Luke Swank Modernist Photographer:

Luke Swank, Modernist Photographer Howard Bossen, 2005 Luke Swank was one of the artists championed by the highly influential Julien Levy Gallery in New York Although Swank's images share stylistic similarities with many of the modernists they also reveal his unique visual poetry His compositional exploration use of intense highlight and shadow geometric forms and lines and technical virtuosity affirm his contributions to the modernist movement and the emerging art of photography
BOOK JACKET **Luke Swank** Luke Swank, 1980 *Mina Loy, Twentieth-Century Photography, and Contemporary*

Women Poets Linda A. Kinnahan, 2017-03-16 In *Mina Loy Twentieth Century Photography and Contemporary Women Poets* Linda A Kinnahan explores the making of Mina Loy's late modernist poetics in relation to photography's ascendance by the mid twentieth century as a distinctively modern force shaping representation and perception As photography develops over the course of the century as an art form social tool and cultural force Loy's relationship to a range of photographic cultures emerging in the first half of the twentieth century suggests how we might understand not only the intriguing work of this poet but also the shaping impact of photography and new technologies of vision upon modernist poetics Framing Loy's encounters with photography through intersections of portraiture Surrealism fashion documentary and photojournalism Kinnahan draws correspondences between Loy's late poetry and visual discourses of the body urban poverty and war discerning how a visual rhetoric of gender often underlies these mappings and connections In her final chapter Kinnahan examines two contemporary poets who directly engage the camera's modern impact Kathleen Fraser and Caroline Bergvall to explore the questions posed in their work about the particular relation of the camera the photographic image and the construction of gender in the late twentieth century *Ansel Adams* Mary Street Alinder, 2014-11-04 Traces the life and career of Ansel Adams including his childhood in San Francisco his marriage and affairs his relationship with the Native Americans of Yosemite and the influences on his photography and painting of western landscapes **Wright on Exhibit** Kathryn Smith, 2022-07-12 The first history of Frank Lloyd Wright's exhibitions of his own work a practice central to his career More than one hundred exhibitions of Frank Lloyd Wright's work were mounted between 1894 and his death in 1959 Wright organized the majority of these exhibitions himself and viewed them as crucial to his self presentation as his extensive writings He used them to promote his designs appeal to new viewers and persuade his detractors Wright on Exhibit presents the first history of this neglected aspect of the architect's influential career Drawing extensively from Wright's unpublished correspondence Kathryn Smith challenges the preconceived notion of Wright as a self promoter who displayed his work in search of money clients and fame She shows how he was an artist architect projecting an avant garde program an innovator who expanded the palette of installation design as technology evolved and a social activist driven to revolutionize society through design While Wright's earliest exhibitions were largely for other architects by the 1930s he was creating public installations intended to inspire debate and change public perceptions about architecture The nature of his exhibitions

expanded with the times beyond models drawings and photographs to include more immersive tools such as slides film and even a full scale structure built especially for his 1953 retrospective at the Guggenheim Museum Placing Wright s exhibitions side by side with his writings Smith shows how integral these exhibitions were to his vision and sheds light on the broader discourse concerning architecture and modernism during the first half of the twentieth century Wright on Exhibit features color renderings photos and plans as well as a checklist of exhibitions and an illustrated catalog of extant and lost models made under Wright s supervision *Common Ground* ,2005 **Kresge Art Museum Bulletin** Kresge Art Museum,2009

A Staggering Revolution John Raeburn,2010-10-01 During the 1930s the world of photography was unsettled exciting and boisterous John Raeburn s A Staggering Revolution recreates the energy of the era by surveying photography s rich variety of innovation exploring the aesthetic and cultural achievements of its leading figures and mapping the paths their pictures blazed public s imagination While other studies of thirties photography have concentrated on the documentary work of the Farm Security Administration FSA no previous book has considered it alongside so many of the decade s other important photographic projects A Staggering Revolution includes individual chapters on Edward Steichen s celebrity portraiture Berenice Abbott s Changing New York project the Photo League s ethnography of Harlem and Edward Weston s western landscapes made under the auspices of the first Guggenheim Fellowship awarded to a photographer It also examines Margaret Bourke White s industrial and documentary pictures the collective undertakings by California s Group f 64 and the fashion magazine specialists as well as the activities of the FSA and the Photo League *American Photography* ,1927
