Lying In A History Of Childbirth In America Expanded Edition

John Scheckter

Lying In A History Of Childbirth In America Expanded Edition:

Lying-in Richard W. Wertz, Dorothy C. Wertz, 1989-01-01 This lively history of childbirth begins with colonial days when childbirth was a social event and moves on to the gradual medicalization of childbirth in America as doctors forced midwives out of business and to the home birth movement of the 1980 s Widely praised when it was first published in 1977 the book has now been expanded to bring the story up to date In a new chapter and epilogue Richard and Dorothy Wertz discuss the recent focus on delivering perfect babies with its emphasis on technology prenatal testing and Caesarean sections They argue that there are many viable alternatives including out of hospital births in the search for the best birthing system Review of the first edition Highly readable extensively documented and well illustrated A welcome addition to American social history and women s studies It can also be read with profit by health planners hospital administrators consumers of health care and all those who are concerned with improving the circumstances associated with childbirth Claire Elizabeth Fox bulletin of the History of Medicine A fascinating brilliantly documented history not merely of childbirth but of men s attitudes towards women the effect of a burgeoning medical profession on our very conception of maternity and motherhood and the influence of religion on medical technology and science Thomas J Cottle Boston Globe This superb book is both an impeccably documented recitation of the chronological history of medical intervention in American childbirth and a sociological analysis of the various meanings given to childbirth by individuals interested groups and American society as a whole Barbara Howe American Journal of Sociology Richard W Wertz a builder in Westport Massachusetts is formerly an associate professor of American history at the Massachusetts Institute of Technology Dorothy C Wertz is a research professor at the School of Public Health Boston University

Blessed Events Pamela E. Klassen, 2001-10-07 Blessed Events explores how women who give birth at home use religion to make sense of their births and in turn draw on their birthing experiences to bring meaning to their lives and families Pamela Klassen introduces a surprisingly diverse group of women in their own words while also setting their birth stories within wider social political and economic contexts In doing so she emerges with a study that disrupts conventional views of both childbirth and religion by blurring assumed divisions between conservative and feminist women and by taking childbirth seriously as a religious act Most American women who have a choice give birth in a hospital and request pain medication Yet enough women choose and advocate unmedicated home birth and do so for carefully articulated reasons social resistance among them to constitute a movement Klassen investigates why women whose religious affiliations range from Old Order Amish to Reform Judaism to goddess centered spirituality defy majority opinion the medical establishment and sometimes the law to have their babies at home In considering their interpretations including their critiques of the dominant medical model of childbirth and their views on labor pain she examines the kinds of agency afforded to or denied women as they derive religious meanings from childbirth Throughout she identifies tensions and affinities between feminist and traditionalist appraisals of the symbolic meaning of birth and the power of women What does

home birth a woman centered movement working to return birth to women s control mean in practice for women s gender and religious identities Is this supreme valuing of procreation and motherhood constraining or does it open up new realms of cultural and social power for women By asking these questions while remaining cognizant of religion s significance Blessed Events challenges both feminist and traditionalist accounts of childbearing while broadening our understanding of how religion is lived in contemporary America

A History of Midwifery in the United States Helen Varney Burst, Joyce E. Thompson, 2015-11-04 Written by two of the profession s most prominent midwifery leaders this authoritative history of midwifery in the United States from the 1600s to the present is distinguished by its vast breadth and depth The book spans the historical evolution of midwives as respected autonomous health care workers and midwifery as a profession and considers the strengths weaknesses threats and opportunities for this discipline as enduring motifs throughout the text It surveys the roots of midwifery the beginnings of professional practice the founding of educational institutions and professional organizations and entry pathways into the profession Woven throughout the text are such themes as the close link between midwives and the communities in which they live their view of pregnancy and birth as normal life events their efforts to promote health and prevent illness and their dedication to being with women wherever they may be and in whatever health condition and circumstances they may be in The text examines the threats to midwifery past and present such as the increasing medicalization of childbearing care midwifery s lack of a common identity based on education and practice standards the mix of legal recognition and reimbursement issues for midwifery practice Illustrations and historical photos depict the many facets of midwifery and engaging stories provide cultural and spiritual content This is a must have for all midwives historians professional and educational institutions and all those who share a passion for the history of midwifery and women Key Features Encompasses the most authoritative and comprehensive information available about the history of midwifery in the United States Considers the strengths weaknesses threats and opportunities for midwifery Illustrated with historical photos and drawings Includes engaging stories filled with cultural and spiritual content introductory quotes to each chapter and plentiful chapter notes Written by two preeminent leaders in the field of midwifery

Cockerham, 2016-09-26 An authoritative topical and comprehensive reference to the key concepts and most important traditional and contemporary issues in medical sociology Contains 35 chapters by recognized experts in the field both established and rising young scholars Covers standard topics in the field as well as new and engaging issues such as bioterrorism bioethics and infectious disease Chapters are thematically arranged to cover the major issues of the sub discipline Global range of contributors and an international perspective

The Reader's Companion to U.S. Women's History Wilma Pearl Mankiller, 1998 Contains articles on fashion and style household workers images of women jazz and blues maternity homes Native American women Phillis Wheatley homes picture brides single women and teaching

Childbirth in a Technocratic Age , *Birth By Design* Raymond De Vries, Cecilia

Benoit, Edwin van Teijlingen, Sirpa Wrede, 2002-05-03 This collection of essays contains leading research in maternity care from Europe the United States and Canada to discuss systems of care for pregnancy and childbirth Birth By Design focuses on the practical side of good social science research This is a ground breaking work that looks not only at maternity but also the act of childbirth

The Isle of Pines, 1668 John Scheckter, 2016-03-09 A short fiction of shipwreck and discovery written by the politician Henry Neville 1620 1694 The Isle of Pines is only beginning to draw critical attention and until now no scholarly edition of the work has appeared In the first full length study of The Isle of Pines supported by the first fully critical edition John Scheckter discloses how Neville s work offers a critique of scientific discourse enacts complicated engagements of race and gender and interrogates the methods and consequences of European exploration The volume offers a new critical model for applying post colonial and postmodern examination strategies to an early modern work Scheckter argues that the structure and publication history of the fiction with its separate unreliable narrators along with its several topics shipwreck survival the founding of a new society the initial phases of European colonization are imbued with the sense of uncertainty that permeated the era

The Routledge Handbook of Religion and American Culture Chad E. Seales, 2025-03-31 The Routledge Handbook of Religion and American Culture explains where religion is made in the United States It offers essays profiling cultural sites including energy industry public life music arts and entertainment and life and death These sites organize the volume s 31 chapters demonstrating how cultural religion has been constructed and performed in specific historical and ethnographic case studies This volume offers a much needed resource for Religious Studies scholars and students interested in the study of religion and culture in the United States as well as those in American Studies Anthropology of Religion Sociology of Religion Material Culture Studies Environmental Studies and History

A Colonial Woman's Bookshelf Kevin J. Hayes, 1996 Despite major advances in women s history literary history and the history of the book the intellectual life of women in colonial America has been a largely neglected area of scholarship Kevin J Hayes draws upon an impressive array of primary materials to describe in detail the kinds of books these women read and the reasons why they read them

The book delves into Lying In A History Of Childbirth In America Expanded Edition.
