I picked this story because I think some of my friends will be able to understand the character very well.</p>
<p>First Read</p> <ul style="list-style-type: none"> • Read cover to cover, with fluency/expressions • Invite children to chime in as you read • Cover 4-5 words or parts of words to practice word solving strategies (M.S.V) • Cross-check: "Does it make sense, sound right, and look right?" 	<p>You can use some of the words that I have listed above if you did not use them for vocabulary words. If you used them for a vocabulary word then you will need to select other words for this.</p>
<p>After Reading (1-2 mins)</p> <ul style="list-style-type: none"> • Retell • Fluency • Word Work Activity 	<p>Practicing retelling will be a useful way to close this shared reading. Begin by helping students retell the beginning, middle, and end of the story you have just read, working to determine what's important to retell. You can write the retell on chart paper so that you can use it during the week.</p>

More Than Guided Reading Cathy Mere,2005 Is there too much emphasis on guided reading in primary classrooms It s a question that many educators like kindergarten teacher and literacy coach Cathy Mere are starting to ask Guided reading provides opportunities to teach students the strategies they need to learn how to read increasingly challenging texts but Cathy found that she needed to find other ways to help students gain independence While maintaining guided reading as an important piece of their reading program teachers need to offer students opportunities during the day to develop as readers to learn to choose books to find favorite genres and authors and to talk about their reading In *More Than Guided Reading* Cathy shares her journey as she moved from focusing on guided reading as the center of her reading program to placing children at the heart of literacy learning not only providing more time for students to discover their reading lives but also shaping instruction to meet the needs of the diverse learners in her classroom By changing the structure of the day Cathy found she was better able to adjust the support she was providing students allowing time for whole class focus lessons conferences and opportunities to share ideas as well as reading from self selected texts using the strategies skills and understandings acquired in reader s workshop The focus lesson is the centerpiece of the workshop It is often tied to a read aloud and connected to learning from the previous day helping to build skills extend thinking and develop independence over time This thoroughly practical text offers numerous sample lessons questions for conferences and ideas for revamping guided reading groups It will help teachers tweak the mix of instructional components in their reading workshops and provoke school wide conversations about the place of guided reading in a complete literacy curriculum
