaptation and naturalization of stylistic trends and horticultural specimens into American gardens the book also dwells on the juxtaposition of the foreign and the native The volume's contributors consider the experiences both of immigrants who contributed through their writing planting and design efforts to enhance the character of regional gardens and of Americans who traveled abroad and brought back with them a passion for naturalizing exotics for scientific as well as aesthetic reasons The complexity of American gardens their combination of the historic and the modern and of foreign cultures and local values is also their most distinctive characteristic **American Garden Literature in the Dumbarton Oaks Collection (1785-1900)** Joachim Wolschke-Bulmahn, Jack Becker, 1998 An annotated listing of titles held at the Garden Library at Dumbarton Oaks with an introduction discussing the evolution of American garden culture and landscape architecture in the course of the 19th century Includes a chronological list of titles as well as an index and a good selection of bandw illustrations Annotation copyrighted by Book News Inc Portland OR Roosevelt Homes of the Hudson Valley Shannon Butler, 2020-08-17 Franklin Delano Roosevelt and his family may be most remembered for their time at 1600 Pennsylvania Avenue but it was the Hudson Valley they called home In Manhattan the president's mother built a townhome on East Sixty Fifth Street and Eleanor was born on East Thirty Seventh On the banks of the Hudson River Hyde Park was Franklin's birthplace and where he entertained some of the most important leaders of the twentieth century Up the Albany Post Road several homes of family and friends played important moments in history Laura Delano s Tudor style house was where FDR met with Churchill and the beautiful Wilderstein was home to Daisy Suckley a devoted confidente In Albany as governor FDR installed a therapy pool in a converted outdoor greenhouse to assist his physical challenges in the Executive Mansion Historian Shannon Butler traces the historic homes that shaped the Roosevelt family in the Hudson Valley

Classical Architecture for the Twenty-first Century J. François Gabriel, 2004 A richly illustrated carefully explained introduction to classical architecture Highly recommended Choice Encyclopedia of Twentieth Century Architecture R. Stephen Sennott, 2004 For more information including the introduction a full list of entries and contributors a generous selection of sample pages and more visit the Encyclope dia of 20th Century Architecture website Focusing on architecture from all regions of the world this three volume set profiles the twentieth century s vast chronicle of architectural achievements both within and well beyond the theoretical confines of modernism Unlike existing works this encyclopedia examines the complexities of rapidly changing global conditions that have dispersed modern architectural types movements styles and building practices across traditional geographic and cultural boundaries A World of Gardens John Dixon Hunt, 2014-05-14 A Japanese garden is immediately distinct to the eye from the traditional gardens of an English manor house just as the manicured topiaries of Versailles contrast with the sharp cacti of the American Southwest Though gardening is beloved the world over the style of gardens themselves varies from region to region determined as much by

culture as climate In this series of illustrated essays John Dixon Hunt takes us on a world tour of different periods in the making of gardens Hunt shows here how cultural assumptions and local geography have shaped gardens and their meaning He explores our continuing responses to land and reworkings of the natural world encompassing a broad range of gardens from ancient Roman times to early Islamic and Mughal gardens from Chinese and Japanese gardens to the invention of the public park and modern landscape architecture A World of Gardens looks at key chapters in garden history reviewing their significance past and present and tracing the recurrence of different themes and motifs in the design and reception of gardens throughout the world A World of Gardens celebrates the idea that similar experiences of gardens can be found in many different times and places including sacred landscapes scientific gardens urban gardens secluded gardens and symbolic gardens Featuring two hundred images this book is a treasure trove of ideas and inspiration whether your garden is a window box a secluded backyard or a daydream Encyclopedia of American Art Before 1914 Jane Turner, 2000 This alphabetically arranged volume covers all the major artistic developments in the USA from the Colonial period until 1914 with the start of World War I Renaissance Porticoes and Painted Pergolas Natsumi Nonaka, 2017-02-17 This book is the first study of the portico and its decorative program as a cultural phenomenon in Renaissance Italy Focusing on a largely neglected group of porticoes decorated with painted pergolas that appeared in Rome and environs in the sixteenth and early seventeenth centuries it tells the story of how an element of the garden the pergola became a pictorial topos in portico decoration and evolved hand in hand with its real cousin in the garden into an object for cultural emulation among the educated patrons of early modern Rome The liminality of both the portico and the pergola at the interface of architecture and garden is key to the interpretation of these architectural and painted forms which rests on the intersecting frameworks of the classical tradition natural history and the cultural identity of the aristocracy In the mediating space of the Renaissance portico the illusionism pergola created an art gallery a natural history museum and a virtual garden where one could engage in leisurely strolls learned conversations appreciation of art and scientific investigation as well as extensive travel across time and space The book proposes the interpretation that the illusionistic pergola was an artistic formula for the early Warren H. Manning Robin Karson, Jane Roy Brown, Sarah Allaback, 2017-04-01 Warren H. modern perception of nature Manning s 1860 1938 national practice comprised more than sixteen hundred landscape design and planning projects throughout North America from small home grounds to estates cemeteries college campuses parks and park systems and new industrial towns Manning approached his design and planning projects from an environmental perspective conceptualizing projects as components of larger regional in some cases national systems a method that contrasted sharply with those of his stylistically oriented colleagues In this regard as in many others Manning had been influenced by his years with the Olmsted firm where the foundations of his resource based approach to design were forged Manning's overlay map methods later adopted by the renowned landscape architect Ian McHarg provided the basis for computer mapping software in widespread use today One of the eleven founders of the American Society of Landscape Architects Manning also ran one of the nation's largest offices where he trained several influential designers including Fletcher Steele A D Taylor Charles Gillette and Dan Kiley After Manning's death his reputation slipped into obscurity Contributors to the Warren H Manning Research Project have worked more than a decade to assess current conditions of his built projects and to compile a richly illustrated compendium of site essays that illuminate the range scope and significance of Manning's notable career with specially commissioned photographs by Carol Betsch Academy Hill, 2000 Gardens of the Arts and Crafts Movement Judith B. Tankard, 2018-11-27 The ever alluring Arts and Crafts garden is profoundly relevant to our 21st century needs Sam Watters author of Gardens for a Beautiful America In Gardens of the Arts and Crafts Movement landscape scholar Judith B Tankard surveys the inspirations characteristics and development of garden design during this iconic movement Tankard presents a selection of houses and gardens of the era from Great Britain and North America With almost 300 illustrations and photographs and an emphasis on the diversity of designers who helped forge the movement Gardens of the Arts and Crafts Movement is an essential resource for this truly distinct approach to garden design Earth Repair Marcus Hall, 2005 Just as the restoration of Michelangelo's Last Judgment sparked enormous controversy in the art world so are environmental restorationists intensely divided when it comes to finding ways to rehabilitate damaged ecosystems Although environmental restoration is quickly becoming a widespread pursuit debate over the methods and goals of this endeavor often halts progress The same question confronts artistic and environmental restorationists Which systems need restoring and to what states should they be restored In Earth Repair A Transatlantic History of Environmental Restoration Marcus Hall explores the answer to this question while offering an alternative to the usual narrative of humans disrupting and spoiling the earth Hall s purpose is not to deny that humans have done lasting damage but to show that those who believed in restoration did not always agree on what they wanted to restore or how or to what form With guidance from the pioneer conservationist George Perkins Marsh the reader travels between the United States and Italy to see that restoration has taken many forms over the past two hundred years from maintaining and repairing to gardening and naturalizing By contrasting land management in these two countries and elsewhere Earth Repair clarifies different meanings of restoration shows how such meanings have changed through time and place and suggests how restorationists can apply these insights to their own Journal of the Society of Architectural Historians Society of Architectural Historians, 1995 Includes special practices issues
