Aalders, 2009-04-01 Anne Steele 1717 1778 was one of the most well known

and best loved hymn writers of the eighteenth century and her hymns remained exceedingly popular until late in the nineteenth century being reprinted regularly in hymnbooks throughout Britain and North America She was the first major woman hymn writer as well as the most popular Baptist hymn writer in the history of the church Despite this she has been largely neglected as a subject of academic enquiry until now This book aims to elucidate Steele s spirituality and to clarify her unique contribution to eighteenth century hymnody It takes an interdisciplinary approach setting Steele s devotional expression in its theological literary and historical contexts and providing comparison to other eighteenth century figures It uses archival sources to reconstruct her life and work offers a close reading of her verse and concludes that Steele made a significant and as yet underrated contribution to eighteenth century devotional expression *Common People* Alison Light,2015-09-17 Family history begins with missing persons Alison Light writes in *Common People* We wonder about those we ve lost and those we never knew about the long skein that led to us and to here and to now So we start exploring Most of us however give up a few generations back We run into a gap get embarrassed by a ne er do well or simply find our ancestors are less glamorous than we d hoped That didn t stop Alison Light in the last weeks of her father s life she embarked on an attempt to trace the history of her family as far back as she could reasonably go The result is a clear eyed fascinating frequently moving account of the lives of everyday people of the tough decisions and hard work the good luck and bad breaks that chart the course of a life Light s forebears servants sailors farm workers were among the poorest traveling the country looking for work they left few lasting marks on the world But through her painstaking work in archives and her ability to make the people and struggles of the past come alive Light reminds us that every life even glimpsed through the chinks of the census has its surprises and secrets What she did for the servants of Bloomsbury in her celebrated *Mrs Woolf* and the *Servants* Light does here for her own ancestors and by extension everyone s draws their experiences from the shadows of the past and helps us understand their lives estranged from us by time yet inextricably interwoven with our own Family history in her hands becomes a new kind of public history *The Cambridge Social History of Britain, 1750-1950* F. M. L. Thompson,1990 Whilst in certain quarters it may be fashionable to suppose that there is no such thing as society historians have had no difficulty in finding their subject The difficulty rather is that the advance has occurred through such an outpouring of research and writing that it is hard for anyone but the specialist to keep up with the literature or grasp the overall picture In these three volumes as is the tradition in *Cambridge Histories* a team of specialists has assembled the jigsaw of recent monographic research and presented an interpretation of the development of modern British society since 1750 from three complementary perspectives those of regional communities of the working and living environment and of social institutions Each volume is self contained and each contribution thematically defined contains its own chronology of the period under review Taken as a whole they offer an authoritative and comprehensive view of the manner and method of the shaping of society in the two centuries of unprecedented demographic and economic change Farm and Rural Building
