# Long Postwar Peace

**Mark Steyvers**

## Long Postwar Peace:

**Great Powers and World Order** Charles W. Kegley, Gregory A. Raymond, 2020-02-12 Great Powers and World Order encourages critical thinking about the nature of world order by presenting the historical information and theoretical concepts needed to make projections about the global future Charles W. Kegley and Gregory Raymond ask students to compare retrospective cases and formulate their own hypotheses about not only the causes of war but also the consequences of peace settlements Historical case studies open a window to see what strategies for constructing world order were tried before why one course of action was chosen over another and how things turned out By moving back and forth in each case study between history and theory rather than treating them as separate topics the authors hope to situate the assumptions causal claims and policy prescriptions of different schools of thought within the temporal domains in which they took root giving the reader a better sense of why policy makers embraced a particular view of world order instead of an alternative vision The Waning of Major War Raimo Vayrynen, 2013-10-31 This book is a systematic effort by leading international scholars to map the trends in major power warfare and explore whether it is waxing or waning The main point of departure is that major power war as a historical institution is in decline This does not mean though that wars between states are in general disappearing While there is some convergence in the conclusions by individual authors they are by no means unanimous about the trend The articles explore different causes and correlates of the declining trend in major power warfare including the impact of the international structure nuclear weapons international law multilateral institutions sovereignty and value changes , **Paradigm Lost?** David Jablonsky, 1993 After every momentous event there is usually a transition period in which participants in the events whether individuals or nation states attempt to chart their way into an unfamiliar future In the United States in this century there are three such transitions each focused on America's role in the international arena After World War I the American people specifically rejected the global role for the United States implicit in Woodrow Wilson's strategic vision of collective security In contrast to this return to normalcy after World War II the United States moved inexorably toward international leadership in response to the Soviet threat The result was an acceptance of George Kennan's strategic vision of containing the Soviet Union on the Eurasian landmass and the subsequent bipolar confrontation of the two superpowers in a twilight war that lasted for over 40 years Sometime in the penultimate decade of the 20th century the United States and its allies won the cold war Once again in the current transition period the primary questions revolve around the management of power and America's role in global politics Once again there are the issues of change and continuity In terms of change the cold war set in train a blend of integrative and disintegrative forces and trends that are adding to the complex tensions of the current transition The integrative force that increasingly linked global economies in the cold war for instance also holds out the spectral potential of global depression or at the very least nations more susceptible to disintegrative actions as the Iraqi invasion of Kuwait demonstrated In a similar manner the advances in communications and

transportation that have spread the results of medical and scientific discoveries around the world are countered by the malign transnational results of nuclear technology the drug trade terrorism AIDS and global warming     Understanding Conflict Resolution Peter Wallensteen, 2015-03-31 This book provides you with the perfect introduction to your studies in peace and conflict resolution and equips you with the tools you need to analyse real world cases Drawing on recent research and examples from around the world the new edition Explores the ongoing situation in Syria and the events and repercussions of the Arab Spring Examines the issue of internet security and the relationship between social media and peace Draws on the cases of Libya and Syria to discuss the principle of Responsibility to Protect R2P Outlines the functions of key regional and Non Governmental organisations Includes a companion website with annotated further reading lists and links to free SAGE journal articles reports and data sets This is an essential text for all students lecturers and researchers of peace and conflict resolution in international relations global politics and political science     The Ambiguous Legacy Michael J. Hogan, 1999-11-13 This collection of essays assesses the record of American foreign policy over the course of the twentieth century The essays comprise the work of political scientists as well as historians conservatives as well as liberals foreign scholars as well as Americans Taking off from Henry Luce s vision of an American century the authors discuss such important topics as the American conception of the national interest the tension between democracy and capitalism the US role in both the developed and underdeveloped worlds party politics and foreign policy the significance of race in American foreign relations and the cultural impact of American diplomacy on the world at large The result is a lively collection of essays by authors who often disagree but who nonetheless provide the reader with keen insights about the past and provocative views of the future     The War Puzzle Revisited John A. Vasquez, 2009-07-23 John A Vasquez s The War Puzzle provided one of the most important scientific analyses of the causes of war of the last two decades The War Puzzle Revisited updates and extends his groundbreaking work reviewing research on the onset and expansion of war and the conditions of peace Vasquez describes systematically those factors associated with wars to see if there is a pattern that suggests why war occurs and how it might be avoided delineating the typical path by which relatively equal states have become embroiled in wars in the modern global system The book uses the large number of empirical findings generated s the basis of its theorizing and integrates these research findings so as to advance the scientific knowledge of war and peace     War in a Changing World Zeev Maoz, Azar Gat, 2001 Essays tracing the changing nature of war in relation to global and regional changes     **Point of Attack** John Yoo, 2014-03-25 The world today is overwhelmed by wars between nations and within nations wars that have dominated American politics for quite some time Point of Attack calls for a new understanding of the grounds for war In this book John Yoo argues that the new threats to international security come not from war between the great powers but from the internal collapse of states terrorist groups the spread of weapons of mass destruction and destabilizing regional powers In Point of Attack he rejects the widely accepted framework built on the U N Charter and

replaces it with a new system consisting of defensive pre-emptive or preventive measures to encourage wars that advance global welfare Yoo concludes with an analysis of the Afghanistan and Iraq wars, failed states and the current challenges posed by Libya, Syria, North Korea and Iran

### **Fundamental Principles of International Relations** J. Martin

Rochester, 2010-02-23 This lucid and engaging volume provides an essential framework for introducing students to the fundamentals of world politics by clarifying the complexities of its rapidly changing context

### *The Future's Back* Frank P. Harvey, 1997

Arguing that previous critiques of rational choice and deterrence theory are not convincing, Frank Harvey constructs a new set of empirical tests of rational deterrence theory to illuminate patterns of interaction between rival nuclear powers. He analyses the crisis management techniques used by the United States and the Soviet Union in twenty-eight post-war crises and isolates factors that promote or inhibit escalation of these crises. This crisis-based data set serves as the basis for identifying patterns of response when one nuclear state is threatened by another. *The Future's Back* offers new directions for testing that emphasize a more unified approach to theory building and assesses the feasibility of alternative courses of action to prevent escalation of future disputes characterized by nuclear rivalry

### **Paradigm Lost?**

David Jablonsky, 1995-03-24 This book examines major historical post-war transition periods with particular emphasis on the differences and similarities of the American experience after both world wars of this century and with the post-Cold War transition currently underway. Jablonsky provides a strategic vision that incorporates a multilateral great power approach to the international relations of our era. After every momentous event, there is usually a transition period in which participants in the events, whether individuals or nation states, attempt to chart their way into an unfamiliar future. For the United States in this century, there are three such transitions, each focused on America's role in the international arena. After World War I, the American people specifically rejected the global role for the United States implicit in Woodrow Wilson's strategic vision of collective security. In contrast to this return to normalcy after World War II, the United States moved inexorably toward international leadership in response to the Soviet threat. The result was an acceptance of George Kennan's strategic vision of containing the Soviet Union on the Eurasian landmass and the subsequent bipolar confrontation of the two super powers in a twilight war that lasted for more than 40 years. Sometime in the penultimate decade of this century, the United States and its allies won the Cold War. Once again, the United States faces a transitional period, and the primary questions revolve around the management of power and America's role in global politics. In this regard, the Cold War set in train a blend of integrative and disintegrative forces and trends that are adding to the complex tensions of the current transition. The realist paradigm still pertains in this situation where nation states are still the primary international actors. In such a world, American government elites must convince an electorate increasingly conscious of the domestic threats to national security of the need to continue to exercise global leadership in the management of power. The answer, as Jablonsky demonstrates, is a strategic vision that incorporates a multilateral great power approach to international relations

### The Scourge of War Paul

Diehl, 2010-03-25 J David Singer's legendary Correlates of War project represented the first comprehensive effort by political scientists to gather and analyze empirical data about the causes of war. In doing so, Singer and his colleagues transformed the face of twentieth century political science. Their work provoked some of the most important debates in modern international relations about the rules governing territory, international intervention, and the so-called democratic peace. Editor Paul F Diehl has now convened some of the world's foremost international conflict analysis specialists to reassess COW's contribution to our understanding of global conflict. Each chapter takes one of COW's pathbreaking ideas and reevaluates it in light of subsequent world events and developments in the field. The result is a critical retrospective that will reintroduce Singer's important and still provocative findings to a new generation of students and specialists. Paul F Diehl is Professor of Political Science and University Distinguished Scholar at the University of Illinois Urbana-Champaign. *Rediscovering Gandhi (Volume 10)* R.P. Misra, 2018-01-01 This is the tenth volume of the Rediscovering Gandhi series of books edited by Prof R P Misra. The volume is a collection of papers written by Prof Misra and published in various international and national journals and lectures delivered by him during the last two decades. The volume covers all aspects of Gandhi's life: childhood, adolescence, and youth; his South African sojourn and birth of the non-cooperation movement there, which was transformed into Satyagraha; his return to India and call for Home Rule as the first step to secure Purna Swaraj, complete independence for India; and his non-violent movement, Satyagraha, to free India from the British Rule. Then there are chapters which cover themes like Truth is God, Sarvodaya, Swaraj, Gram Swaraj, Gandhian Economics, Modernism and Post-modernism, Democracy, Human Rights, Ecology, Education, and Peace. **The Realism Reader** Colin Elman, Michael Jensen, 2014-08-12 The Realism Reader provides broad coverage of a centrally important tradition in the study of foreign policy and international politics. After some years in the doldrums, political realism is again in contention as a leading tradition in the international relations sub-field. Divided into three main sections, the book covers seven different and distinctive approaches within the realist tradition: classical realism, balance of power theory, neorealism, defensive structural realism, offensive structural realism, rise and fall realism, and neoclassical realism. The middle section of the volume covers realism's engagement with critiques levelled by liberalism, institutionalism, and constructivism, and the English School. The final section of the book provides materials on realism's engagement with some contemporary issues in international politics, with collections on United States-U.S. hegemony, European cooperation, and whether future threats will arise from non-state actors or the rise of competing great powers. The book offers a logically coherent and manageable framework for organizing the realist canon and provides exemplary literature in each of the traditions and dialogues which are included in the volume. Offering substantial commentary and analysis, and including enhanced pedagogy to facilitate student learning, The Realism Reader will provide a one-stop shop for undergraduates and masters students taking a course in contemporary international relations theory, with a particular focus on realism. **Liberal Peace** Michael Doyle, 2011-08-05 This volume comprises the key writings of Prof

Michael Doyle on the Liberal Peace from the 1980s up to the present day      Encyclopedia of Conflicts Since World War II  
James Ciment, 2015-03-27 Thoroughly revised to include 25 conflicts not covered in the previous edition as well as expanded and updated information on previous coverage this illustrated reference presents descriptions and analyses of more than 170 significant post World War II conflicts around the globe Organized by region for ease of access Encyclopedia of Conflicts Since World War II Second Edition provides clear in depth explanations of events not covered in such detail in any other reference source Including more than 180 detailed maps and 150 photos the set highlights the conflicts that dominate today's headlines and the events that changed the course of late twentieth century history      **The War Puzzle** John A. Vasquez, 1993-05-06 This book constructs a new scientific explanation of the onset and expansion of war and the conditions of peace The author describes systematically those factors common to wars between equal states to see if there is a pattern that suggests why war occurs and how it might be avoided or mitigated delineating the typical path by which relatively equal states have become embroiled in wars with one another in the modern global system Emphasis is placed on the issues that give rise to war and how the practices of power politics lead to a series of steps that produce war rather than peace The book differs from others in that it employs the large number of empirical findings generated in the last twenty five years as the basis of its theorizing and integrates these research findings so as to advance dramatically the scientific knowledge of war and peace      The Military In New Times James Burk, Robert J Waldman, David R Segal, Charles C Moskos, 2019-06-26 What role will armed forces play in a world that is turbulent yet no longer organized by the bipolar conflict of East and West In this volume leading experts from several disciplines assess the rapidly changing global strategic and cultural landscape examining how it will affect the responsibilities and social standing of the modern military There are provocative disagreements among the contributors especially over whether we should expect and prepare for another global war However the contributors generally agree on several broad themes that guide their analysis Arguing that the Cold War has masked basic trends that have been reshaping the international system for a long time they suggest that the sovereign states dominance of the international system is rapidly coming to an end as multinational ethnic regional and religious groups to name a few increasingly affect the course of global affairs In the absence of a clear enemy the military faces an identity crisis In the postmodern atmosphere of this multicentric global order authority is fragmented and the exercise of any one authority is subject to greater scrutiny and challenge The military has become more accepting of a variety of values life styles and attitudes toward its tasks At the same time support for the military's mission is difficult to win requiring endless justification The authors believe that the principal missions for the military in these new times are peacekeeping peacemaking and humanitarian assistance They examine the prospects for successful operations in these areas taking into account the cultural lag between world structures that favor increased multinational peacekeeping forces and individual nations that supply token resources to support such efforts This volume provides a sophisticated and thought provoking perspective on the future role

of the military in the coming decades It is sure to enrich the vigorous debate surrounding these issues      **Cold War Statesmen Confront the Bomb** John Gaddis, Philip Gordon, Ernest May, Jonathan Rosenberg, 1999-04-01 Cold War Statesmen Confront the Bomb Nuclear Diplomacy Since 1945 is a path breaking work that uses biographical techniques to test one of the most important and widely debated questions in international politics Did the advent of the nuclear bomb prevent the Third World War Many scholars and much conventional wisdom assumes that nuclear deterrence has prevented major power war since the end of the Second World War this remains a principal tenet of US strategic policy today Others challenge this assumption and argue that major war would have been obsolete even without the bomb This book tests these propositions by examining the careers of ten leading Cold War statesmen Harry S Truman John Foster Dulles Dwight D Eisenhower John F Kennedy Josef Stalin Nikita Krushchev Mao Zedong Winston Churchill Charles De Gaulle and Konrad Adenauer and asking whether they viewed war and its acceptability differently after the advent of the bomb The book s authors argue almost unanimously that nuclear weapons did have a significant effect on the thinking of these leading statesmen of the nuclear age but a dissenting epilogue from John Mueller challenges this thesis

### **Long Postwar Peace Introduction**

In today's digital age, the availability of Long Postwar Peace books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Long Postwar Peace books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Long Postwar Peace books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Long Postwar Peace versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Long Postwar Peace books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Long Postwar Peace books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Long Postwar Peace books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Long Postwar Peace books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Long Postwar Peace books and manuals for download and embark on your journey of knowledge?

### **FAQs About Long Postwar Peace Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Long Postwar Peace is one of the best book in our library for free trial. We provide copy of Long Postwar Peace in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Long Postwar Peace. Where to download Long Postwar Peace online for free? Are you looking for Long Postwar Peace PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Long Postwar Peace. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Long Postwar Peace are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download

books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Long Postwar Peace. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Long Postwar Peace To get started finding Long Postwar Peace, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Long Postwar Peace So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Long Postwar Peace. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Long Postwar Peace, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Long Postwar Peace is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Long Postwar Peace is universally compatible with any devices to read.
