Indigenous Peoples in International Law S. James Anaya,2004 In this thoroughly revised and updated edition of the first book length treatment of the subject S James Anaya incorporates references to all the latest treaties and recent developments in the international law of indigenous peoples Anaya demonstrates that while historical trends in international law largely facilitated colonization of indigenous peoples and their lands modern international law s human rights program has been modestly responsive to indigenous peoples aspirations to survive as distinct communities in control of their own destinies This book provides a theoretically grounded and practically oriented synthesis of the historical contemporary and emerging international law related to indigenous peoples It will be of great interest to scholars and lawyers in international law and human rights as well as to those interested in the dynamics of indigenous and ethnic identity Eastern Europe ,

The Testimonies of Russian and American Postmodern Poetry Albena Lutzkanova-Vassileva,2016-06-30 This book challenges the belief in the purely linguistic nature of contemporary poetry and offers an interpretation of late twentieth century Russian poetry as a testimony to the unforeseen annulment of communist reality and its overnight displacement by a completely unfathomable post totalitarian order Albena Lutzkanova Vassileva argues that because of the sudden invalidation of a reality that had been largely seen as unattained and everlasting this shift remained secluded from the mind and totally resistant to cognition thus causing a collectively traumatic psychological experience The book proceeds by inquiring into a school of contemporary American poetry that has been likewise read as cut off from reality Executing a comparative analysis Vassileva advances a new understanding of this poetry as a testimony to the overwhelming and traumatic impact of contemporary media which have assailed the mind with far more signals than it can register digest and furnish with semantic weight **The Road to Disillusion: From Critical Marxism to Post-communism in Eastern Europe** Raymond C.
