Lyndon Johnson The Tragic Self A Psychohistorical Portrait:

Lyndon Johnson H. L. Muslin, 1990-01-01 *Lyndon Johnson* Hyman L. Muslin, Thomas Jobe, 1991-03-21 **LBJ's Neglected Legacy** Robert H. Wilson, 2015-06-15 During the five full years of his presidency 1964 1968 Lyndon Johnson initiated a breathtaking array of domestic policies and programs including such landmarks as the Civil Rights Act Head Start Food Stamps Medicare and Medicaid the Immigration Reform Act the Water Quality Act the Voting Rights Act Social Security reform and Fair Housing These and other Great Society programs reformed the federal government reshaped intergovernmental relations extended the federal government's role into new public policy arenas and redefined federally protected rights of individuals to engage in the public sphere Indeed to a remarkable but largely unnoticed degree Johnson's domestic agenda continues to shape and influence current debates on major issues such as immigration health care higher education funding voting rights and clean water even though many of his specific policies and programs have been modified or in some cases dismantled since his presidency LBJ's Neglected Legacy examines the domestic policy achievements of one of America's most effective albeit controversial leaders Leading contributors from the fields of history public administration economics environmental engineering sociology and urban planning examine twelve of LBJ's key domestic accomplishments in the areas of citizenship and immigration social and economic policy science and technology and public management Their findings illustrate the enduring legacy of Johnson's determination and skill in taking advantage of overwhelming political support in the early years of his presidency to push through an extremely ambitious and innovative legislative agenda and emphasize the extraordinary range and extent of LBJ's influence on American public policy and administration *The Psychotherapy Of The Elderly Self* Hyman L. Muslin, 2013-05-24 People grow old We are terrified by the fact And this fear has translated into a pervasive neglect of the elderly across all spheres of living Now Dr Hyman Muslin steps forward to challenge the mental health field to reevaluate its perspective on this powerful human resource The book is written in the effort to dispel some of the myths of aging to highlight old age as a natural developmental phase and to delineate an effective model of observation diagnosis and therapy for working with the elderly Ultimately Dr Muslin's message is one of hope for older individuals currently in need of psychological help and for the elderly self who awaits us all *The Biography Book* Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals

The Unmaking of the Middle East Jeremy Salt, 2008 Politics government **Shame and Humiliation** Blema S. Steinberg, 1996-04-16 Steinberg focuses on the narcissistic personality identifying it as intensely self involved and preoccupied with success and recognition as a substitute for parental love She asserts that narcissistic leaders are most likely to use force when they fear being humiliated for failing to act and when they need to restore their diminished sense of self worth Providing case studies of Johnson Nixon and Eisenhower Steinberg describes the childhood maturation and career of each president documenting key personality attributes and then discusses each one s Vietnam policy in light of these traits She contends that Johnson authorized the bombing of Vietnam in part because he feared the humiliation that would come from inaction and that Nixon escalated U S intervention in Cambodia in part because of his low sense of self esteem Steinberg contrasts these two presidents with Eisenhower who was psychologically secure and was therefore able to carry out a careful and thoughtful analysis of the problem he faced in Indochina *Shame and Humiliation* reveals how personality traits affect our perception of reality and offers a powerful demonstration of the impact of psychodynamics on presidential decision making Remember the Liberty! Ernest Gallo, Ronald Kukal, Phillip Nelson, Phillip Tourney, Raymond McGovern, 2017-05-19 One of the most explosive and hidden secrets in U S history one that has never been previously told *Remember the Liberty* explores how a sitting U S president collaborated with Israeli leaders in the fomentation of a war between them and their Arab neighbors A war that would ensure a victory for Israel and include the acquisition of additional land This book will finally identify the real cause of the vicious attack on a U S Naval ship After the botched plan was executed the ship refused to sink even after being hit by a torpedo leading the attack to be cancelled and a massive cover up invoked Including severe threats for the crewmembers to keep their lips sealed That cover up is barely still in place and completely exposed Written largely by the survivors themselves the truth is finally being told with the real story revealed

LBJ: From Mastermind to "The Colossus" Phillip F. Nelson, 2014-11-04 Phillip F Nelson s new book begins where LBJ The Mastermind of the JFK Assassination left off Now president Johnson begins to push Congress to enact long dormant legislation that he had previously impeded always insisting that the timing wasn t right Nelson argues that the passage of Johnson s Great Society legislation was designed to take the focus of the nation off the assassination as well as lay the groundwork for building his own legacy Nelson also examines Johnson s plan to redirect US foreign policy within days of becoming president as he maneuvered to insert the US military into the civil war being fought in Vietnam This he thought would provide another means to achieve his goal of becoming a great wartime president In addition Nelson presents evidence to show that the Israeli attack on the USS Liberty in 1967 was arguably directed by Johnson against his own ship and the 294 sailors on board as a way to insert the US military into the Six Day War It only failed because the Liberty refused to sink Finally Nelson presents newly discovered documents from the files of Texas Ranger Clint Peoples that prove Johnson was closely involved with Billie Sol Estes and had made millions from Estes s frauds against taxpayers These papers show

linkages to Johnson's criminal behavior the very point that his other biographers ignore Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

1960: LBJ vs. JFK vs. Nixon David Pietrusza, 2018-09-04 1960 aims to take us deeper into the campaign than Theodore White's famous *The Making of the President 1960* And it does Chicago Sun Times This is award winning historian David Pietrusza's hard edged account of the 1960 presidential campaign the election that ultimately gave America Camelot and its tragic aftermath It is the story of the bare knuckle politics of the primaries the party conventions backroom dealings the unprecedented television debates the hot button issues of race religion and foreign policy and at the center of it all three future presidents Lyndon Johnson John F Kennedy and Richard Nixon Terrific Robert A Caro winner of two Pulitzer Prizes and the National Book Award A stirring hard edged political saga An outstanding reexamination Booklist 1960 provides new insights into that year's hard fought pivotal election but more than that 1960 is great storytelling a fascinating can't put it down account of how American politics really works former United States Attorney General Richard Thornburgh Essential for understanding the political forces that in many ways shaped the world we live in today David Mark author of *Going Dirty The Art of Negative Campaigning*
