Shards Of Love Exile The Origins Of The Lyric:

Shards of Love María Rosa Menocal, 1994 With the Spanish conquest of Islamic Granada and the expulsion of the Jews from Spain the year 1492 marks the exile from Europe of crucial strands of medieval culture It also becomes a symbolic marker for the expulsion of a diversity in language and grammar that was disturbing to the Renaissance sensibility of purity and stability In rewriting Columbus's narrative of his voyage of that year Renaissance historians rewrote history as was often their practice to purge it of an offending vulgarity The cultural fragments left behind following this exile form the core of Shards of Love as María Rosa Menocal confronts the difficulty of writing their history It is in exile that Menocal locates the founding conditions for philology as a discipline that loves origins and for the genre of love songs that philology reveres She crosses the boundaries both temporal and geographical of 1492 to recover the original medieval culture with its Mediterranean mix of European Arabic and Hebrew poetics The result is a form of literary history more lyrical than narrative and Menocal persuasively demonstrates more appropriate to the Middle Ages than to the revisionary legacy of the Renaissance In discussions ranging from Eric Clapton's adaption of Nizami's Layla and Majnun to the uncanny ties between Jim Morrison and Petrarch Shards of Love deepens our sense of how the Middle Ages is tied to our own age as it expands the history and meaning of what we call Romance philology

Transmitting Jewish Traditions Yaakov Elman, I. Gershoni, 2000-01-01 This book examines the impact of changing modes of cultural transmission on Jewish and Western cultures over the past two thousand years The contributors to the volume survey some of the ways conscious and subconscious in which cultural elements are selected shaped and transmitted and some of the ways they in turn shape the future of their cultures Focusing on a range of Jewish cultures from late antiquity the Middle Ages and the modern period the authors consider both the transformation of traditions in their travels from one contemporaneous cultural context to another and their transformation within a single culture overtime Some of the studies in the book deal with the transition from mixed

oral written cultures to ones in which written print is nearly exclusive Other chapters deal with the processes of transmission such as anthologizing translating teaching and sermonizing By contextualizing Jewish culture within Western culture and including a comparative perspective the book makes an important contribution to Judaic studies as well as to other areas of the humanities concerned with questions of textuality and culture

Love and its Critics Michael Bryson, Arpi Movsesian, 2017-07-10 This book is a history of love and the challenge love offers to the laws and customs of its times and places as told through poetry from the Song of Songs to John Milton s Paradise Lost It is also an account of the critical reception afforded to such literature and the ways in which criticism has attempted to stifle this challenge Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called fin amor love as an end in itself mutual and freely chosen even in the face of social religious or political retribution Neither eros nor agape neither exclusively of the body nor solely of the spirit this love is a middle path Alongside this tradition has grown a critical movement that employs a hermeneutics of suspicion in Paul Ricoeur s phrase to claim that passionate love poetry is not what it seems and should be properly understood as worship of God subordination to Empire or an entanglement with the structures of language itself in short the very things it resists The book engages with some of the seminal literature of the Western canon including the Bible the poetry of Ovid and works by English authors such as William Shakespeare and John Donne and with criticism that stretches from the earliest readings of the Song of Songs to contemporary academic literature Lively and enjoyable in its style it attempts to restore a sense of pleasure to the reading of poetry and to puncture critical insistence that literature must be outwitted It will be of value to professional graduate and advanced undergraduate scholars of literature and to the educated general reader interested in treatments of love in poetry

throughout history Vernacular Eloquence Peter Elbow,2012-01-02 Since the publication of his groundbreaking books *Writing Without Teachers* and *Writing with Power* Peter Elbow has revolutionized how people think about writing Now in *Vernacular Eloquence* he makes a vital new contribution to both practice and theory The core idea is simple we can enlist virtues from the language activity most people find easiest speaking for the language activity most people find hardest writing Speech with its spontaneity naturalness of expression and fluidity of thought has many overlooked linguistic and rhetorical merits Through several easy to employ techniques writers can marshal this wisdom of the tongue to produce stronger clearer more natural writing This simple idea it turns out has deep repercussions Our culture of literacy Elbow argues functions as though it were a plot against the spoken voice the human body vernacular language and those without privilege making it harder than necessary to write with comfort or power Giving speech a central role in writing overturns many empty preconceptions It causes readers to think critically about the relationship between speech writing and our notion of literacy Developing the political implications behind Elbow s previous books *Vernacular Eloquence* makes a compelling case that strengthening writing and democratizing it go hand in hand The Postcolonial Middle Ages J. Cohen,2000-04-21 An increased awareness of the importance of minority and subjugated voices to the histories and narratives which have previously excluded them has led to a wide spread interest in the effects of colonization and displacement This collection of essays is the first to apply post colonial theory to the Middle Ages and to critique that theory through the excavation of a distant past The essays examine the establishment of colony empire and nationalism in order to expose the mechanisms of oppression through which aboriginal native or simply pre existent cultures are displaced eradicated or transformed *A Companion to Contemporary British and Irish Poetry, 1960 - 2015* Wolfgang Gortschacher,David Malcolm,2020-12-14 A comprehensive and scholarly review of contemporary British and Irish Poetry With contributions from noted scholars in the field *A Companion to Contemporary British and Irish Poetry 1960 2015* offers a collection of writings from a diverse group of experts They explore the richness of individual poets genres forms techniques traditions concerns and institutions that comprise these two distinct but interrelated national poetries Part of the acclaimed Blackwell Companion to Literature and Culture series this book contains a comprehensive survey of the most important contemporary Irish and British poetry The contributors provide new perspectives and positions on the topic This important book Explores the institutions histories and receptions of contemporary Irish and British poetry Contains contributions from leading scholars of British and Irish poetry Includes an analysis of the most prominent Irish and British poets Puts contemporary Irish and British poetry in context Written for students and academics of contemporary poetry *A Companion to Contemporary British and Irish Poetry 1960 2015* offers a comprehensive review of contemporary poetry from a wide range of diverse contributors **Troubadour Texts and Contexts** Courtney Joseph Wells,Lisa Shugert Bevevino,Sarah-Grace Heller,2024-12-03 New interpretations of different aspects of troubadour texts and lyrics from their main themes and motifs

to their reception and influence Nearly a millennium after their songs of love politics war satire and redemption began to fill the courts of Europe the troubadours continue to fascinate modern audiences However many aspects of their work such as the supposedly adulterous nature of fin amor the Frenchness of the troubadours the biographical veracity of the vidas and the inherent misogyny of the troubadour lyric have long been taken for granted This volume takes a fresh look at these ideas questioning many of the formative assumptions of troubadour scholarship and proposing alternative readings of many canonical texts Essays offer a reconsideration of the reception of works by such important figures as Guilhem IX Jaufre Rudel Peire Vidal Pistoleta Guilhem Adhemar Giraut de Borneil Perdigon Fulk of Marseilles and Arnaut Daniel There are also examinations of the lexicon and cultural uses of chess azure and tin and the changing landscape of the Rhone delta providing a deeper understanding of the imagery they furnished Other essays consider the later life of the manuscripts including the surprising story of how Napoleon demanded certain Occitan manuscripts after his conquest of Italy The collection as a whole is thus a fitting tribute to the pioneering work of Wendy Pfeffer who has made such a contribution to the field of troubadour studies

Context Collapse Ryan Ruby, 2025-01-14 Literary critic Ryan Ruby uncovers the secret history of poetry in a mock academic verse essay filled with wit and wisdom One of Publishers Weekly's Best Books of 2024 Prophet Entertainer Courtier Criminal Revolutionary Critic Scholar Nobody Epic in sweep Context Collapse is the secret history of the poet from Bronze Age Greece and Renaissance Italy to the cafés of Grub Street and the Latin Quarter from the creative writing departments of the American Midwest to the boardrooms of Silicon Valley Cheekily introducing academic discourse media studies cybersemiotics literary sociology and heterodox economics into his blank verse study of poetry Ruby traces the always delicate dance between poets their publishers and their audiences and shows how time and time again the social technological and aesthetic experiments that appear in poetic language have prefigured radical changes to the ways of life of millions of people It is precisely to poets to whom we ought to turn to catch a glimpse as Shelley once put it of the gigantic shadows futurity casts on the present

Medieval Marvels and Fictions in the Latin West and Islamic World Michelle Karnes, 2022-07-12 A cross cultural study of magical phenomena in the Middle Ages Marvels like enchanted rings and

sorcerers stones were topics of fascination in the Middle Ages not only in romance and travel literature but also in the period's philosophical writing Rather than constructions of belief accepted only by simple minded people Michelle Karnes shows that these spectacular wonders were near impossibilities that demanded scrutiny and investigation This is the first book to analyze a diverse set of writings on such wonders comparing texts from the Latin West including those written in English French Italian and Castilian Spanish with those written in Arabic as it works toward a unifying theory of marvels across different disciplines and cultures Karnes tells a story about the parallels between Arabic and Latin thought reminding us that experiences of the strange and the unfamiliar travel across a range of genres spanning geographical and conceptual space and offering an ideal vantage point from which to understand intercultural exchange Karnes traverses this diverse archive showing how imagination imbues marvels with their character and power making them at once enigmatic creative and resonant Skirting the distinction between the real and unreal these marvels challenge readers to discover the highest capabilities of both nature and the human intellect Karnes offers a rare comparative perspective and a new methodology to study a topic long recognized as central to medieval culture *Studying Modern Arabic Literature* Roger Allen, 2015-04-14

This book is devoted to the life and academic legacy of Mustafa Badawi who transformed the study of Modern Arabic Literature in the second half of the 20th century **Approaches to Teaching Petrarch's Canzoniere and the Petrarchan Tradition** Christopher Kleinhenz, Andrea Dini, 2014-01-01 One of the most important authors of the Middle Ages Petrarch occupies a complex position historically he is a medieval author but philosophically he heralds humanism and the Renaissance Teachers of Petrarch's Canzoniere and his formative influence on the canon of Western European poetry face particular challenges Petrarch's poetic style brings together the classical tradition Christianity an exalted sense of poetic vocation and an obsessive love for Laura during her life and after her death in ways that can seem at once very strange and because of his style's immense influence very familiar to students This volume aims to meet the varied needs of instructors whether they teach Petrarch in Italian or in translation in surveys or in specialized courses by providing a wealth of pedagogical approaches to Petrarch and his legacy Part 1 Materials reviews the extensive bibliography on Petrarch and Petrarchism covering editions and translations of the Canzoniere secondary works and music and other audiovisual and electronic resources Part 2 Approaches opens with essays on teaching the Canzoniere and continues with essays on teaching the Petrarchan tradition Some contributors use the design and structure of the Canzoniere as entryways into the work others approach it through discussion of Petrarch's literary influences and subject matter or through the context of medieval Christianity and culture The essays on Petrarchism map the poet's influence on the Italian lyric tradition as well as on other national literatures including Spanish French English and Russian *The Transformation of Vernacular Expression in Early Modern Arts*, 2011-10-14 In response to the dominance of Latin as the language of intellectual debate in early modern Europe regional centers started to develop a new emphasis on vernacular languages and forms of cultural expression This

book shows that the local acts as a mark of distinction in the early modern cultural context Interdisciplinary in scope essays examine vernacular strands in the visual arts architecture and literature from the fourteenth to seventeenth centuries Contributions focus on change rather than consistencies by highlighting the transformative force of the vernacular over time and over different regions as well as the way the concept of the vernacular itself shifts depending on the historical context Contributors include James J Bloom Jessica E Buskirk C Jean Campbell Lex Hermans Sun Jing Trudy Ko David A Levine Eelco Nagelsmit Alexandra Onuf Bart Ramakers and Jamie L Smith
