Mind The Gap Dr Karen Gurney,2020-03-05 This book taught me so much about female desire A must read Cherry Healey Did you know that there is an orgasm gap of around 30% between heterosexual couples when they have sex In Mind The Gap Dr Karen Gurney a clinical psychologist and certified psychosexologist explores not just this gap but the gaps in our knowledge of so much of the most important new science around sex and desire In this book you will learn that nearly everything that you ve been led to believe about female sexuality isn t actually true And that despite what you might think it is possible to simultaneously feel little to no spontaneous desire and have a happy and mutually satisfying sex life long term Exploring the mismatch between ideas about sex in our society and what the science tells us Mind The Gap also explains how this disconnect lies at the root of many of our sexual problems Combining science with case studies practical exercises and tips this is a book for anyone who wants to better understand the mechanics of desire and futureproof their sex life for life

Analysis and Modeling of Relationships Between Accidents and the Geometric and Traffic Characteristics of the Interstate System Julie Anna Fee,Stephen K. Dietz,Richard L. Beatty,1969 Principal findings of this study were that geometrics alone account for only a small portion of the variance in accidents and that no relationship could be established between fatalities and the geometrics studied The geometrics studied include several types of interchanges paved shoulders sight distance delineators surface types and other variables Mathematical models were developed which can provide estimates of the average number of accidents on a particular type of highway or interchange using the appropriate variables
