## **M The Man Who Became Caravaggio:**

M Peter Robb, 2000-02-10 Recounts the life and deeds of sixteenth century artist Michaelangelo Merisi Caravaggio and provides insight into the politics art and people of the period      M Peter Robb, 1998 This work provides a biography of Caravaggio piecing together together what happened during his short brilliant violent and ill documented life It evokes early 17th century Italy and the cities where Caravaggio lived and painted in all their seething crude and dangerous colour      *The Mystery of the Rosary* Nathan D Mitchell, 2009-09-01 Ever since its appearance in Europe five centuries ago the rosary has been a widespread highly visible devotion among Roman Catholics Its popularity has persisted despite centuries of often seismic social upheaval cultural change and institutional reform In form the rosary consists of a ritually repeated sequence of prayers accompanied by meditations on episodes in the lives of Christ and Mary As a devotional object of round beads strung on cord or wire the rosary has changed very little since its introduction centuries ago Today the rosary can be found on virtually every continent and in the hands of hard line traditionalists as well as progressive Catholics It is beloved by popes professors protesters commuters on their way to work children learning their first prayers and homeless persons seeking shelter and safety Why has this particular devotional object been so ubiquitous and resilient especially in the face of Catholicism s reinvention in the Early Modern or Counter Reformation Era Nathan D Mitchell argues in lyric prose that to understand the rosary s adaptability it is essential to consider the changes Catholicism itself began to experience in the aftermath of the Reformation Unlike many other scholars of this period Mitchell argues that after the Reformation Catholicism actually became more innovative and diversified rather than retrenched and monolithic This innovation was especially evident in the sometimes subversive visual representations of sacred subjects such as in the paintings of Caravaggio and in new ways of perceiving the relation between Catholic devotion and the liturgy s ritual symbols The rosary was thus involved not only in how Catholics gave flesh to their faith but in new ways of constructing their personal and collective identity Ultimately Mitchell employs the history of the rosary and the concomitant devotion to the Virgin Mary with which it is associated as a lens through which to better understand early modern Catholic history      The Biography Book Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E s Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals

*Skullduggery* Carolyn Moynihan, 2012-04-10 Skullduggery Sweet fragrance of forbidden fruit tempts with a promise of

deceit awakening forces of a dark nature The plane was bound for Rome and the plan was to return to Italy to search for works of art It was a plan to locate certain missing paintings and smuggle them to the US To this day there are many works of art that are unaccounted for buried in old villas of Rome and in summer houses History recorded their existence for a brief moment and then they vanished Gordon Jeffries knew as much as anyone about the history of missing paintings He was consumed with theories of their whereabouts His plan to find specific works of art was to be an adventure a puzzle to be solved that promised intrigue and a battle of wits The game to be played was an obsession to possess that laid claim to his furtive quest

*Children and the Theologians* Jerome Berryman, 2009-09 The long history of children in theology is told via analysis of some twenty five theologians grouped according to six historical periods Each account examines what a particular theologian thought about children and the experience it was based upon Four themes that have shaped our attitudes about children in the church emerge from this history ambivalence ambiguity indifference and grace The result of this study is to promote a healthier church which will respect and utilize the distinctive gifts of children In so doing theologians will be better able to help clear the way for grace in the postmodern church

**Light as Experience and Imagination from Medieval to Modern Times** David S. Herrstrom, 2022-11-21 In *Light as Experience and Imagination from Medieval to Modern Times* David S Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times The true subject of the book is making sense of the individual's relationship with light rather than the investigation of light's essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions as reflected in art architecture and literature Instead of its evolution this book celebrates the complexity of our relation to light's character No individual experience of light being truer than any other
