Habib, 2019-08-22 Over the course of four years Jasmin Habib was a participant observer on tours of Israel organized for diaspora Jews as well as at North American community events focusing on Israel and Israel diaspora relations In this book she argues that much of the existing literature about North American Jews and their relationship to Israel ignores their reactions to official narratives and perpetuates an official silence surrounding the destructive aspects of nationalist sentiments The second edition of *Israel Diaspora and the Routes of National Belonging* includes a new introduction by the author that builds on her groundbreaking research and reflects on the changes to scholarship since the book's publication in 2004 Additionally by exploring the dramatic changes to the region's politics Habib ensures that the startlingly honest theoretically rich and detailed analysis of her original work continues to be of relevance over a decade later      **The**

**Jerusalem in Three Abrahamic Religions** Antti Laato, 2019-08-05 *Understanding the Spiritual Meaning of Jerusalem in Three Abrahamic Religions* analyzes the historical social and theological factors which have resulted in Jerusalem being considered a holy place in Judaism Christianity and Islam It also surveys the transmission of the religious traditions related to Jerusalem This volume centralizes both the biblical background of Jerusalem's pivotal role as holy place and its later development in religious writings the biblical imagery has been adapted rewritten and modified in Second Temple Jewish

writings the New Testament patristic and Jewish literature and Islamic traditions Thus all three monotheistic religions have influenced the multifaceted interpretive traditions which help to understand the current religious and political position of Jerusalem in the three main Abrahamic faiths      The Jewish Radical Right Eran Kaplan,2005-03-14 The Jewish Radical Right is the first comprehensive analysis of Zionist Revisionist thought in the 1920s and 1930s and of its ideological legacy in modern day Israel The Revisionists under the leadership of Ze'ev Jabotinsky offered a radical view of Jewish history and a revolutionary vision for its future Using new archival material Eran Kaplan examines the intellectual and cultural origins of the Zionist and Israeli Right when Revisionism evolved into one of the most important movements in the Zionist camp He presents revisionism as a form of integral nationalism rooted in an ontological monism and intellectually related to the radical right wing ideologies that flourished in the early twentieth century Kaplan provocatively suggests that revisionism's legacies can be found both in the right wing policies of Likud and in the heart of Post Zionism and its critique of mainstream Labor Zionism Published with support from the Koret Jewish Studies Program      H.V. Evatt and the Establishment of Israel Daniel Mandel,2004 This book provides a valuable study of Evatt the Zionist as well as illuminating a fascinating political figure      **Theodor Herzl's Zionist Journey - Exodus and Return** Mordechai (Motti) Friedman,2021-06-08 This book provides in depth investigation into the secret of Theodor Herzl's success in changing the fate of the Jewish People More than a biography the book delves deep into Herzl's personality and physique which left a deep impression on his followers and opposers alike The book traces Herzl's transformation from a newspaper editor and playwright into a man of vision and action the star in a drama he could never write for the stage      Jewish State, Pariah Nation Jerold S. Auerbach,2014-04-06 Jewish statehood was restored in 1948 amid a struggle over legitimacy that has persisted in Israel ever since Who rules Who decides Antagonism between the political left and right erupted into bloody violence over the Altalena Secular religious discord even made defining who is a Jew in a Jewish state contentious After the Six Day War the return of religious Zionist settlers to biblical Judea and Samaria reframed the struggle over legitimacy Who decides where in the Land of Israel Jews may live settlers and rabbis or the government Israel's invasion of Lebanon in 1982 provoked the first significant eruption of military disobedience undermining the authority of the Israel Defense Forces with competing claims of personal conscience Ever since the United Nations declared Zionism to be a form of racism Israel has confronted an escalating international assault on its legitimacy In political academic media and cultural circles it has been demonized as an apartheid even Nazi state that much of the world despises These conflicts are explored in this illuminating study of the dilemmas of legitimacy in the world's only Jewish state and most reviled pariah nation A new addition to the Contemporary Society Series from Quid Pro Books      **Narrating Trauma** Ronald Eyeran,Jeffrey C. Alexander,Elizabeth Butler Breese,2015-10-23 Through case studies that examine historical and contemporary crises across the world the contributing writers to this volume explore the cultural and social construction of trauma How do some events get coded as traumatic and others which seem equally painful

and dramatic not Why do culpable groups often escape being categorised as perpetrators These are just some of the important questions answered in this collection Some of the cases analysed include Mao's China the Holocaust the Katyn Massacre and the Kosovo trauma Expanding the pioneering cultural approach to trauma this book will be of interest to scholars and postgraduate students of sociology

*The Political Philosophy of Zionism* Eyal Chowers, 2012-02-27 Zionism emerged at the end of the nineteenth century in response to a rise in anti-Semitism in Europe and to the crisis of modern Jewish identity This novel national revolution aimed to unite a scattered community defined mainly by shared texts and literary tradition into a vibrant political entity destined for the Holy Land However Zionism was about much more than a national political ideology and practice By tracing its origins in the context of a European history of ideas and by considering the writings of key Jewish and Hebrew writers and thinkers from the nineteenth and twentieth centuries the book offers an entirely new philosophical perspective on Zionism as a unique movement based on intellectual boldness and belief in human action In counter distinction to the studies of history and ideology that dominate the field this book also offers a new way of reflecting upon contemporary Israeli politics

**Israel's Quest for Recognition and Acceptance in Asia** Jacob Abadi, 2004-03 Dr Abadi provides an overview of Israel's relations with Asian countries from 1948 until the present and analyzes the political social and economic factors in each country and the role that each played in the process of rapprochement with Israel

**Trauma** Jeffrey C. Alexander, 2013-04-26 In this book Jeffrey C Alexander develops an original social theory of trauma and uses it to carry out a series of empirical investigations into social suffering around the globe Alexander argues that traumas are not merely psychological but collective experiences and that trauma work plays a key role in defining the origins and outcomes of critical social conflicts He outlines a model of trauma work that relates interests of carrier groups competing narrative identifications of victim and perpetrator utopian and dystopian proposals for trauma resolution the performative power of constructed events and the distribution of organizational resources Alexander explores these processes in richly textured case studies of cultural trauma origins and effects from the universalism of the Holocaust to the particularism of the Israeli right from postcolonial battles over the Partition of India and Pakistan to the invisibility of the Rape of Nanjing in Maoist China In a particularly controversial chapter Alexander describes the idealizing discourse of globalization as a trauma response to the Cold War Contemporary societies have often been described as more concerned with the past than the future more with tragedy than progress In *Trauma A Social Theory* Alexander explains why

holy It is a confluence of threats challenges and opportunities for all religions This volume explores the contours of pressures changes and transformations and reflects on how all our religions are changing By identifying commonalities across religions as they respond to these pressures The Crisis of the Holy recommends ways religious traditions might cope with these changes and how they might join forces in doing so Contributors Vincent J Cornell Alon Goshen Gottstein Sidney H Griffith Maria Reis Habito B Barry Levy Deepak Sarma Michael von Br ck ABOUT VOLUME FIVE The chapters collected in this book prepared by a think tank of the Elijah Interfaith Academy address the subject of religious leadership The subject is of broad relevance in the training of religious leaders and in the practice of religious leadership As such it is also germane to religious thought where reflections on religious leadership occupy an important place What does it mean to be a religious leader in today s world To what degree are the challenges that confront religious leadership today the same perennial challenges that have arrested the attention of the faithful and their leaders for generations and to what degree do we encounter challenges today that are unique to our day and age One dimension is surely unique and that is the very ability to explore these issues from an interreligious perspective and to consider challenges opportunities and strategies across religious traditions Studying the theme across six faith traditions Christianity Islam Judaism Sikhism Hinduism and Buddhism The Future of Religious Leadership World Religions in Conversation recognizes the common challenges to present day religious leadership Contributors Awet Andemicael Timothy J Gianotti Alon Goshen Gottstein Anantanand Rambachan Maria Reis Habito Meir Sendor Balwant Singh Dhillon Miroslav Volf VOLUME SIX One of the biggest challenges for relations between religions is the view of the religious Other The question touches the roots of our theological views The Religious Other Hostility Hospitality and the Hope of Human Flourishing explores the views of multiple religious traditions on how to regard otherness How does one move from hostility to hospitality How can hospitality be understood not simply as social hospitality but as theological hospitality making room for the religious Other on theological grounds What is our vision for the flourishing of the Other while respecting his otherness This volume is an exercise in constructive interreligious theology By including Abrahamic and non Abrahamic traditions it approaches these challenges from multiple perspectives highlighting commonalities in approach and ways in which one tradition might inspire another Contributors Vincent J Cornell Alon Goshen Gottstein Richard P Hayes Lord Rabbi Jonathan Sacks Deepak Sarma Stephen W Sykes Dharma Master Hsin Tao Ashok Vohra *Routledge*
