Luna De Enfrente Cuaderno San Martin:

Luna de enfrente Jorge Luis Borges, 1970 Obra completas de Jorge Luis Borges Fervor de Buenos Aires - Luna de enfrente - Cuaderno San Martín Jorge Luis Borges, 2023-07-06 Fervor de Buenos Aires 1923 es el primer libro que publica Borges Casi medio siglo después de lo que prefigura todo lo que haría después Este volumen suma a Fervor los dos libros que siguieron en su producción poética Luna de enfrente 1925 y Cuaderno San Martín 1929 y se propone como homenaje a su escritura y celebración de su genio En la honda noche universal que apenas contradicen los faroles una racha perdida ha ofendido las calles taciturnas como presentimiento tembloroso del amanecer horrible que ronda los arrabales desmantelados del mundo Fervor de Buenos Aires 1923 es el primer libro que publica Borges El poemario en una modesta edición de trescientos ejemplares pagada por su padre está dedicado a su madre y lleva en su tapa un grabado de su hermana Norah En el prólogo a la edición de 1969 aquella que se sigue aquí Borges dice que no reescribió el libro sino que se limitó a mitigar excesos barrocos limar asperezas y tachar sensiblerías y vaguedades al mismo tiempo afirma Para mí Fervor de Buenos Aires prefigura todo lo que haría después **Luna de enfrente ; Cuaderno San Martín** Jorge Luis Borges, 2005 Jorge Luis Borges Jason Wilson, 2006-10-02 Through the years a man peoples a space with images of provinces kingdoms mountains bays ships islands fishes rooms tools stars horses and people Shortly before his death he discovers that the patient labyrinth of lines traces the image of his own face These words inseparably marrying Jorge Luis Borges's life and work encapsulate how he interwove the two throughout his legendary career But the Borges of popular imagination is the blind lauded librarian and man of letters few biographers have explored his tumultuous early life in the streets and cafes of Buenos Aires a young man searching for his path in the world In Jorge Luis Borges Jason Wilson uncovers the young poet who wrote loved and lost with adventurous passion and he considers the later work and life of the writer who claimed he never created a character other than himself As Borges declared It's always me subtly disguised Born in Buenos Aires in 1899 Borges was a voracious reader from childhood perhaps in part because he knew he lived under an inescapable sentence of adult onset blindness inherited from his father Wilson chronicles Borges's life as he raced against time and his fated blindness charting the literary friendships love affairs and polemical writings that formed the foundation of his youth Illuminating the connections running between the biography and fictions of Borges Wilson traces the outline of this self-effacing literary figure Though in his later writings Borges would subjugate emotion to the wild play of ideas this bracing book reminds us that his works always recreated his life in subtle and delicate ways Restoring Borges to his Argentine roots Jorge Luis Borges will be an invaluable resource for all those who treasure this modern master **World Literature in Spanish** Maureen Ihrie, Salvador Oropesa, 2011-10-20 Containing roughly 850 entries about Spanish language literature throughout the world this expansive work provides coverage of the varied countries ethnicities time periods literary movements and genres of these writings Providing a thorough introduction to Spanish language literature worldwide and across time is a tall order

However World Literature in Spanish An Encyclopedia contains roughly 850 entries on both major and minor authors themes genres and topics of Spanish literature from the Middle Ages to the present day affording an amazingly comprehensive reference collection in a single work This encyclopedia describes the growing diversity within national borders the increasing interdependence among nations and the myriad impacts of Spanish literature across the globe All countries that produce literature in Spanish in Europe Africa the Americas and Asia are represented covering both canonical authors and emerging contemporary writers and trends Underrepresented writings such as texts by women writers queer and Afro Hispanic texts children s literature and works on relevant but less studied topics such as sports and nationalism also appear While writings throughout the centuries are covered those of the 20th and 21st centuries receive special consideration *The Cambridge History of Latin American Literature* Roberto Gonzalez Echevarría, Enrique Pupo-Walker, 1996-09-19 The Cambridge History of Latin American Literature is by far the most comprehensive work of its kind ever written Its three volumes cover the whole sweep of Latin American literature including Brazilian from pre Colombian times to the present and contain chapters on Latin American writing in the USA Volume 3 is devoted partly to the history of Brazilian literature from the earliest writing through the colonial period and the Portuguese language traditions of the nineteenth and twentieth centuries and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of The Cambridge History of Latin American Literature are presented These bibliographies are a unique feature of the History further enhancing its immense value as a reference work **The Poetry of the Americas** Harris Feinsod, 2017-09-08 The Poetry of the Americas offers a lively and detailed history of relations among poets in the US and Latin America spanning three decades from the Good Neighbor diplomacy of World War II through the Cold War cultural policies of the late 1960s Connecting works by Martín Adán Elizabeth Bishop Paul Blackburn Jorge Luis Borges Julia de Burgos Ernesto Cardenal Jorge Carrera Andrade Allen Ginsberg Langston Hughes José Lezama Lima Pablo Neruda Charles Olson Octavio Paz Heberto Padilla Wallace Stevens Derek Walcott William Carlos Williams and many others Feinsod reveals how poets of many nations imagined a poetry of the Americas that linked multiple cultures even as it reflected the inequities of the inter American political system This account offers a rich contextual study of the state sponsored institutions and the countercultural networks that sustained this poetry from Nelson Rockefeller s Office of the Coordinator for Inter American Affairs to the mid 1960s avant garde scene in Mexico City This innovative literary historical project enables new readings of such canonical poems as Stevens s Notes Toward a Supreme Fiction and Neruda s The Heights of Macchu Picchu but it positions these alongside lesser known poetry translations anthologies literary journals and private correspondences culled from library archives across the Americas The Poetry of the Americas thus broadens the horizons of reception and mutual influence and of formal historical and political possibility through which we encounter midcentury American poetry recasting traditional categories of U S or Latin American literature within a truly hemispheric vision **The Oxford Handbook of Jorge Luis**

Borges Oxford Handbooks,2024 The Oxford Handbook of Jorge Luis Borges contextualizes the Argentine writer Jorge Luis Borges s work for a new generation of twenty first century readers and critics Most known for his creative fictions that tackle literary questions of authorship as well as more philosophical notions such as multiverse theory Borges has captivated scholars from a variety of disciplines since his emergence on the international scene This volume shifts the emphasis to Borges s working life his writing processes his collaborations and networks and the political and cultural background of his production It also evaluates his impact on a variety of other fields ranging from political science and philosophy to media studies and mathematics

Brogan,2021-04-13 Drawn from the acclaimed New Princeton Encyclopedia of Poetry and Poetics the articles in this concise new reference book provide a complete survey of the poetic history and practice in every major national literature or cultural tradition in the world As with the parent volume which has sold over 10 000 copies since it was first published in 1993 the intended audience is general readers journalists students teachers and researchers The editor s principle of selection was balance and his goal was to embrace in a structured and reasoned way the diversity of poetry as it is known across the globe today In compiling material on 106 cultures in 92 national literatures the book gives full coverage to Indo European poetries all the major Celtic Slavic Germanic and Romance languages as well as other obscure ones such as Hittite the ancient middle Eastern poetries Hebrew Persian Sumerian and Assyro Babylonian subcontinental Indian poetries the widest linguistic diversity Asian and Pacific poetries Chinese Japanese Korean Vietnamese Mongolian and half a dozen others continental American poetries all the modern Western cultures and native Indian in North Central and South American regions and African poetries ancient and emergent oral and written

Latin American Writers on Gay and Lesbian Themes David William Foster,1994-11-07 Gay and lesbian themes in Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author s writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe
