Lost World No 2 The End Of The Third World:

Perform or Else Jon McKenzie, 2002-09-26 Performance has become one of the key terms for the new century But what do we mean by performance In today's world it can refer to experimental art productivity in the workplace and the functionality of technological systems Do these disparate fields bear any relation to each other In Perform or Else Jon McKenzie asserts that there is a relationship cultural organisational and technological performance In this theoretical tour de force McKenzie demonstrates that all three paradigms operate together to create powerful and contradictory pressures to perform or else This is an urgent and important intervention in contemporary critical thinking It will profoundly shape our understanding of twenty first century structures of power and knowledge Fan Fiction and Copyright Aaron

Schwabach, 2016-04-15 As long as there have been fans there has been fan fiction There seems to be a fundamental human need to tell additional stories about the characters after the book series play or movie is over But developments in information technology and copyright law have put these fan stories at risk of collision with the content owners intellectual property rights Fan fiction has long been a nearly invisible form of outsider art but over the past decade it has grown exponentially in volume and in legal importance Because of its nature authorship and underground status fan fiction stands at an intersection of key issues regarding property sexuality and gender In Fan Fiction and Copyright author Aaron Schwabach examines various types of fan created content and asks whether and to what extent they are protected from liability for copyright infringement Professor Schwabach discusses examples of original and fan works from a wide range of media genres and cultures From Sherlock Holmes to Harry Potter fictional characters their authors and their fans are sympathetically yet realistically assessed Fan Fiction and Copyright looks closely at examples of three categories of disputes between authors and their fans Disputes over the fans use of copyrighted characters disputes over online publication of fiction resembling copyright work and in the case of J K Rowling and a fansite webmaster a dispute over the compiling of a reference work detailing an author's fictional universe Offering more thorough coverage of many such controversies than has ever been available elsewhere and discussing fan works from the United States Brazil China India Russia and elsewhere Fan Fiction and Copyright advances the understanding of fan fiction as transformative use and points the way toward a safe harbor for fan fiction **Sci-Fi Ultimate Collection: 160+ Space Adventures, Lost Worlds, Dystopian Novels &**

The Lost Chance in China and the Rise of Cold War Populism Stephen J. Hartnett, 2025-10-01 The Lost Chance in China and the Rise of Cold War Populism offers a rollicking retelling of the fate of America's diplomats stationed in China during World War II and the start of the Chinese Civil War documenting how their efforts to find peace in China clashed with the anti Communist network of right wing advocates known as the China Lobby Fueled by America's end of the war fury over the loss of China to Mao and the Communists the on the ground experts in Asia lost the public relations battle to Cold War populists who pushed a toxic version of public anger that built the rhetorical foundation of McCarthyism Hartnett diagnoses the moment's political battles by mapping a series of interlocking dispositions

emotion based reactions that short circuited critical thinking and empathy instead feeding strident anti Communism xenophobia and class based resentments Hartnett s masterwork offers a haunting prehistory to our contemporary moment when populism again stokes outrage and fear at the cost of nuanced international understanding
