Shelley And The Romantics Prose Poems:

Shelley and the Romantics Alan Catlin, 1994 **Selected Poems and Prose** Percy Bysshe Shelley, 2017-01-05 A major new anthology of Percy Bysshe Shelley's work edited by Jack Donovan and Cian Duffy My name is Ozymandias King of Kings Look on my works ye mighty and despair Percy Bysshe Shelley was one of the leading English Romantics and is critically regarded among the finest lyric poets in the English language His major works include the long visionary poems Prometheus Unbound and Adonais an elegy on the death of John Keats His shorter classic verses include To a Skylark Mont Blanc and Ode to the West Wind This important new edition collects his best poetry and prose revealing how his writings weave together the political personal visionary and idealistic This Penguin Classics edition includes a fascinating introduction notes and other materials by leading Shelley scholars Jack Donovan and Cian Duffy **Romanticism: Romanticism, belief, and philosophy** Michael O'Neill, Mark Sandy, 2006 Shelley's Poetics of Reticence Merrilee Roberts, 2020-04-22 Exploring the rhetorical and phenomenological links between shame and reticence this book examines the psychology of Shelley's anguished poet Subject Shelley's struggles with the fragility of the self have largely been seen as the result of thinking which connects emotional hyperstimulation to moral and political undermining of the individual will This work takes a different approach suggesting that Shelley's insecurities stemmed from anxieties about the nature of aesthetic self representation Shame is an appropriate affective marker of such anxiety because it occurs at the cusp between internal and external self evaluation Shelley's reticent poetics transfers an affective sense of shame to the reader and provokes interpretive responsibility Paying attention to the affective contours of texts this book presents new readings of Shelley's major works These interpretations show that awakening the reader's ethical discretion creates a constructive dynamic which challenges influential deconstructive readings of the unfinished nature of Shelley's work and thought **Shelley's Living Artistry: Letters, Poems, Plays** Madeleine Callaghan, 2017-06-06 This study of the poetry and drama of Percy Bysshe Shelley reads the letters and their biographical contexts to shed light on the poetry tracing the ambiguous and shifting relationship between the poet's art and life *Browning, Victorian Poetics and the Romantic Legacy* Dr Britta Martens, 2013-05-28 Taking an original approach to Robert Browning's poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning's own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning's detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing

insights into the poet's highly self-conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self-expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self-reference

British Romanticism and the Literature of Human Interest Mai-Lin Cheng, 2017-12-22 British Romanticism and the Literature of Human Interest explores the importance to Romantic literature of a concept of human interest It examines a range of literary experiments to engage readers through subjects and styles that were at once interesting and that in principle were in their interest These experiments put in question relationships between poetry and prose lyric and narrative and literature and popular media The book places literary works by a range of nineteenth century writers including William and Dorothy Wordsworth Thomas De Quincey Samuel Taylor Coleridge Mary and Percy Shelley Lord Byron and Matthew Arnold into dialogue with a variety of non literary and paraliterary forms ranging from newspapers to footnotes The book investigates the generic structures of Romantic literature and the negotiation of the status of literature in the period in relation to a new media landscape It explores the self-theorization of Romantic literature and argues for its value to contemporary literary criticism

Shelley's Poetry S. Haines, 1997-02-24 Shelley's detractors since Hazlitt have noticed a division in the self of his poems A central reasoning core fears the passions surrounding it and distrusts the language expressing it A few of his admirers offer an alternative view of the poems as symbolical pointers to a non linguistic reality transcending passion most miss the point justifying their admiration by referring to the poems systems of thought This reading of Shelley's major poems and critical prose finds the adverse case more convincing

Romanticism, Rhetoric and the Search for the Sublime, 2nd Edition Craig R. Smith, 2023-01-23 Relying on the author's established expertise in rhetoric and political communication this book re-contextualizes Romantic rhetorical theory from the late 18th and early 19th centuries to provide a foundation for a Neo Romantic rhetorical theory for our own time In the process it uses a unique methodology to correct misconceptions about the rhetorical theories of many writers Using a dialectical approach the early chapters trace Romanticism through its opposition to the industrial revolution and the Enlightenment back through Humanism and its opposition to Scholasticism to its roots in St Augustine's writing These chapters include a revisionist analysis of the church's treatment of Galileo in the course of showing how difficult it was for scientific study to be accepted in Scholastic circles The study goes on to argue that Jean Jacques Rousseau David Hume and Edmund Burke were bridge figures to the Romantic Era This move throws new light on exemplary painters composers writers and orators of the Romantic Era who are examined in chapters eight and nine Chapter ten focuses on Percy Bysshe Shelley and his development of the rhetorical poem and thereby provides a new genre in the Romantic catalogue Chapter Eleven turns to the Romantic rhetorical theories of Hugh Blair and Thomas De Quincey to

empower those seeking to save the environment The concluding chapter then synthesizes their theories with relevant contemporary rhetorical theories thereby constructing a Neo Romantic theory for our own time In the process the book links the Romantics love of nature to the current environmental crisis **Keats and English Romanticism in Japan** Akiko Okada,2006 This book shows why Keats and Romanticism appeal to the Japanese mind and how English Romantic poetry has found its way into Japanese literature The first part analyses the reception of Romanticism in Japan before and after World War II and then focuses on the Japanese reception of Keats and the translation of Keats poetry The second part of the book deals with the medical aspect in Keats poetry his treatment of the supernatural and his distinctive use of words

Apocalypse and Millennium in English Romantic Poetry Morton D. Paley,1999-10-07 The interrelationship of the ideas of apocalypse and millennium is a dominant concern of British Romanticism The Book of Revelation provides a model of history in which apocalypse is followed by millennium but in their various ways the major Romantic poets Blake Wordsworth Coleridge Byron Keats and Shelley question and even at times undermine the possibility of a successful secularization of this model No matter how confidently the sequence of apocalypse and millennium seems to be affirmed in some of the major works of the period the issue is always in doubt the fear that millennium may not ensue emerges as a significant if often repressed theme in the great works of the period Related to it is the tension in Romantic poetry between conflicting models of history itself history as teleology developing towards end time and millennium and history as purposeless cycle This subject matter is traced through a selection of works by the major poets partly through an exposition of their underlying intellectual traditions and partly through a close examination of the poems themselves **Reading, writing and the influence of Harold Bloom** Alan Rawes,Jonathon Shears,2024-07-30 Reading writing and the influence of Harold Bloom takes the work of the world s best known living literary critic and discovers what it is like to read with against and beyond his ideas The editors Alan Rawes and Jonathon Shears introduce the collection by assessing the impact of Bloom s brand of agonistic criticism on literary critics and its ongoing relevance to a discipline attempting to redefine and settle on its collective goals Firmly grounded in though not confined to Bloom s first specialism of Romantic Studies the volume contains essays that examine Bloom s debts to high Romanticism his quarrels with feminism his resistance to historicism the tensions with the Yale School and his recent work on Shakespeare and genius Crucially chapters are also devoted to putting Bloom s anxiety themed ratios into practice on the poetry of Wordsworth Shelley Keats and D H Lawrence amongst others The Harold Bloom that emerges from this collection is by turns divisive and unifying marginalised and central radical and conservative

Essays in Interpretation S.Viswanathan,2007 **The Romanticism Handbook** Sue Chaplin,Joel Faflak,2011-03-10 A one stop resource containing introductory material through to practical case studies in reading primary and secondary texts to introducing criticism and new directions in research **Heaven and Hell** Louis Markos,2013-05-17 For thousands of years philosophers theologians and poets have tried to pierce through the veil of death to gaze with wonder fear and awe on

the final and eternal state of the soul Indeed the four great epic poets of the Western tradition Homer Virgil Dante and Milton structured their epics in part around a descent into the underworld that is both spiritual and physical both allegorical and geographical This book not only considers closely these epic journeys to the other side but explores the chain of influences that connects the poets to such writers as Plato Cicero St John St Paul Bunyan Blake and C S Lewis Written in a narrative man of letters style and complete with an annotated bibliography a timeline a who's who and an extensive glossary of Jewish Christian and mythological terms this user friendly book will help readers understand how heaven and hell have been depicted for the last 3 000 years

Romanticism, Rhetoric and the Search for the Sublime Craig R. Smith, 2018-11-07 Relying on the author's established expertise in rhetorical theory and political communication this book re contextualizes Romantic rhetorical theory in the late 18th and early 19th centuries to provide a foundation for a Neo Romantic rhetorical theory for our own time In the process it uses a unique methodology to correct misconceptions about many Romantic writers The methodology of the early chapters uses a dialectical approach to trace Romanticism and its opposition the Enlightenment back through Humanism and its opposition Scholasticism to St Augustine These chapters include a revisionist analysis of the church's treatment of Galileo in the course of showing how difficult it was for scientific study to be accepted in the academic world The study also re conceptualizes Jean Jacques Rousseau David Hume and Edmund Burke as bridge figures to the Romantic Era instead of as Enlightenment figures This move throws new light on the major artists of the Romantic Era who are examined in chapters seven and eight Chapter nine focuses on Percy Bysshe Shelley and his development of the rhetorical poem and thereby provides a new genre in the Romantic catalogue Chapter ten uses the foregoing to analyse and reconceptualize the rhetorical theories of Hugh Blair and Thomas De Quincey The concluding chapter then synthesizes their theories with relevant contemporary rhetorical theories thereby constructing a Neo Romantic theory for our own time In the process this book links the Romantics love of nature to the current environmental crisis

Fellow Romantics Beth Lau, 2016-12-05 Beginning with the premise that men and women of the Romantic period were lively interlocutors who participated in many of the same literary traditions and experiments *Fellow Romantics* offers an inspired counterpoint to studies of Romantic era women writers that stress their differences from their male contemporaries As they advance the work of scholars who have questioned binary approaches to studying male and female writers the contributors variously link among others Charlotte Smith and William Wordsworth Mary Robinson and Samuel Taylor Coleridge Felicia Hemans and Percy Bysshe Shelley Jane Austen and the male Romantic poets These pairings invite us to see anew the work of both male and female writers by drawing our attention to frequently neglected aspects of each writer's art Here we see writers of both sexes interacting in their shared historical moment while the contributors reorient our attention toward common points of engagement between male and female authors What is gained is a more textured understanding of the period that will serve as a model for future studies

The Cambridge Companion to British Romanticism Stuart Curran, 2010-07-22 A fully

updated edition of this popular Companion with two new essays reflecting new developments in the field **Plato and the English Romantics (RLE: Plato)** E Douka Kabitoglou, 2013-05-07 This book tackles the problematic relationship between Platonic philosophy and Romantic poetry between the intellect and the emotions Drawing on contemporary critical theory especially hermeneutics and deconstruction the author shows that a dialogue between thinking and poetizing is possible The volume yields many new insights into both Platonic and Romantic texts and forms an important work for scholars and students of Greek philosophy Romantic literature and critical theory **Romanticism and the Uses of Genre** David Duff, 2009-11-12 This wide ranging book explores the generic innovations that drive the Romantic revolution in literature but also the fascination with archaic forms such as the ballad sonnet epic and romance whose revival and transformation make Romanticism a retro as well as a revolutionary movement
