Lyon Geneve:

Dangerous and Dishonest Men: The International Bankers of Louis XIV's France G. Rowlands, 2014-11-20 At the start of the eighteenth century Louis XIV needed to remit huge sums of money abroad to support his armies during the War of the Spanish Succession This book explains how international bankers moved French money across Europe and how the foreign exchange system was so overloaded by the demands of war that a massive banking crash resulted , *The School of Montaigne in Early Modern Europe* Warren Boutcher, 2017-03-09 This major two volume study offers an interdisciplinary analysis of Montaigne's Essais and their fortunes in early modern Europe and the modern western university Volume one focuses on contexts from within Montaigne's own milieu and on the ways in which his book made him a patron author or instant classic in the eyes of his editor Marie de Gournay and his promoter Justus Lipsius Volume two focuses on the reader writers across Europe who used the Essais to make their own works from corrected editions and translations in print to life writing and personal records in manuscript The two volumes work together to offer a new picture of the book's significance in literary and intellectual history Montaigne's is now usually understood to be the school of late humanism or of Pyrrhonian scepticism This study argues that the school of Montaigne potentially included everyone in early modern Europe with occasion and means to read and write for themselves and for their friends and family unconstrained by an official function or scholastic institution For the Essais were shaped by a battle that had intensified since the Reformation and that would continue through to the pre Enlightenment period It was a battle to regulate the educated individual's judgement in reading and acting upon the two books bequeathed by God to man The book of scriptures and the book of nature were becoming more accessible through print and manuscript cultures But at the same time that access was being mediated more intensively by teachers such as clerics and humanists by censors and institutions by learned authors of past and present and by commentaries and glosses upon those authors Montaigne enfranchised the unofficial reader writer with liberties of judgement offered and taken in the specific historical conditions of his era The study draws on new ways of approaching literary history through the history of the book and of reading The Essais are treated as a mobile transnational work that travelled from Bordeaux to Paris and beyond to markets in other countries from England and Switzerland to Italy and the Low Countries Close analysis of editions paratexts translations and annotated copies is informed by a distinct concept of the social context of a text The concept is derived from anthropologist Alfred Gell's notion of the art nexus the specific types of actions and agency relations mediated by works of art understood as indexes that give rise to inferences of particular kinds Throughout the two volumes the focus is on the particular nexus in which a copy an edition an extract is embedded and on the way that nexus might be described by early modern people **Bulletin** Institut national genevois, 1875 **Biodiversity Hotspot of the Western Ghats and Sri Lanka** T. Pullaiah, 2024-02-20 Biodiversity is declining at an alarming rate due to anthropogenic activities around the world This book is the first volume in the new series Biodiversity Hotspots of the World

which highlights the 36 hotspot regions of the world regions that were designated as reaping maximum benefit from preservation efforts This series is our humble attempt to document these hotspots as a conservation and preservation measure This first volume in the series focuses on the Western Ghats and Sri Lanka construed as forming a community of species because of their shared biogeographical history The volume explores the diversity and conservation efforts of the extraordinarily rich species found here including plants many of which are found nowhere else in the world forests which face tremendous population pressure and have been dramatically impacted by demands for timber and agricultural land as well as the hotspot s diverse mammals birds insects and amphibian species and more The volumes in this series will be essential resources for researchers and practitioners in the fields of conservation biology ecology and evolution **French Books III & IV (FB) (2 vols.)** Andrew Pettegree, Malcolm Walsby, 2011-10-14 French Books III IV complete a comprehensive bibliographical survey of all books published in France in the first age of print It lists over 40 000 editions printed in France in languages other than French during the fifteenth and sixteenth centuries together with bibliographical references an introduction and indexes It draws on the analysis of over 3 000 collections situated in libraries throughout the world French Books will be an invaluable research tool for all students and scholars interested in the history culture and literature of France as well as historians of the early modern book world For vols I II please go to French Vernacular Books **History of the Reformation in Europe in the Time of Calvin (Vol. 1-8)** J. H. Merle d'Aubigne, 2023-11-24 In History of the Reformation in Europe in the Time of Calvin J H Merle d Aubign meticulously chronicles the profound socio religious upheavals of 16th century Europe emphasizing the Reformation s intricate theological debates and its transformative impact on society The work is meticulously structured across eight volumes employing a narrative style that combines rigorous scholarship with a narrative flair allowing readers to grasp the complexities of the period while engaging with the vibrant personalities of reformers D Aubign situates Calvin not only as a pivotal theological figure but as a leader whose ideas resonated across Europe influencing various social and political dimensions of the Reformation movement J H Merle d Aubign a Swiss historian and Protestant theologian was deeply influenced by the religious turbulence of his time having lived through both the Reformation s aftermath and the rise of liberalism in Europe His background as a pastor instilled in him a profound commitment to theological accuracy and an understanding of the moral and spiritual struggles faced by those involved in the Reformation This personal connection to the subject matter lends a unique authenticity to his comprehensive and insightful exploration of Calvin s role This monumental work is essential for anyone seeking to comprehend the Reformation s lasting impacts and the theological debates that shaped modern Christian thought Both scholars and general readers will appreciate D Aubign s dedication to historical accuracy combined with a compelling narrative History of the Reformation in Europe in the Time of Calvin serves as an indispensable resource that not only informs but also inspires reflection on the enduring significance of religious transformation **French Vernacular Books / Livres vernaculaires français (FB) (2 vols.)**

Monter, 2012-06-20 For over four hundred years the city of Geneva has been important in Western history The character of this city steady serious erudite clannish and proud has remained virtually unchanged since Calvin s time the heroic age when she first became famous Professor Monter relates the success story of this fascinating city through a fresh synthesis of printed and archival sources In the sixteenth century Geneva succeeded in winning and maintaining her independence a feat unique in Reformation Europe Into this special environment came Calvin and his triumph was the result of a brilliant mind and an undeviating will being placed in the midst of the crude and confused surroundings of a revolutionary commune Professor Monter explores the components of Geneva s and Calvin s fame in a number of ways First he outlines the history of the city from the early sixteenth century to Calvin s death in 1564 showing the tumultuous environment of the city where Calvin worked and the means by which local opposition to Calvin dissolved He next describes the principal institutions and

social groups of Calvin's Geneva: the established church, the civil government, and the foreign refugee communities. Finally, he assesses Calvin's legacy to Geneva and discusses the workings of Calvinism after its founder's death. As a whole, Calvin's Geneva is a revealing portrait of a major city and an acute analysis of its effect on one of the most important men in the sixteenth century.
