Los Vikingos:

Historia de los vikingos. De las invasiones a la diáspora Pierre Bauduin, 2025-06-02 En Historia de los vikingos el autor concibe la historia en el sentido originario de investigación movilizandoe interpretando todas las fuentes disponibles y no en el de narración o relato Como síntesis esta obra aborda la monumental tarea de presentar una visión de conjunto de toda una cultura su contexto sus intercambios y transformaciones en un periodo de varios siglos con el objetivo de desmitificar y clarificar uno de los fenómenos peor desmitificados comprendidos de la historia de Europa Su método es bastante revolucionario pues no se somete a la tiranía cronológica sino al desarrollo temático Bauduin deconstruye la historia de los vikingos para luego reconstruirla temáticamente como una presentación general del fenómeno vikingo y de la civilización escandinava

Los vikingos Martin Whittock, Hannah Whittock, 2019-11-01 La imagen popular de los vikingos es la de un pueblo de hombres altos y pelirrojos feroces y audaces que recorrían las costas de Europa deteniéndose únicamente para saquear monasterios y prender fuego a toda embarcación enemiga Pero los violentos vikingos del siglo VIII tres siglos más tarde eran ya cristianos que construían iglesias y las ornamentaban con cruces de oro Como ocurrió esta radical transformación y por qué Cúel fue su legado para la historia Este libro ofrece una mirada global a un periodo para muchos desconocido y con un lenguaje accesible explora su génesis su proceso de cristianización y su influencia en la Europa que hoy conocemos

El Mundo de los Vikingos Matt Hanson, 2023-12-28 Te has preguntado quienes fueron los vikingos más allá de su imagen como guerreros temibles Qué los motivaba a lanzarse a sus aventuras en los mares abiertos y desconocidos Como lograron forjar un imperio marítimo que se extendió por tierras distantes Entonces sigue leyendo Los vikingos eran verdaderos amantes de la libertad y esa fue una de las razones de su éxito Anímalo Est claro que los vikingos tienen una resonancia contemporánea ya que seguimos fascinados por las historias alrededor de estos personajes Pero vikingo es un concepto nebuloso en diferentes contextos los vikingos han sido merodeadores comerciantes fabricantes poetas exploradores demócratas estadistas o guerreros Y seguro te estarás preguntando quiénes fueron realmente para influir en la historia de Europa Bueno aquí exploramos desde la intriga de sus mitos y leyendas hasta la cotidianidad de sus asentamientos En este libro descubrirás Separando los mitos de las realidades de la era vikinga Las razones detrás de sus incursiones conquistadores y navegantes Conoce sus costumbres ritos y su construcción de una sociedad legendaria Descubre el rol de las mujeres vikingas en una sociedad predominantemente masculina Todo sobre su legado y su influencia en la cultura Y mucho más nete a este viaje y descubre la apasionante historia de los valientes guerreros del norte Desplaza hacia arriba y añade al carrito de compra

Los vikingos en la historia Logan, F. Donald, 2021-10-01 Ensayo documentado que pretende enmendar el error de pensar que los vikingos fueron unos bárbaros que amenazaron a la Europa continental Con pruebas se destaca el papel protagónico que desempeñaron en el mapa histórico de la Edad Media

Eso no estaba en mi libro de Historia de los vikingos Irene García Losquiño, 2020-06-26 Los vikingos están de moda De ello se han encargado series de

televisión y películas de superhéroes que llevan poblando la pequeña y gran pantalla en los últimos años Sin embargo poco nos han contado nuestros libros de historia sobre esta gran cultura europea Durante mucho tiempo se han concebido como una sociedad guerrera dominada por rudos hombres de naturaleza violenta que adoraban a dioses misteriosos e igual de violentos Quien abra estas páginas se dispone a encontrar una imagen bastante distinta matizada y compleja del pueblo vikingo La autora desea regalarles a los lectores una visión caleidoscópica de la vida en la Edad Vikinga presentando sorprendentes curiosidades hechos poco conocidos narrativas fantásticas y mitos escandalosos A través de la literatura la arqueología la historia o la religión este libro ofrece a quien lo lee la posibilidad de adentrarse en las caras más desconocidas y asombrosas de este pueblo Conocer algo más sobre los vikingos que le dieron su nombre a Rusia o acerca de aquellos que se asentaron en Canadá Se sorprenderán con nuevos hallazgos que revolucionan nuestro entendimiento del papel de la mujer en la sociedad así como con pinceladas de su vida familiar tales que la existencia del divorcio o la costumbre de dejar morir a sus recién nacidos a la intemperie Además conocerán a gran parte de las deidades del panteón vikingo y descubrirán que no solo Odín tiene un Valhalla o que los dioses pueden mantener aventuras amorosas con gigantes enanos y animales Leerán documentos que sitúan a miles de vikingos en toda la costa española pequeños objetos que nos hablan de una rápida expansión mundial en apenas unos años o hermosos poemas que reflejan su rica producción cultural Esta obra divulgativa presenta a la sociedad vikinga en todos sus aspectos así como la posterior utilización de su cultura para fines despreciables curiosos o cinematográficos

México Beyond 1968 Jaime M. Pensado, Enrique C. Ochoa, 2018-09-18 Mexico Beyond 1968 examines the revolutionary organizing and state repression that characterized Mexico during the 1960s and 1970s The massacre of students in Mexico City in October 1968 is often considered the defining moment of this period The authors in this volume challenge the centrality of that moment by looking at the broader story of struggle and repression across Mexico during this time Mexico Beyond 1968 complicates traditional narratives of youth radicalism and places urban and rural rebellions within the political context of the nation's Dirty Wars during this period The book illustrates how expressions of resistance developed from the ground up in different regions of Mexico including Chihuahua Guerrero Jalisco Mexico City Puebla and Nuevo Leon Movements in these regions took on a variety of forms including militant strikes land invasions cross country marches independent forums popular organizing and urban and rural guerrilla uprisings Mexico Beyond 1968 brings together leading scholars of Mexican studies today They share their original research from Mexican archives partially opened after 2000 and now closed again to scholars and they offer analysis of this rich primary source material including interviews political manifestos newspapers and human rights reports By centering on movements throughout Mexico Mexico Beyond 1968 underscores the deep rooted histories of inequality and the frustrations with a regime that monopolized power for decades It challenges the conception of the Mexican state as exceptional and underscores and refocuses the centrality of the 1968 student movement It brings to light the documents and voices of those who fought repression with revolution and asks us to rethink Mexico's place in tumultuous times Contributors Alexander Avi a Adela Cedillo A S Dillingham Luis Herr n Avila
