Told by the Pioneers ... United States. Work Projects Administration. State of Washington, United States. Works Progress Administration (Wash.), 1937 To preserve stories of pioneers which had not already found their way into published histories and reminiscences of the State of Washington a project was begun in the early part of 1936 as part of a Friendly Visiting Program to elderly persons receiving old age assistance from the Washington State Dept of Public Welfare Consequently these elderly persons were interviewed and their early stories which might otherwise have been lost have been preserved as part of the pioneer lore of the State of Washington Selected interviews and excerpts were chosen by the editors based on the most picturesque background and popular appeal for publication as *Told by the Pioneers* The book states The originals interviews are on file at the State Library where they can be consulted for statistics and other data However WSL does not and has not had the complete collection of original interviews The manuscript collection titled Washington Pioneer Project Records and Interviews 1936 1937 consists of the original interviews that WSL does have that correspond with the book

Murder at the Mission Blaine Harden, 2022-04-26 Finalist for the 2022 Will Rogers Medallion Award Terrific Timothy Egan The New York Times A riveting investigation of both American myth making and the real history that lies beneath Claudio Saunt author of *Unworthy Republic* From the New York Times bestselling author of *Escape From Camp 14* a terrifically readable Los Angeles Times account of one of the most persistent alternative facts in American history the story of a missionary a tribe a massacre and a myth that shaped the American West In 1836 two missionaries and their wives were among the first Americans to cross the Rockies by covered wagon on what would become the Oregon Trail Dr Marcus Whitman and Reverend Henry Spalding were headed to present day Washington state and Idaho where they aimed to convert members of the Cayuse and Nez Perce tribes Both would fail spectacularly as missionaries But Spalding would succeed as a propagandist inventing a story that recast his friend as a hero and helped to fuel the massive westward migration that would eventually lead to the devastation of those they had purportedly set out to save As Spalding told it after uncovering a British and Catholic plot to steal the Oregon Territory from the United States Whitman undertook a heroic solo ride across the country to alert the President In fact he had traveled to Washington to save his own job Soon after his return Whitman his wife and eleven others were massacred by a group of Cayuse Though they had ample reason Whitman supported the

explosion of white migration that was encroaching on their territory and seemed to blame for a deadly measles outbreak the Cayuse were portrayed as murderous savages Five were executed This fascinating impeccably researched narrative traces the ripple effect of these events across the century that followed While the Cayuse eventually lost the vast majority of their territory thanks to the efforts of Spalding and others who turned the story to their own purposes Whitman was celebrated well into the middle of the 20th century for having saved Oregon Accounts of his heroic exploits appeared in congressional documents The New York Times and Life magazine and became a central founding myth of the Pacific Northwest Exposing the hucksterism and self interest at the root of American myth making Murder at the Mission reminds us of the cost of American expansion and of the problems that can arise when history is told only by the victors
