Horrible Histories Special: Cruel Kings and Mean Queens Terry Deary, 2013-06-06 The history book which shows you monarchs as they really were mad menacing and murderous Find out which king died after falling off the toilet why people thought King John was a werewolf and why Queen Anne s feet were covered in garlic Packed with treacherous treason evil executions and savage struggles for the throne this is royal history with the nasty bits left in **The Small Business** Casebook Sue Birley, 1979-11-01 The Novelist: a collection of the standard novels Novelist, 1839 will never get in the books": Selections from Writers During the Civil War Louis P. Masur, 1994-11-21 These thousands and tens and twenties of thousands of American young men badly wounded all sorts of wounds operated on pallid with diarrhea languishing dying with fever pneumonia and at the same time the sharp guiet whit whit of bullets chippered close to our ears And along the way we sample many vivid portraits of the era perhaps the most surprising of which is Louisa May Alcott's explanation of why she preferred her noon to midnight schedule in a Washington hospital I like it as it leaves me time for a morning run which is what I need to keep well I trot up down the streets in all directions some times to the Heights then half way to Washington again to the hill over which the long trains of army wagons are constantly vanishing ambulances appearing That way the fighting lies I long to follow With unmatched intimacy and immediacy the real war will never get in the books illuminates the often painful intellectual and emotional efforts of fourteen accomplished writers as they come to grips with The American Apocalypse Front Lines Boyd Cable, 2018-09-21 Reproduction of the original Front Lines by This Is It Ward D. McGill, 2019-01-24 While in training soldiers were often asked by an officer What would Boyd Cable you do if this was the real thing Once at the Port of Embarkation the question became a directive This is it Having joined the US Army at the age of eighteen Ward McGill was practically a kid when he started fighting in World War II as a combat infantryman Quickly he was exposed to the brutality of war He had no choice but to become calloused and tough struggling to find the strength to keep his resolve Rational thinking was no longer the rule as emotions took precedence After four months of intermittent action in eastern France the bloody job became more or less routine until Ward was wounded in action Ward's account might not be the most historically accurate account of World War II but it's the way he remembers it He presents not war as a whole but the small part that changed his life forever Soldiers fight bravely to protect freedom but the most frightening part is when violence becomes the norm and fear is no longer there to keep them safe **Records of**
