Trauma and Forgiveness C. Fred Alford, 2014-01-09 Contrary to the view of trauma popularized by literary theorists *Trauma and Forgiveness* argues that the traumatized are capable of representing their experience and that we should therefore listen more and theorize less Using stories and case studies including testimonies from Holocaust survivors as well as the victims of ordinary trauma C. Fred Alford shows that while the traumatized are generally capable of representing their experience this does little to heal them He draws on the British Object Relations tradition in psychoanalysis to argue that forgiveness which might be expected to help heal the traumatized is generally an attempt to avoid the hard work of mourning losses that can never be made whole Forgiveness is better seen as a virtue in the classical sense a recognition of human vulnerability The book concludes with an extended case study of the essayist Jean Améry and his refusal to forgive
