John Connell,Chris Gibson

Looka Yonder The Imaginary America Of Populist Culture:

Looka Yonder! Duncan Webster, 1988 *Americanism and Americanization* Mel van Elteren, 2006-09-28 With the current state of foreign affairs the terms Americanism and Americanization sometimes take on an unexpected and an unflattering connotation Americanism essentially involves values beliefs ideals goods and practices in local settings outside the United States that are in some way related or attributed to American influence While the validity of this influence may be under scrutiny it requires a detailed historical and sometimes cultural analysis to understand all the dynamics and implications of Americanization A variety of factors contributes to this influence including the preoccupation and reception of the relevant culture itself For instance many European countries have at times demonstrated a preoccupation with all things American which was not necessarily swayed by any action of America itself The overall actualization of Americanization however encompasses a number of societal dimensions including power differentials in the exchange processes concerned Informed by a history of relevant developments since the early nineteenth century this volume presents an in depth critical analysis of the Americanization process Beginning with a survey of early European preoccupations with things American the book goes on to discuss European concerns regarding American influence after World War II The work then looks at Americanism and its influence within the United States itself especially regarding developments during the New Deal and beyond The primary goal of the analysis is the construction of an interpretative framework allowing for a more balanced approach to the study of Americanism abroad Written from a critical social emancipatory perspective the author's approach blends economic military social political cultural and psychological dimensions as well as an examination of the ways in which these areas interact Finally Americanism is examined as part of a U S style corporate globalization at the current juncture Instructors considering this book for use in a course may request an examination copy here **Badfellas** Simon Winlow, 2020-05-25 Fights fraud and drugs racketeering regularly hit the headlines but they are just news stories for most of us For others they constitute a way of life This book uncovers a world where male identity is expressed each day through physical strength and power Focusing on professional criminals and violent men the author shows how workshop camaraderie hard physical work and criminal reputations allow for changing masculinities It is all too easy to stereotype criminals when in fact their world is complex and creative Criminal men adapt and modify their forms of gender expression to fit in with their changing economic social and cultural circumstance as do men in all walks of life Why is violence attractive to these men What motivates their crimes both planned and impulsive How do criminals themselves view their activities and their reputations and how do these reputations affect their perception of masculinity This book is the first sustained analysis of organized crime and violence to use covert research methods Far from the sensationalized memoirs of retired gangsters or the abstract discussions of scholars this book builds on first hand experiences and relationships made while working amongst bouncers and criminals The social world of professional criminals and the working environments of criminal bouncers are demystified and laid bare

The author sets individual criminal careers and experiences in the wider context of de industrialization and globalization and provides a thoughtful and stimulating addition to the fields of anthropology sociology and criminology *Not Like Us* Richard Pells, 2008-08-04 Debunking the myth of the Americanization of Europe a noted historian presents an authoritative and engrossing cultural history of how America tried to remake Europe in its own image and how the Europeans successfully retained their identity in the face of American mass culture Pells provides a new paradigm for understanding the survival of local and national cultures in a global setting *Sound Tracks* John Connell, Chris Gibson, 2003 Sound Tracks is the first comprehensive book on the new geography of popular music examining the complex links between places music and cultural identities It provides an interdisciplinary perspective on local national and global scenes from the Mersey and Icelandic sounds to world music and explores the diverse meanings of music in a range of regional contexts In a world of intensified globalisation links between space music and identity are increasingly tenuous yet places give credibility to music not least in the country and music is commonly linked to place as a stake to originality a claim to tradition and as a marketing device This book develops new perspectives on these relationships and how they are situated within cultural and geographical thought

A Handbook of Media and Communication Research Klaus Bruhn Jensen, 2013-03 This handbook covers perspectives from both the social sciences and the humanities It provides guidelines for how to think about plan and carry out studies of media in different social and cultural contexts *America Through a British Lens* James D. Stone, 2017-10-20 As the British watched their empire crumble and the United States became the dominant world power many British films warned of the dangers posed by American culture Americans were frequently portrayed as disconcertingly ambitious reckless and irreverent Yet the same films that depicted the U S as an agent of chaos also suggested Britons might do well to embrace American style energy and egalitarianism Movies like Love Actually The Quatermass Xperiment 28 Weeks Later Local Hero and Alfred Hitchcock's Secret Agent have delved into the storied special relationship between the U S and U K These films and many more examined in this first book length study of British movies about America reveal much about British attitudes regarding power gender class sexuality and emotion *Michael Jordan, Inc.* David L. Andrews, 2001-08-09 Michael Jordan Inc seeks to make sense of a celebrated figure whose public existence illuminates a late capitalist order defined by the convergence of corporate and media interests Using Michael Jordan as a vehicle for viewing the broader social economic political and technological concerns that frame contemporary culture the contributors focus on celebrity economy corporate culture identity politics and the global marketplace foundational pillars of contemporary cultural existence They provide an introduction to late capitalism's pervasive and invasive cult of celebrity examine the innovative corporate connections particularly Jordan's association with Nike largely responsible for Jordan's aggressively commodified being excavate the cultural politics imbued within the racialized and sexualized nature of Jordan's identity and demonstrate the global reach and influence that has accompanied the concerted commodification of Jordan by transnational corporations This anthology

represents both an intellectual expression of and a political commitment to the fact that Michael Jordan matters *Hicks, Tribes, and Dirty Realists* Robert Rebein, 2021-10-21 Robert Rebein argues that much literary fiction of the 1980s and 90s represents a triumphant if tortured return to questions about place and the individual that inspired the works of Hawthorne Melville Twain Faulkner and other giants of American literature Concentrating on the realist bent and regional orientation in contemporary fiction he discusses in detail the various names by which this fiction has been described including literary postmodernism minimalism Hick Chic Dirty Realism ecofeminism and more Rebein s clearly written nuanced interpretations of works by Raymond Carver Cormac McCarthy Don DeLillo Louise Erdrich Dorothy Allison Barbara Kingsolver E Annie Proulx Chris Offut and others will appeal to a wide range of readers Cultural Theory and Popular Culture John Storey, 2006 Whether used on its own or in conjunction with Cultural Theory and Popular Culture An Introduction this reader is a theoretical analytical and historical introduction to the study of popular culture within cultural studies The readings cover the culture and civilization tradition culturalism structuralism and poststructuralism Marxism feminism and postmodernism as well as current debates in the study of popular culture New to this edition Four new readings by Stuart Hall Ernesto Laclau and Chantal Mouffe Judith Butler and Savoy i ek Fully revised general and section introductions that contextualize and link the readings with key issues in Cultural Theory and Popular Culture An Introduction Fully updated bibliography Ideal for courses in cultural studies media studies communication studies sociology of culture popular culture visual studies cultural criticism Culture in Bits Gary Hall, 2002-08-01 Cultural Studies seems to have lost its way somewhere between today s preoccupation with the empirical and the theory revolutions of the 1980s and 90s Assessing the work of key theorists across the history of cultural studies Raymond Williams Stuart Hall Meaghan Morris and Angela McRobbie Culture In Bits argues that the trend towards a more politicized practice is in fact not political enough theory and deconstruction in particular can offer a more radical and a more political engagement Pinpointing the ambiguities that both constitute and disturb cultural studies and outlining a radical agenda for its future Culture in Bits is vital reading for all interested in cultural practice and theory Routledge Library Editions: Cultural Studies Various Authors, 2021-05-13 This seven volume set reissues a collection of out of print titles covering a range of responses to modern culture They include in depth analyses of US and Australian popular culture works on the media and television macrosociology and the media and otherness Taken together they provide stimulating and thought provoking debate on a wide range of topics central to many of today s cultural controversies **Media Cultures** Michael Skovmand, Kim Christian Schrøder, 2016-10-04 This book first published in 1992 challenges the elitism and cultural pessimism of much Anglo American and Continental cultural debate with regard to the role and power of transnational media practices In a series of ten innovative essays an international group of media researchers explores a wide range of cultural practices across national borders and the cultural politics associated with these everyday practices and debates **Literature and the Nation** Brook Thomas, 1998 **Star Authors** Joe

Moran,2000-02-20 In America authors are as likely to be seen on television talk shows or magazine covers as in the more traditional settings of literary festivals or book signings Is this literary celebrity just another result of dumbing down Yet another example of the mass media turning everything into entertainment Or is it a much more unstable complex phenomenon And what does the American experience tell us about the future of British literary celebrity In *Star Authors* Joe Moran shows how publishers the media and authors themselves create and disseminate literary celebrity He looks at such famous contemporary authors as Toni Morrison J D Salinger Thomas Pynchon Don DeLillo John Updike Philip Roth Kathy Acker Nicholson Baker Paul Auster and Jay McInerney Through an examination of their own work biographical information media representations and promotional material Moran illustrates the nature of modern literary celebrity He argues that authors actively negotiate their own celebrity rather than simply having it imposed upon them from reclusive authors such as Salinger and Pynchon famed for their very lack of public engagement to media friendly authors such as Updike and McInerney *Star Authors* analyses literary celebrity in the context of the historical links between literature advertising and publicity in America the economics of literary production and the cultural capital involved in the marketing and consumption of books and authors Media in a Globalized Society Stig Hjarvard,2003 Enth A mediated world the globalization of society and the role of media Stig Hjarvard Globalisation Americanisation and politicisation of media research Daniel Biltereyst Globalization and national identity in Danish television the return of the nation Henrik S ndergaard Global genre and the complexity of proximity Hanne Bruun Globalisation and localisation TV coverage of the Olympic Games in Sydney 2000 Kirsten Frandsen Beyond imagined community Transnational media and Turkish migrants in Europe Kevin Robins Miss World going Deshi addressing an Indian television audience with a global media product Norbert Wildermuth Communicating models the relevance of models for research on the worlds of the internet Spectacular Bodies Yvonne Tasker,2012-10-02 While films such as Rambo Thelma and Louise and Basic Instinct have operated as major points of cultural reference in recent years popular action cinema remains neglected within contemporary film criticism *Spectacular Bodies* unravels the complexities and pleasures of a genre often dismissed as obvious in both its pleasure and its politics arguing that these controversial films should be analysed and understood within a cinematic as well as a political context Yvonne Tasker argues that today s action cinema not only responds to the shifts in gendered sexual and racial identities which took place during the 1980s but reflects the influences of other media such as the new video culture Her detailed discussion of the homoeroticism surrounding the muscleman hero the symbolic centrality of blackness within the crime narrative and the changing status of women within the genre addresses the constitution of these identities through the shifting categories of gender class race sex sexuality and nation *Spectacular Bodies* also examines the ambivalence of supposedly secure categories of popular cinema questioning the existing terms of film criticism in this area and addressing the complex pleasures of this neglected form **Mediating Chicana/o Culture** Scott L. Baugh,2008-12-18 Mediating Chicana o Culture

Multicultural American Vernacular covers an unconventional array of topics from handkerchiefs votives and graffiti to food football and the Internet as well as cutting edge literature cinema photography and more In its cross disciplinary approach this collection makes an invaluable contribution to the scholarship on Chicana and Chicano culture and provides engaging readings for courses in race ethnic studies media studies and American studies Collected chapters critically interrogate the underlying tensions between personal expressions and public demonstrations in their ongoing negotiation of Chicana and Chicano identity Drawing on the revolutionary work of Gloria Anzaldúa Tomas Ybarra Frausto Emma Pérez Alfred Arteaga Chela Sandoval Julia Watson and Sidonie Smith the Latina Feminist Group among others chapters in this collection closely read the processes that seem built into the actions and behaviors the products the art the literature and the discourse surrounding the search for identity in the rush of our diverse 21st century existence Mediating Chicana o Culture lays bare the methods by which we define ourselves as individuals and as members of communities examining not only the message but also the medium and the methods of mediating identity and culture

The Roadhouse Comes to Britain David W. Gutzke, Michael John Law, 2017-04-20 This is the first book to examine the cultural phenomenon of the roadhouse in mid 20th century Britain and its impact on British leisure The term roadhouse was used in varied ways in the 1930s from small roadside tearooms to enormous establishments on the outskirts of major cities These roadhouses were an important component in the transformation of leisure in the 1930s and beyond reflecting the increased levels of social and physical mobility brought about by new technologies suburbanisation and the influence of American culture Roadhouses attracted wealthy Londoners excited by the prospect of a high speed run into the countryside During the day they offered family activities such as tennis archery horse riding and swimming At night they provided all the fun of the West End with dancing classy restaurants cabaret swimsuit parades and dance demonstrations subverting the licensing laws to provide all night drinking Rumours abounded of prostitution and transgressive behaviour in the car park Roadhouses formed part of an imaginary America in suburban Britain that was promoted by the popularity of American movies music and fiction providing a pastiche of the American country club While much work has been done on the Soho nightclubs of the 1930s the roadhouse has been largely ignored Michael John Law and David Gutzke fill this gap in the literature by providing a comprehensive analysis of the roadhouse s cultural meaning demonstrating how its Americanisation was interpreted for British consumers This original and engaging study will be fascinating reading for all scholars of 20th century British cultural history

Fascism and Millennial American Cinema Leighton Grist, 2018-05-31 This book examines a spate of American films released around the turn of the millennium that differently address the actuality or possibility of domestic fascism within the USA The films discussed span a diversity of forms genres and production practices and encompass low and medium budget studio and independent releases such as American History X Stir of Echoes and The Believer star and/or auteur vehicles such as The Siege Fight Club and American Beauty and high budget high concept science fiction films and franchises such as

Starship Troopers Minority Report the Matrix and X Men trilogies and the Star Wars prequels Central to the book is the detailed analysis of the films which is contextualized historically in relation to a period that saw the significant rise of the far Right The book concordantly affords a wider insight into fascism and its various manifestations and how such have been and continue to be registered within American cinema
