Allies the height was the key to Adolf Hitler's last minute plans for a massive counterattack to smash through the American lines in what would become known to history as the Battle of the Bulge. Thus the stalemate surrounding Hill 400 could not continue. For Supreme Allied Commander Gen Dwight Eisenhower there was only one solution: Call in Rudder's Rangers. Of the 130 special operators who stormed, captured and held the hill that December day, only 16 remained to stagger back down its frozen slopes. The Last Hill is replete with unforgettable action and characters, a rich and detailed saga of what the survivors of the 2nd Ranger Battalion would remember as our longest day.
