timely exploration of Canada's growing role in the Americas and the most pressing issues of the region. Starting with the historical scope of the bilateral relationship, the volume goes on to cover such subjects as trade engagement, democratization and security. As current and future Canadian governments embrace expanding linkages with this region, this collection fills a significant gap in scholarship on Canadian Latin American relations.

Moving up the Value Chain K R Kashyap, 2014-03-04

The book explains the way forward during 2014 and beyond for Indian IT Exporters in what the author refers to as a multi-speed global economy. The book covers several trends and industry shifts affecting Indian IT exporters from a business perspective. The primary focus is on multinational corporations (MNCs) and global banks based in the US and in Europe. The author leverages his industry experience to discuss strategies and new business models for Indian IT exporters. He also explains how the industry as well as Indian IT professionals can move up the value chain. Many topics are also relevant to India-based captive units of MNCs in the Indian IT industry. The book is in three parts. Part 1, chapters 2 to 4, introduces what the author describes as a multi-speed global economy. The theme of Part 2, chapters 5, 6, and 7, is how to get closer to global clients from a business perspective. Part 3, chapters 8 to 10, covers implications for Indian IT exporters. The topics are intended to ignite the minds of readers, especially young Indian IT professionals. This book will provide them the necessary insight to move up the value chain in the years ahead.

Look, a Negro! Robert Gooding-Williams, 2013-11-26

In *Look a Negro*, political theorist Robert Gooding-Williams imaginatively and impressively unpacks fundamental questions around race and racism. Inspired by Frantz Fanon's famous description of the profound effect of being singled out by a white child with the words "Look a Negro," his book is an insightful, rich, and unusually wide-ranging work of social criticism. These essays engage themes that have dominated debates on race and racial identity in recent years: the workings of racial ideology, including the interplay of gender and sexuality in the articulation of racial ideology; the viability of social constructionist theories of race; the significance of Afrocentrism and multiculturalism for democracy; the place of black identity in the imagination and articulation of America's inheritance of philosophy and the conceptualization of African American politics in post-segregation America. *Look a Negro* will be of interest to philosophers, political theorists, critical race theorists, students of cultural studies, and film and readers concerned with the continuing importance of race consciousness to democratic culture in the United States.
