Finding My Virginity Richard Branson, 2017-10-10 Twenty years after his iconic memoir *Losing My Virginity* the world's ultimate entrepreneur is back with the rest of the story Richard Branson's *Losing My Virginity* shared the outrageous tale of how he built Virgin from a student magazine into one of the greatest brands in history No challenge was too daunting no opportunity too outlandish to pursue And each new adventure started with five simple words Screw it let's do it Now fifty years after starting his first business Branson shares the candid details of a lifetime of triumphs and failures and what he really thinks about his unique life and career *Finding My Virginity* is an intimate look at his never ending quest to push boundaries break rules and seek new frontiers even after launching a dozen billion dollar businesses and hundreds of other companies As he led Virgin into the new millennium Branson fearlessly expanded the brand into new categories such as mobile media fitness and banking and into every corner of the globe all while preserving its iconoclastic scrappy spirit He even brought Virgin into space with Virgin Galactic the world's first commercial spaceline *Finding My Virginity* takes us behind the scenes of the incredible brains heart and sacrifices that have gone into making private spaceflight an imminent reality even after the biggest crisis Branson has ever faced But this book is much more than a series of business adventures It's also the story of Branson's evolution from hotshot entrepreneur to passionate philanthropist and public servant via Virgin Unite's environmental and health initiatives and through the Elders a council of influential global leaders And it's the story of his personal quest to become a better son husband father and grand dude to his four grandchildren Featuring a supporting cast that includes everyone from Bill Gates to Kate Moss Nelson Mandela to Barack Obama this is the gripping account of a man who will never stop reaching for the stars in more ways than one Find out how Branson did it for the first time all over again

Losing My Virginity Richard Branson, 1999-10 Not long ago the Big Thicket of East Texas was still one of those places singular in its southernness like the Mississippi Delta or the Carolina Low Country Now its old timers and their ways are nearly gone They will not be forgotten though for in *My Grandfather's Finger* Edward Swift recalls a Big Thicket populated by family and friends as gloriously vibrant and enigmatic as the land itself From Camp Ruby to nearby Woodville and all the swamps bayous and forests in between Swift shows us a place and time so fecund with humor tragedy and good talk that in growing up there he had no choice but to become a novelist We meet among many others Mother a widowed war bride who would spring clean the inside of her house with a garden hose and Aunt Coleta childlike and always surrounded by

an entourage of kids half enchanted by her and half scared witless Then there are Uncle Frank who with self fulfilling flair would have drawn a pistol at the merest suggestion that his family was dysfunctional and of course Grandfather who lost his finger to a machete and his mind to cough medicine A mystical world of carnivals talking fiddles houses on wheels atomic bombs and total immersion baptisms Edward Swift's Big Thicket was also a world in which he was loved unconditionally and that alone makes it worth getting to know **Losing My Virginity** Richard Branson, 2009 This is the bestselling autobiography of iconic entrepreneur Sir Richard Branson featuring his take on his latest business ventures personal achievements and intrepid adventures You'll discover how Sir Richard is committed to building a better world

usual that's wrecking our planet Resources are being used up the air the sea the land are all heavily polluted The poor are getting poorer Many are dying of starvation or because they can't afford a dollar a day for life saving medicine Prophesying doom and gloom is simply not my style I think business can help fix things and create a more prosperous world for everyone I happen to believe in business because I believe that business can be a force for good By that I mean doing good is good for business Screw Business as Usual shows how easy it is for both businesses and individuals to embark on a whole new way of doing things solving major problems and turning our work into something we both love and are proud of

Intuition in Business Eugene Sadler-Smith, 2022-12-19 This book explores the science behind intuitive decision making in business and shows how people's innate capacity for intuition can be nurtured and strengthened to maximize performance We are all familiar with those perplexing situations when we think we just know without knowing how or why we know In professional life it might be the job candidate's CV that checks all the boxes but somehow doesn't stack up should we perform some due diligence and dig a little deeper In personal life it could be the apartment that we're looking to rent that just felt right the minute we walked through the front door should we trust our hunch and grab it while we can What if time is of the essence What if there isn't any more data to be had in the time available In this volume Eugene Sadler Smith examines why situations like these often leave us in a quandary and why these decisions so often leave us in two minds He reveals that metaphorically speaking we have two minds in one brain an analytical mind and an intuitive mind which sometimes come to quite different conclusions about what we ought to do in those consequential decisions that permeate our professional and personal lives Rather than thinking of our intuitive and analytical minds in constant battle with each other we might instead think of them as two information processing systems that have evolved to complement each other The main idea of this book is that our analytical mind evolved to solve whilst our intuitive mind evolved to sense Neither is infallible and our intuitions can be both flawed and marvellous at the same time

The author's clear and detailed explanation of the science behind intuition reveals how we can make intelligent use of our intuition to sense and solve our way through a world that is fast moving complex and uncertain **The Power of Words (2)** Stilovsky, Schrödinger, 2020-02-24 Literature of all kinds plays such an important place in our lives whether it's biography classics crime or poetry In this non fiction volume you will find a mine of facts which will fascinate all who love books Felix Schrödinger and Pyotr Stilovsky have compiled in this the fifth volume of the series a compendium of information that will appeal to all who love language and especially those who seek out knowledge for its own sake **Screw It, Let's Do It** Sir Richard Branson, 2011-08-04 Richard Branson is an iconic businessman In Screw It Let's Do It he shares the secrets of his success and the invaluable lessons he has learned over the course of his remarkable career As the world struggles with the twin problems of global recession and climate change Richard explains why it is up to big companies like Virgin to lead the way in finding a more holistic and environmentally friendly approach to business He also looks to the future and shares his plans for taking his business and his ideas to the next level Richard reveals the new and exciting areas into which Virgin is currently moving including biofuels and space travel and brings together all the important lessons good advice and inspirational adages that have helped him along the road to success This is a fantastic motivational business book that will help every reader achieve their own dreams **So You're an Atheist. Now What?** Yuriy Nikshych, 2015-04-01 What will everyone think once they find out that you're an atheist How will you find happiness now that you no longer believe This handbook for the newly deconverted offers support and helps readers learn to find meaning shed the emotional baggage defend your position in debates and become awesome This book is not aimed at people who are questioning their faith it doesn't aim to deconvert anyone Rather this book is designed for atheists especially those who have recently woken up to find their faith is gone You may still be getting used to your new worldview and you may still have an irrational lingering fear of hell even though you're no longer a believer The author explores the questions that may be swirling in your mind Where do atheists get their morals from How do you let go of the emotional scars of religion How do you talk to believers how can you address the most common arguments that believers might raise Most important how do you find meaning in life This book draws on the work of an army of freethinkers who came before It's a cheerful review of the atheist's problems and how to get on with life with more freedom and vigor than ever **The Definitive Job Book** Anne Watson, 2010-01-21 There are few books available which cover the full job searching application interview and negotiation process The Definitive Job Book is just that it covers every single aspect of job hunting in seven chapters Each chapter includes advice from the inside interviews with HR and recruitment specialists and I've been there too interviews with people who have successfully navigated the recruitment minefield The Definitive Job Book Is an essential reference for anyone from graduates starting out to senior executives seeking a change to the job hunting process You will need only THIS book to get the job of your dreams **The Mammoth Quiz Book** Nick Holt, 2013-08-22 A comprehensive category killer with over 6 000 varied questions on
