Lords Of Limit Essay On Literature And Ideas:

The Lords of Limit Geoffrey Hill, 1984 Nine essays on such topics as Robert Southwell Ben Jonson Jonathan Swift and T H Green probe the meaning form and language of poetry Johnson, Writing, and Memory Greg Clingham, 2002-09-05 This study demonstrates the importance of memory in Samuel Johnson s work Greg Clingham argues that this concept of memory is derived from the process of historical and creative writing it is embodied in works of literature and other cultural forms He examines Johnson s writing including his biographical writing as it intersects with eighteenth century thought on literature history fiction and law and its subsequent compatibility with and resistance to modern theory *Heaven in Ordinary* David Jasper, 2018-11-29 Heaven in Ordinary is like a love affair with poetry that engages with religious questions for good or ill concerned with five poets who are haunted by God Poets in times of great faith and times of doubt have expressed for us their sense of both the presence and the absence of God in language that is sometimes almost sacramental in its weight of beauty love fear anger or despair The poets considered here all relate in some way to the traditions of Anglicanism through the centuries reflecting both a common humanity and a wide breadth of human experience as it struggles with God Heaven in Ordinary is deliberately autobiographical in approach as it is grounded in David Jasper s own lifetime experience of reading poetry since his school years and over four decades as a priest The poets he so beautifully discusses have related both positively and negatively to the Christian faith and the Anglican tradition Some are deeply religious others are haunted by God and the divine mystery Literary Englands David Gervais, 1993-10-21 The influence of Englishness loss nostalgia and exile on the work of twentieth century writers **Coleridge's Later Poetry** Morton D. Paley, 1999 The poems that Coleridge wrote after his golden period are seldom studied or anthologized Yet many of these later poems are of quality and interest addressing such universal themes as the nature of self and the experience of unrequited love Paley examines the later verse in the context of Coleridge s oeuvre He discusses its distinguishing characteristics and looks at why the poet felt he had to develop distinctively different modes of writing for these works *Jane Austen and the Morality of Conversation* Bharat Tandon, 2003 This important study investigates how Austen worked with and played upon the cracks and faultlines which time had uncovered in the ideals of polite conversation In a wide ranging argument combining intellectual history and literary stylistics Bharat Tandon explores such activities as flirtation and ventriloquism in order to show how a form of conversational morality is what Austen s novels both describe and set out to achieve **Passionate Intelligence: The Poetry of Geoffrey Hill** E.M. Knottenbelt, 2022-07-18 *Yeats as Precursor* S. Matthews, 2000-01-27 As both a late Romantic and a modern W B Yeats has proved to be perhaps the most influential poet of the early twentieth century In this original study Steven Matthews traces through close readings of significant poems the flow of Yeatsian influence across time and cultural space By engaging with the formalist criticism of Harold Bloom and Paul de Man in their dialogues with Jacques Derrida he also considers Yeats s significance as the founding presence within the major poetry criticism of the century

Ecstasy and Understanding Adrian Grafe, 2008-04-03 This collection of research explores the interaction of religious awareness and literary expression in English poetry in the late nineteenth and twentieth centuries Many different types of poetics may be seen to be at work in the period 1875 to 2005 along with various kinds of religious awareness and poetic expression Religious experience has a crucial influence on literary language and the latter is renewed by religious culture The religious dimension has been a decisive factor of modern English poetic expression of the last hundred years or so The religious and mystical dimension of poetry of the period is borne out by the focus on among other things grace and purgation the tension between time and eternity redemption and the demands of eschatology immanence and transcendence and conversion and martyrdom Chapters also explore how church practice and ritual architecture and liturgy play into the poetry of the period This volume offers a comprehensive discussion of this important but often overlooked aspect of modern English poetry

Rilke's Sonnets to Orpheus Hannah Vandegrift Eldridge, Luke Fischer, 2019-05-10 This volume sheds new light on the philosophical significance of Rilke's late masterpiece *The Sonnets to Orpheus* 1923 The volume features eight essays by philosophers literary critics and Rilke scholars which explore a number of the central themes of the Sonnets as well as the significance of their formal qualities

Narrative and Voice in Postwar Poetry Neil Roberts, 2014-05-12 Poetry in English since the Second World War has produced a number of highly original narrative works as diverse as Derek Walcott's *Omeros* Ted Hughes' *Gaudete* and Anne Stevenson's *Correspondences* At the same time poetry in general has been permeated by narrative features particularly those linguistic characteristics that Mikhail Bakhtin considered peculiar to the novel and which he termed dialogic This book examines the narrative and dialogic elements in the work of a range of poets from Britain America Ireland Australia and the Caribbean including poetry from the immediate postwar years to the contemporary and novel like narratives to personal lyrics Its unifying theme is the way in which these poets with such contrasting styles and from such varied backgrounds respond to and creatively adapt the language worlds and hence the social worlds in which they live The volume includes a detailed bibliography to assist students in further study and will be a valuable resource to undergraduate and postgraduate students of contemporary poetry

Instabilities in Contemporary British Poetry Alan Robinson, 1988-08-16 The author explores the impact on poetic practice in the 1970s and 1980s of recent theoretical developments offering a criticism of the work of Seamus Heaney and of poets including Michael Hofmann reassessing life on Mars and providing retrospective surveys of Fleur Adcock and others

Why Write Poetry? Jeannine Johnson, 2007 Poets have long been defending poetry in prose and essays by Sidney Shelley and others are a familiar and important part of the Anglo American literary tradition This book identifies and examines a related genre the verse defense of poetry which shares the same impulse that has led to the composition of prose essays namely the desire to protect poetry from its detractors and to promote its value as a vital human endeavor In the last century or so this impulse to engage questions of poetry's value in poems has become increasingly widespread and it has dominated the careers of at least five poets H D Wallace Stevens W H

Auden Adrienne Rich and Geoffrey Hill Though these poets espouse very different aesthetic principles they like many of their contemporaries have repeatedly turned to apology in their verse At first glance this seems an odd gesture given that the readers and writers of poetry are those who least need convincing of poetry's worthiness But questioning poetry in verse is a form of lyric introspection that is productive and well suited for a modern poet characterized as one of indifference defense helps these authors make a claim for poetry's cultural relevance as well as for its private profit Jeannine Johnson is a Preceptor in Expository Writing at Harvard University *Against Coercion* Eleanor Cook, 1998 This book looks at how poems work showing how they speak to historical ethical and aesthetic questions It also demonstrates how to read poetry how to go beyond an elementary approach to recover the sheer pleasure of good poems **The Objectivist Nexus** Peter Quartermain, Rachel Blau DuPlessis, 1999-07-02 Outstanding poets and critics present cultural readings of the Objectivist poets a group whose works have been largely unexamined *Romanticism: Romanticism, belief, and philosophy* Michael O'Neill, Mark Sandy, 2006 **Faith in Poetry** Michael D. Hurley, 2017-11-16 In this ambitious book Michael D Hurley explores how five great writers William Blake Alfred Tennyson Christina Rossetti Gerard Manley Hopkins and T S Eliot engaged their religious faith in poetry with a view to asking why they chose that literary form in the first place What did they believe poetry could say or do that other kinds of language or expression could not And how might poetry itself operate as a unique mode of believing These deep questions meet at the crossroads of poetics and metaphysics and the writers considered here offer different answers But these writers also collectively shed light on the interplay between literature and theology across the long nineteenth century at a time when the authority and practice of both was being fiercely reimagined

Rhythm and Will in Victorian Poetry Matthew Campbell, 1999-04-22 In *Rhythm and Will in Victorian Poetry* first published in 1999 Matthew Campbell explores the work of four Victorian poets Tennyson Browning Hopkins and Hardy as they show a consistent and innovative concern with questions of human agency and will The Victorians saw the virtues attendant upon a strong will as central to themselves and to their culture and Victorian poetry strove to find an aesthetic form to represent this sense of the human will Through close study of the metre rhyme and rhythm of a wide range of poems including monologue lyric and elegy Campbell reveals how closely technical questions of poetics are related in the work of these poets to issues of psychology ethics and social change He goes on to discuss more general questions of poetics and the implications of the achievement of the Victorian poets in a wider context from Milton through Romanticism and into contemporary critical debate
