Lugbara Religion Ritual And Authority Among An East African People:

Lugbara Religion John Middleton, Institut africain international, 1968 With a new introduction by Thomas Beidelman

Lugbara Religion John Middleton, 1989 *LUGBARA RELIG PB* John Middleton, 1987 **Lugbara Religion** John

Middleton, 1999 **Lugbara Religion** John Middleton, 1960 *Witchcraft and Sorcery in East Africa* John Middleton, E. H. Winter, 2013-11-05 Containing ten essays by anthropologists on the beliefs and practices associated with witches and sorcerers in Eastern Africa the chapters in this book are all based on field research and new information which is studied within its wider social context First published in 1963 **Lugbara Religion** John Middleton (Writes on economics), 1960

The African Husbandman William Allan, 2004 The African Husbandman helped a generation of scholars and officials to appreciate that Africans agricultural practices were both more complex and more malleable than was often thought Allan's work also pioneered research methods that wedded ethnographic and ecological fieldwork in ways that demonstrated the inextricable links between social arrangements environmental conditions and land use patterns If certain facets of Allan's analysis have now come under scrutiny his general tenet that to improve agricultural prospects in Africa one first has to understand it from the cultivators point of view has only been strengthened with time As long as there are individuals struggling to make sense of African agricultural productivity The African Husbandman will remain a classic *The East African Revival* Kevin Ward, 2016-03-23 From the 1930s the East African Revival influenced Christian expression in East Central Africa and around the globe This book analyses influences upon the movement and changes wrought by it in Uganda Rwanda Burundi Kenya Tanzania and Congo highlighting its impact on spirituality political discourse and culture A variety of scholarly approaches to a complex and changing phenomenon are juxtaposed with the narration of personal stories of testimony vital to spirituality and expression of the revival which give a sense of the dynamism of the movement Those yet unacquainted with the revival will find a helpful introduction to its history Those more familiar with the movement will discover new perspectives on its influence *The Individual and Community in African Traditional Religions* Theo Sundermeier, 1998 The writer has done a careful scholarly and sensitive and very positive and fair study of African religion with particular reference to the individual and community Theo Sundermeier lets Africa speak for itself and on its own terms and in its own categories The concluding chapter is a necessary reading for all who would be on mission who would seek to live the ecumenical imperative and care to ensure that the pursuit of a religion does not result in dehumanization and degradation and marginalization of the other person Rev Canon Prof John S Pobee World Council of Churches Geneva Switzerland This book treats the subject of African religions in a creative and interesting way emphasizing that these religions are genuine authentic expressions of religiosity on a par with other religions including the so called world religions The author provides an excellent account of the nature interdependence between individual community society and the natural order an interdependence which these religions symbolize and express in ritual and belief Likewise the essentially

personal nature of power as conceived in African culture is thoughtfully and interestingly analysed There are many other thought provoking ideas and interpretations in this volume including the deconstruction of the commonly held notions of the distinction between witchcraft and magic This is a most worthwhile contribution to the study of Africa s traditional religions and I am convinced all those with an interest in Africa who read it will gain much therefrom Professor Peter B Clarke Professor of the History and Sociology of Religion in the University of London at King s College and formerly Professor of African History at the University of Ibadan Nigeria Theo Sundermeier is Professor of the History of Religion and Missiology at the Ruprecht Karls Universit t Heidelberg translated by Elaine Griffiths Eleanor Jackson **Understanding Religious Sacrifice** Jeffrey Carter,2003-03-31 This volume provides a thorough introduction to the major classic and modern writings dealing with religious sacrifice Collected here are twenty five influential selections each with a brief introduction addressing the overall framework and assumptions of its author As they present different theories and examples of sacrifice these selections also discuss important concepts in religious studies such as the origin of religion totemism magic symbolism violence structuralism and ritual performance Students of comparative religion ritual studies the history of religions the anthropology of religion and theories of religion will particularly value the historical organization and thematic analyses presented in this collection **Witchcraft and a Life in the New South Africa** Isak Arnold Niehaus,2013 This biography casts new light on scholarly understandings of the connections between politics witchcraft and AIDS in South Africa *The Archaeology of People* Alisdair Whittle,2003-09-02 Alasdair Whittle s new work argues powerfully for the complexity and fluidity of life in the Neolithic through a combination of archaeological and anthropological case studies and current theoretical debate The book ranges from the sixth to the fourth millennium BC and from the Great Hungarian Plain central and western Europe and the Alpine foreland to parts of southern Britain Familiar terms such as individuals agency identity and structure are dealt with but Professor Whittle emphasises that they are too abstract to be truly useful Instead he highlights the multiple dimensions which constituted Neolithic existence the web of daily routines group and individual identities relations with animals and active but varied attitudes to the past The result is a vivid original and perceptive understanding of the early Neolithic which will offer insights to readers at every level *The Archaeology of Ancestors* Hill/Hageman,Hageman, Jon B,2016-03-23 Contributors to this landmark volume demonstrate that ancestor veneration was about much more than claiming property rights the spirits of the dead were central to domestic disputes displays of wealth and power and status relationships Case studies from China Africa Europe and Mesoamerica use the evidence of art architecture ritual and burial practices to explore the complex roles of ancestors in the past Including a comprehensive overview of nearly two hundred years of anthropological research *The Archaeology of Ancestors* reveals how and why societies remember and revere the dead Through analyses of human remains ritual deposits and historical documents contributors explain how ancestors were woven into the social fabric of the living **Black Magic, Witchcraft and**

Occultism Sajal Nag,2023-06-09 Black magic occult practices and witchcraft still evoke huge curiosity interest and amazement in the minds of people Although witchcraft in Europe has been a widely studied phenomenon black magic and occult are not yet a popular theme of academic research even though India is known as a land of magic tantra and occult The Indian State of Assam was historically feared as the land of Kamrup Kamakhya black magic witchcraft and occultic practices It was where different Tantric cults as well as other occult practices thrived The Khasi Hills are known for the practice of snake vampire worship The village of Mayong is the village where magic and occult is still practiced as a living tradition This book is one of the rarest collections where such practices are researched recorded and academically analyzed It is one of those collections where studies of all three practices of Black Magic Witchcraft and Occult are combined into one single book
