Parliamentary Debates Great Britain. Parliament, 1873 The New Chancery Practice; being a condensed treatise of the practice of the Court of Chancery, etc Hubert AYCKBOURN, 1849 Alfred North Whitehead Victor Lowe, 2020-03-24

Originally published in 1985 The second volume of Victor Lowe's definitive work on Alfred North Whitehead completes the biography of one of the twentieth century's most influential yet least understood philosophers In 1910 Whitehead abruptly ended his thirty year association with Trinity College of Cambridge and moved to London The intellectual and personal restlessness that precipitated this move ultimately led Whitehead at the age of sixty three to settle in America and change the focus of his work from mathematics to philosophy Volume 2 of Alfred North Whitehead *The Man and His Work* follows Whitehead's journey to the United States and analyzes his expanding intellectual life Although Whitehead wrote philosophy based on natural science while still in London he began his most important work shortly after moving to Harvard in 1924 *Science and the Modern World* appeared in 1925 *Religion in the Making* in 1926 *Symbolism* in 1927 and *Process and Reality* in 1929 Discussing these and other important works Lowe combines scholarly analysis with valuable insights gathered from Whitehead's friends and colleagues Although Whitehead ordered that all his private papers be destroyed Lowe was given access to letters the philosopher wrote to his son North and others Never before published the letters add a new personal dimension to Whitehead's life and thought Photographs of the philosopher his family and associates provide an intimate look at a private and self-effacing man whose work has had a lasting impact on twentieth century thought

Bentham, 1840 Calcutta Weekly Notes, 1904 **The Life and Times of John Trevisa, Medieval Scholar** David C. Fowler, 2016-06-01 John Trevisa ca 1342-1402 perhaps the greatest of Middle English prose translators of Latin texts into English was almost an exact contemporary of Geoffrey Chaucer Trevisa was born in Cornwall studied at Oxford and was

instituted vicar of Berkeley a position he held until his death Over a period of thirty five years eminent medievalist David Fowler has pieced together an account of Trevisa s life and times by diligently seeking out documents bearing on his activities and translations This has resulted in a cultural history of fourteenth century England that ranges from the administrative geographical and linguistic status of Cornwall to the curriculum of medieval university education and from religious and secular conflicts to the administration of a substantial provincial household and the role of its aristocratic keepers in the Hundred Years War Fowler provides an analysis of Trevis s known translations the Gospel of Nicodemus Dialogus inter Militem et Clericum FitzRalph s Defensio Curatorum the Polychronicon De Regimine Principum and De Proprietatibus Rerum He also advances the hypothesis that Trevisa was one of the scholars responsible for the first complete translation of the scriptures into English the Wycliffite Bible An appendix contains a collection of biographical and historical references designed to illustrate Fowler s contention that Trevisa may have been responsible for the revisions of Piers the Plowman now known as the B and C texts

Bleak House Charles Dickens,2002 One of Charles Dickens s most critically admired novels this story of a monumental and life consuming court case features one of his most vast and varied casts of colorful characters InBleak House competing claims of love and inheritance complicated by murder have given rise to a costly and decades long legal battle that one litigant refers to as the family curse The insidious London fog that rises from the river Thames and seeps into the very bones of the characters symbolizes the pervasive corruption of the legal system and the society that supports it targets of Dickens s satirical wrath Displaying Dickens s familiar panoramic sweep and brilliant characters including the mysterious orphan Esther Summerson her gentle guardian John Jarndyce the haughty Lady Dedlock and the scheming lawyer Mr Tulkinghorn the novel is also a bold experimental narrative that unforgettably dramatizes our most basic human conflicts
